Rusk, Couve Debate S. Viet Nam Problems

MANILA (AP) — U.S. State Secretary Dean Rusk and foreign minister Maurice Couve de Murville of France engaged in what was described as a beautiful debate on South Viet Nam this week in a closed session of the Southeast Asia Treaty Organization.

An informed U.S. source said Rusk vowed that the United States would remain in South Viet Nam until the war against Communist guerrillas there is won.

Couve de Murville was quoted as replying that France, which advocates neutrality for South Viet Nam, would be happy with a Western military victory in South Viet Nam, but added:

"If you cannot win you will have to consider a political solution."

The source said the two men presented their sides on the South Viet Nam war effectively and soberly.

AGGRESSION GOING ON

Britain's Lord Carrington joined in the discussion by saying neutralization of South Viet Nam would be a wonderful thing but not feasible with armed aggression going on, the informant said.

New Zealand's Prime Minister Keith Holyoake said his government opposed neutralization.

After recognizing Red China, the French government proposed that the West consider the neutralizing of all Southeast Asia, particularly South Viet Nam.

The proposal has met with considerable opposition in SEATO, the mutual defence organization established 10 years ago to halt the spread of communism in Southeast Asia. Besides the U.S., Britain, France and New Zealand, other members are Thailand, Australia, the Philippines and Pakistan.

Before debating with Couve de Murville, Rusk told the conference the U.S. could not completely rule out extending the war in South Viet Nam, presumably meaning to Communist North Viet Nam.

New Dem MP From Toronto Is Critical Of Colleague

OTTAWA (CP)—A New Democratic party MP turned on one of his party colleagues in the Commons Monday, sharply criticizing a speech which urged the rest of Canada to break with Quebec.

Andrew Brewin (Toronto-Greenwood) said the speech Friday by Frank Howard (Skeena) showed a defeatist attitude, not in keeping with the spirit of compromise and co-operation on which Canada was built.

He said Mr. Howard, from northern British Columbia, spoke for himself and not the party when he referred to insatiable demands from Quebec and predicted they would mean the breakup of confederation.

"No doubt he'll find some who agree with him, but I, for one, want to deplore such a defeatist view," Mr. Brewin, a Toronto lawyer, declared.

Quebec had legitimate claims in Confederation and these should be recognized by all parts of the country.

It was important, however, that concessions to provincial demands do nothing to reduce the effectiveness of the federal government's leadership in national affairs.

Speaking in the resumed budget debate, Mr. Brewin also said there is a general impression across Canada "that Parliament is floundering."

There was a great need for radical and efficient procedural changes to make Parliament work better. All party leaders should aim at rule changes to bring about a more orderly and efficient dispatch of public business.

Israeli Vessel Is In Montreal

MONTREAL (CP)—The new Israeli freighter Hadar of Haifa has arrived in Montreal and is expected to be followed by three sister ships during the current season.

Plans for the 7,500-ton freighter, built by the American-Israeli Shipping Company Ltd., were submitted to the St. Lawrence Seaway Authority before construction.

The Hadar, with a cruising speed of 18 knots, has specially re-inforced stern anchor, propellers and bow for navigation in ice.

Three sister ships, the Etrog, Eshkol and Jaffa will be identical in construction. All four vessels represent a $16,000,000 investment by the American-Israeli shipping company.

The four freighters will serve ports in Canada, the Mediterranean, Portugal, France, Italy, Spain and Israel.

Wire Tapping Draws Support

TORONTO (CP) — Donald C. MacDonald, Ontario New Democratic Party leader, says he is "almost convinced" that police should be allowed to tap telephone wires to fight organized crime.

Mr. MacDonald told a Unitarian church meeting that both the Ontario Police Commission and Attorney-General Robert Kennedy of the United States have built strong cases for limited wiretapping.

But if legislation is introduced by the Ontario government to allow such tapping, it must contain adequate safeguards to protect innocent parties, he said.

Details Given Of Canadian Bond Issue

OTTAWA (CP) — Details of a cash offering of $400,000,000 of government of Canada non-callable bonds were announced by Finance Minister Gordon.

The bonds, to be dated and delivered on May 1, 1964, include a block of $325,000,000, open as to maturity, in the form of:

—One-year, two-month bonds carrying 3½-per-cent interest due July 1, 1965, at a price of 98.90 per cent to yield about 4.47 per cent to maturity.

—Two-year, 7½-month bonds with interest of 4½ per cent due Dec. 15, 1966, at a price of 99.65 per cent to yield about 4.64 per cent to maturity.

—Five-year, two-month bonds carrying five-per-cent interest due July 1, 1969, at a price of ... per cent to yield 5.05 per cent to maturity.

The remaining $75,000,000 of the offering is in the form of 26-year, 5¼-per-cent bonds due May 1, 1990, at a price of 98⅝ per cent to yield about 5.35 per cent to maturity.

The new 4½-per-cent bonds due Dec. 15, 1966, are an addition to $250,000,000 of 4½-per-cent bonds due Dec. 15, 1966, dated Sept. 15, 1961, and Dec. 15, 1963.

The proceeds of the new offering will be used to redeem $360,000,000 of four-per-cent government of Canada bonds maturing May 1, 1964, and for general purposes.

McGill Teacher Awarded Medal

MONTREAL (CP)—Dr. James Edward Gill, chairman of McGill University's geology department, was awarded the distinguished service medal by the Canadian Institute of Mining and Metallurgy.

The award was announced at the opening of the institute's three-day annual meeting. It is given for outstanding contributions to the industry in the form of geological investigations, publications and education and training of geologists.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

The bidding:

North	East	South	West
1 NT	Pass	3 ♠	Pass
4 ♠	Pass	6 ♠	

Opening lead—nine of clubs.

They say you can't make bricks without straw, but in this day and age of miracles, you can make almost anything out of anything. At least that's what it looked like in this hand, when declarer made six spades even after the trump finesse had lost.

North - South were playing weak notrumps (12 to 14 points) and South contracted somewhat optimistically for six spades after North had opened with a notrump. Making the slam would not have been much of a job if East had had the king of spades, but South had to perform a minor miracle after West had shown up with that card.

West let a club. Declarer took it in dummy and finessed the ten of spades, losing to the king. West could find no particular reason to return a diamond (which would have defeated the contract), and he led another club.

South took the return with the ace, played three rounds of trumps, discarding a diamond from dummy, and then led a club to the queen, producing this six-card position:

North
♥ K 8 7 4
♦ A
♣ K

West
♥ Q 9 3
♦ J 6 4

East
♥ J 10 5 9
♦ K 9

South
♠ 7
♥ A 4
♦ Q 10 8

When declarer now led the king of clubs, East found himself in trouble. He could not afford to discard a diamond, because dummy would then cash the ace of diamonds after which South would take the rest of the tricks.

Nor could East afford to discard a heart, because declarer would then cash the A-K of hearts and ruff a heart to make the rest of the tricks. Actually East discarded a diamond and South played the ace of diamonds to score twelve well-earned tricks.
