France Shopping In Canada For Huge Uranium Supplies

OTTAWA (CP)—France is shopping in Canada for huge quantities of uranium for its nuclear power program and is staking claims in this country in the hope of developing its own Canadian-based uranium mines.

Informed government sources said the French Atomic Energy Commission would be the recipient of the bulk of 100,000,000 pounds of uranium oxide which Denison Mines Limited expects to sell to European customers in the next 25 years.

Such a sale would be between Denison and the European Atomic Energy Community (Euratom) made up of France, Belgium, West Germany, Italy, Luxembourg and the Netherlands. Euratom would handle the mechanics of the sale, but most of the uranium would be earmarked for France which plans to undertake an extensive nuclear power program during the next five years.

Stephen B. Roman, president of Denison, said in Toronto

First 'Churchill Fellows' To Be Selected Next Year

Yank Youth Lack Drive; British Mad

HALIFAX (CP)—An assistant English professor at Dalhousie University here said the problems of the non-Communist world's youth ranged from a complete lack of ambition in the United States to a dangerous excess of political desire in the Middle and Far East.

Dr. D. P. Varma, a native of India, told 65 students from foreign and Commonwealth countries that youth of the East are "dreamers" desiring government positions and this led to political instability and revolution.

In the U.S., "youths have lost all ambition. There is no in them. They have no ideals or anchorage."

He also told the students, guests of a Halifax service club lunch, that the youth of England are "mad." The boys wore their hair like girls, even kissed under street lamps—and the girls dressed like boys.

Young people in North America lived in a world of frustration, dating and sleeping pills. "Their temporary abode is often a lunatic asylum."

Closer to home, he said Nova Scotian youth are "spoiled by luxury and the centrally heated houses. They are not very tough and hard. They must be brought up to bear burdens."

Transplants Of Kidneys Successful

MINNEAPOLIS, Minn. (AP)—University of Minnesota hospital doctors say they have transplanted kidneys into 23 patients in the last 18 months and 13 are apparently successful operations.

Some of the kidneys used for transplants came from heart patients who died during surgery and some were from accident victims.

The kidneys were given to patients ranging in age from 8 to 53, the medical team said. Three of the patients have been using new kidneys more than a year and one patient for nearly 18 months.

Dr. Richard L. Varco, professor of surgery, told a scientific society kidney-grafting is "advanced biological study," but still highly dangerous.

REJECTS TRANSPLANTS
He said the human body rejects foreign tissues unless rejection is held off by the use of powerful drugs. Then the drugs lower the body's defence to deadly infections.

However, Dr. Robert A. Good,

To every declarer comes a time when he looks at dummy after the opening lead is made and realizes that the contract must go down. As a matter of fact, I know quite a few people who seem to have this experience all the time.

But when he comes face to face with this actually, declarer can sometimes manage to escape defeat by exercising a form of mesmerism over his opponent. Certainly deception is a legitimate tactic for him to use, and points he wins by means of deception count just

a research professor, said: "We may be on the threshold of developing much more effective drugs, as well as methods to get by with lower doses."

Dr. J. B. Aust reported that seven recent patients at the university received new kidneys directly from the bodies of five heart patients who died during surgery. The kidneys were removed while the heart patients were still on the operating table and the physicians had received permission of relatives to make the transplant after the patient has been declared dead.

TV Programs Due To End

OTTAWA (CP)—A number of CBC television programs will disappear from the listings for the next two months as the corporation aims at balancing its \$110,000,000 budget by the March 31 end of the fiscal year.

A spokesman said the youth program Time of Your Life and the variety program Some of Those Days are to be dropped
