

BLIND EN ROUTE TO PICNIC

Mr. Mercier Mullin, (left) president of the Summerside Lions Club is seen with three blind persons, part of a group of 10 from the Prince County area who were in the party, shortly before they left for Charlottetown to join others in an outing at Stanhope Beach, under the auspices of the various Lions Clubs. The cars were supplied by Alex MacDonald, Ford dealer in Summerside. Lions play a large part on P.E.I., in giving assistance to the blind.

Paving Program Is Of Keen Interest To Alberton Board

The regular meeting of the Alberton and West Prince Board of Trade last evening was addressed by Mr. R. C. Bethune of the Settlement Division of the Department of Immigration and Citizenship, Halifax. Prior to the guest speaker's address, the business of the meeting was carried out with the president, Earle Atkinson, presiding. Considerable discussion was held regarding pavement in West Prince County and a resolution was approved urging the Department of Highways to take advantage of the Federal roads to resources program. The secretary C. R. Leard was instructed to ascertain what class of pavement is to be laid between Alberton and Tignish. Several members present considered the amount of the contract too low to cover a first class paved highway. Committees were appointed to attend to aquatic sports day on July 30th with Roy Leard as chairman. On motion it was agreed to consider changing the location of aquatic sports day events to Mill River next year. A report of the annual meeting of the Maritime Provinces Boards of Trade in Charlottetown was presented by the secretary, Mr. Leard. In a most interesting and instructive address Mr. Bethune outlined some of the problems pertaining to seeking out immigrants and developing opportunities for them in this county. He asked those present to advise his department if they knew of anyone willing to employ a farm family in the area. Replying to a question he said there was definitely no discrimination against settling immigrants in Western Prince County. In closing he commended the Board for their keen interest in their community and predicted a fine future for the West Prince Board if their present high interest is maintained. A hearty vote of thanks was capably extended by Dr. L. G. Dewar.

Mrs. George Henderson, Mrs. Ivan Dawson and Mrs. Charles Green attended the W.I. annual convention held in Charlottetown last week.

Electrical Contractors Ass'n. Meets

A very successful and interesting meeting of the P.E.I. Electrical Contractors Association took place at the Town Hall at Summerside on Tuesday evening. In the absence of the President, Major Inman, through illness, Mr. Willard Burke took the chair. It was decided to again have a booth at the Exhibition during Old Home Week and final arrangements for this were made under chairmanship of Mr. Ken Bell and all active members were to take part as before. An interesting discussion took place on the use of proper size services for rural customers and the proper safety grounding for same. The supply company and the Electric Service League are co-operating in the fitting up of the booth. The meeting adjourned after a short social hour.

Ch'town Man

Mr. Duggan reviewed the highlights of the work accomplished during the year, noting in particular that progress was being made in seeking recognition of the venerable Farmers Bank of Rustico as the first Credit Union formed in North America. "Encouraging letters have been received from the Hon. Chief Justice Thane A. Campbell, Mr. Heath Macquarrie, M.P., and Dr. John T. Croteau," he said. Other reports heard during the one-day convention included those of the managing director, Leo B. Doiron, and the alternate 1957 national director, George W. Cheverie. In his report Mr. Doiron noted that the total assets of Island Credit Unions had grown by more than \$83,000 in the past year to stand now at \$1,366,271. In the past twelve months he said 480 new members had been added to the movement bringing the total to 9,514.

Credit Union

process of being built, something that is of lasting importance and worthwhile. "You are part of a great idea, a great unifying umbrella which brings together people of all creeds and colors all having the same idea - to help people help themselves," he said. RAPID GROWTH Mr. Shipe noted that in the 25 years that he has been associated with the movement, Credit Union strength has grown from some 3,400 groups to 25,000 organizations serving 12,000,000 people backed by assets of more than \$4 billion. The crying need for credit and credit devices in many sections of the world, promised even more rapid development in the future, he added. The chief objectives of the national organization were protection of the Credit Union idea, and the organization of new Credit Unions, so that people everywhere might have the "opportunity and the privilege of Credit Union service," Mr. Shipe asserted. In tracing the history of the credit union movement from its small beginning in Germany 110 years ago to its present status in the world of finance, Mr. Shipe paid tribute to two of the outstanding pioneers on this continent, Mr. Alphonse Desjardins of Quebec, and Mr. Edward A. Filene of Boston. MOVEMENT DEFINED The CUNA official defined a Credit Union as "a group of people banding together to pool their savings and make them available for loan to their fellow members." They also provide education in the democratic control and management of money, he said. Mr. Shipe was introduced to the assembly by Mr. Gilbert Gaudet St. Anthony's.

The movement bringing the total to 9,514. "For the first time in history", Mr. Doiron said, "the million mark had been reached in personal loans." The total this year was \$1,013,208, he stated. No new Credit Unions were organized during the year Mr. Doiron declared, but noted that one (Cardigan) was voluntarily dissolved; another (Kelly's Cross) had filed an instrument of dissolution; a third (St. Charles) was re-organized and a fourth (Tracadie) was in the process of re-organizing. At the conclusion of his annual report Mr. Doiron put forward the following recommendations: Credit Unions should encourage young members to assume some of the responsibility of the operation. Remote Credit Unions should consider the possibility of associating themselves with neighbouring Credit Unions or a Credit Union in a larger center to better provide services to members. DELEGATE IMPRESSED Reporting as delegate from the Island League to the international meetings of CUNA, CUNA Mutual and CUNA Supply held at Madison, Wisconsin, this summer Mr. Cheverie declared that he was impressed with the motto adopted for the 1958 meeting: "We're Building For a Better World." "This tremendous organization (CUNA)," he said, "serving Credit Unions throughout the North American Continent had broadened its vision and by unanimous resolution of the Convention extended its activities to the whole world. "To the delegates from South America, The West Indies, the Pacific Islands and Australia, this was indeed good news, for it brought them into full brotherhood with Credit Unionists on this continent. To the people of Asia and Africa whose millions plead for a better world, this positive action will bring hope that the movement will spread to their lands. "To carry this extension, the Convention was asked to approve an increase in per capita but, after long and bitter debate, this request was voted down. However, since then, and even during the Convention, League after League pledged amounts in the thousands to support the World Extension Program. INSPIRING EXAMPLE "It was an inspiring example of unselfish generosity to see these League men so concerned about the extension of the movement that they would voluntarily contribute to this worthy cause." At this convention Mr. Cheverie said the keynote address had been delivered by Dr. M. M. Coady, of Antigonish. "That grand old man in his age and illness, insisted that he be taken to Madison where he could personally put across his message of grass roots democracy and control by and for the people."

Interior Of Car Burned Out By Fire In S' Side Yesterday

The interior of a 1951 Chev. sedan, owned and driven by Nelson Dymont, O'Leary was completely destroyed yesterday afternoon when the vehicle caught fire on Upper Central Street, while Mr. Dymont was driving into Summerside.

Mr. Dymont, who was alone in the vehicle, first noticed smoke coming from the rear of the front seat. He stopped the vehicle and with the aid of a passer-by attempted to quell the fire but in vain as the flames quickly spread through the seat and dense smoke made fire fighting difficult.

The Summerside Fire Department was notified and soon subdued the flames but not until the inside was gutted. Mr. Dymont was unable to advance a reason for the fire as he stated he hadn't been smoking, and felt it couldn't have started from a cigarette butt.

Mr. And Mrs. Elmer MacLean Honored By Congregations

Mr. and Mrs. Andrew Johnston, Mr. and Mrs. Elmer MacLean opened their spacious home at Margate on Tuesday evening for a party in honor of Mr. and Mrs. Elmer MacLean of Summerside. Mr. MacLean, a dedicated lay reader, has been supplying the Margate Charge of the United Church, in the absence of a minister for the past year, and the couple by their faithful service, have won the love and respect of the people of the three congregations.

Mr. E.T. Glydon of Margate, acted as chairman, and an address on behalf of the three congregations was read by Mrs. Ray MacLeod of New London Church. A hooked rug, a gift from the New London Women's Association was presented by the president, Mrs. James Cole.

Gifts of money were made by Mr. Ralph Howard on behalf of the Margate Church, by Mr. John MacGregor on behalf of New London Church, and by Mr. Andrew Johnstone on behalf of Long River Church. Miss Joyce Clark presented a piece of copper ware on behalf of Margate Y.P.U. Mr. MacLean adequately expressed his appreciation.

Entertainment for the evening included a musical contest when Mrs. W.C. MacLeod played the autoharp, accompanying the contestants.

Grunt And Groan Artists Put On Great Program At S' Side

At the Civic Stadium, Summerside last night the grunt and groan artists put on a great show to the delight of the largest crowd of the season.

The first bout between Constant Le Brec, 190 lbs. of Quebec City and the fabulous Terry Garvin of Garden City, N.J., ended in a draw after 20 minutes of expert villainy by Garvin and almost unbearable suffering by Le Brec who was undoubtedly the people's choice.

The second bout went fifteen minutes and ten seconds before Karl Von Stroheim, 208 of Germany pinned Farmer Powell, 215 of Missouri, who was also the people's choice. The Farmer did some real barnyard strutting before being counted out.

A fracas developed at the end of this match in which the referee, Paul Richard of Moncton, was manhandled but he was able to come back for the remaining bouts.

The third event was a Donnybrook with the great Antonio taking on Le Brec, Garvin and Von Stroheim. The less said about this one the better. The car which the behemoth was supposed to lift and pull apparently was delayed in transit.

The main event was between Bernier Fortin, 230, of Quebec and Gerald Douglas, 238, of Toronto, best two of three, no time limit. The first fall was conceded by Fortin in 13 minutes. Fortin was writhing in terrible agony and could not continue. Fortin won the second fall with an airplane spin in five minutes. The deciding fall was won by Douglas in eight minutes.

Resident Of Elmsdale Dies At Age Of 81

Mrs. Seymour Thomson, a longtime resident of Elmsdale, passed away at her home there Tuesday morning. A daughter of the late George Hayward and his wife, Margaret Donald, she was the last surviving member of their family.

Born at Montrose eighty-one years ago, she came as a child with her parents to live on a farm near Elmsdale. She remained at home with her parents and it was she who cared for her elderly father and her aged and blind mother.

After her marriage to Mr. Thomson they continued to live at the Haywood homestead. While their son and daughter were quite young Mr. Thomson died of an illness which resulted from an injury. Mrs. Thomson continued to live on the farm until approximately fifteen years ago when she moved to Elmsdale village. She had enjoyed good health for a number of years and recently sustained a fractured hip.

Mrs. Thomson was a kind woman, of quiet disposition, one who had a large circle of friends, and her home was always a centre of hospitality.

She is survived by her son, Wallace, of Charlottetown and her daughter, Mrs. Fred Hardy (Beulah) of Montrose, also grandchildren.

The funeral will be from Elmsdale United Church on Friday afternoon at one o'clock, with interment in the church cemetery.
