NEW YORK

NEW YORK (AP) — Space age issues continued to decline Thursday while the over-all stock market colsed irregular.

Gains by utilities and an assortment of selected industrials were enough to give the Associated Press average an edge to the upside even though more stocks fell than rose in the list as a whole.

Late gains by the major steels also brightened the picture. Motors were mostly lower as they erased a solid array of small early gains.

Electronics, rocket fuel and missile-aircraft issues were still affected by prospects of dwindling cold war tensions expected from the Eisenhower-Khrushchev visits.

Most key stocks showed gains or losses running from fractions to about a point. Losses among pace age issues went to 4 points or so.

The Associated Press average of 60 stocks rose 10 cents to $234.40. Volume was 2,610,000 shares.

Among the Canadian issues Hudson Bay Mining and International Nickel both jumped ½ and Canadian Pacific was up ⅛. Losers included Aluminium Ltd., down ¾ and Granby Mining and Walker Gooderham, both down ⅛.

American Stock Exchange prices also presented a mixed picture. On the Canadian list Scurry Rainbow Oil went up ⅛ and Canadian Marconi dropped ⅛.

BRICK
IS YOUR BEST
PROTECTION

BECAUSE IT CAN'T BURN

Nothing can be so devastating, so tragic, or so costly as fire. When you build, remember that brick is your best protection. It takes 2000° of fire to make brick. Because they cannot burn twice, they can *stop* fire. If you want further proof, ask your insurance man. His rates are lower on brick buildings because he knows they are safer. Brick gives you added protection for yourself, your family and your property. Protect them with brick. It makes sense.

—YOU'RE SO MUCH SAFER WITH BRICK
