**COLDSPOT FULLY AUTOMATIC
12.2 CU. FT. REFRIGATOR**

Well over 1,000,000 Coldspot home freezers have already been sold... more than any other brand name in the world. Why such acceptance? Because Coldspot has already set the standard of value by giving you the most for your money, is unreservedly recognized as being your **BEST BUY** in a home freezer.

Durabond enamel exterior stays gleaming white... refuses to yellow with age. Porcelain enamel interior means you never have to worry about rust or corrosion... it's an extra that's vital; without it, rusting would become almost inevitable. Bright red warning light protects your food investment, goes out if power fails.
