SUMMARY

By THE CANADIAN PRESS Targeted — Market records best index advances of year in moderate trading. Stocks higher; steel and oils lead advance.

Currencies

MONTREAL (CP)—The U.S. dollar Monday closed at a discount of 27-32 per cent in terms of Canadian funds, up 1-32. Pound sterling 42.67s, up 1/4.

Toronto Stocks

TORONTO (CP)—The stock market churned out its best advance of the year Monday in heavy trading. Buying broke out in all sections as the rally which began late last week blossomed into full force.

The index gains in base metals were by far the best of the year. Western oils, however, managed only a three-point advance. Golds, which seldom gain more than a point in a single session, added two points.

Large gains dominated all sections. Of the 70 issues—30 industrials and golds and 15 base metals and western oils—used to compile the indices, only one lost ground.

Noranda was the leader in senior base metals with a 4 1/2-point gain. Triad added 40 cents in western oils, the best advance in the section.

Index gains: golds 2.07 to 73.38; base metals 8.31 to 218.90; western oils 3.08 to 149.33.
