

Ferry Confederation Headed For Drydock

It was learned yesterday that the MV Confederation will leave Sunday for drydock for what is expected to be a three-week overhaul.

Normal service for this time of year will be carried on by the Abegweit, and if any emergency should arise the Prince Edward Island and Scotia II are available. It was made known by CNR officials at Moncton. There will be no decrease in service from former years, nor do railway authorities foresee any difficulties.

SCHEDULE STEPPED UP
Earlier this month due to an emergency existing for refrigerators and the large amount of freight waiting to be ferried, Premier Shaw and Hon. Leo Rossier, minister of industry and natural resources, made arrangements with the Canadian National Railways, through E. F. Stephenson, area manager at Moncton, for the MV Confederation to make six daily trips each way, from Nov. 11 to Nov. 30, inclusive.

The change meant one additional round trip daily for the Confederation, and for the purpose of handling truck traffic and leaving the rail deck of the Abegweit clear to carry only refrigerators cars and general freight equipment.

Both boats handle automobile traffic on all normal trips, and the Abegweit carried an all-trucks that could be carried on the automobile deck. The only trip, up until Nov. 30, that the Abegweit planned to carry large trucks was the 7 a.m. trip from Borden.

STILL UNDER STUDY
The proposed building of a new express-freight shed at Charlottetown was still under study Douglas LaCombe, CNR public relations officer said yesterday.

An investigation has been made into the situation by railway officials during the past few months, and requirements have been studied. It is expected the report will cover the possible use of existing buildings and the need for new ones. It was intimated that the railway was anxious to improve a and brighten up its properties here in keeping with the celebrations for the Centennial year celebrations.
