CITY COUNCIL MEETING

Condensed Milk Company Exempted From Taxes

The regular monthly meeting of the City Council was held last evening. Councillor Lyons was the only absent one. Upon motion of Councillor Crabbe, John Malone was appointed pound-keeper in the place of James McKenna. A letter was read from the Charlottetown Condensed Milk Company asking that their factory building, land and premises be exempted from taxation for five years, and on motion of Councillor Horne the exemption was unanimously granted.

For the benefit of Councillor Hooper, who desired information as to the value the factory would be to the city, it was pointed out by Councillor Crabbe that nine or ten hands would be employed this winter and about twenty next summer. Recorder Hazard also explained that between \$100,000 and \$150,000 would be expended each year among the farmers in the vicinity of the town, all, or almost all of which would be spent in the city.

The City Clerk was instructed to notify the manager of the Electric Company to place the light on lower Spring Park Road in accordance with the resolution passed at the last meeting of Council.

Councillor Hooper brought up the matter of Government Pond, and moved that the City Surveyor be instructed to have the gate repaired so that the pond might be flooded and made fit for skating, the cost of such work not to exceed \$25.

The resolution gave rise to some discussion, in the course of which it was pointed out that the gate was in a dilapidated condition, and it was thought that little or nothing could be done until the Provincial Government built a new bridge. It was also pointed out that the sewer in the vicinity of the pond was not completed and would interfere with the flooding just now.

Councillors Hooper and Crabbe were appointed a committee to see if the work could be done for the amount named in the resolution, and to interview the Government regarding the bridge.

The bad state of the fire alarm system was brought before the Board by Councillor Hooper, who said there had been a good deal of complaint regarding it especially from the eastern end of ward five.

Councillor Nicholson moved that the Fire Committee be authorized to have the system repaired at a cost not exceeding \$30 before reporting to the Council.

Councillor Crabbe said the alarm was no good—it had never been a success and never would be. If he had his way he would have the poles and wires cut down and sold for junk. The only benefit from the system was the bells in the firemen's houses, and these he was favorable to keeping in repair. He moved that Councillor Nicholson have leave to withdraw his motion. This motion carried and the resolution was withdrawn.

Mayor Warburton thought the citizens should be given to understand that the system is not reliable so that when a fire breaks out the party discovering it may go at once to the nearest telephone instead of losing time with the boxes.

Councillor Crabbe promised to see that the alarms in the firemen's houses were put in order at once.

Councillor Nicholson gave notice that at the next meeting he would move that electric lights be placed at the east and west ends of Kent Street.

Councillor Horne, in reply to the request of Councillor Hooper for several pieces of plank sidewalk, said he feared it would be impossible to have any more work of this kind done this fall as the plank could not be obtained.

Meeting adjourned.

ISLAND PRIEST HONORED.

Presentation to Father McAulay, at Cambridge, Mass.

Rev. Alexander McAulay, P. P. of Morell, P. E. Island, is at present in Boston on a visit, and is the guest of Mr. and Mrs. M. Hauninger, 256 Franklin St. Cambridge. The reverend gentleman arrived on Tuesday morning, and on Wednesday evening a large number of his friends and former parishioners now resident in Boston and vicinity tendered him a reception at the above residence and presented him with an address of welcome and a purse of \$40. The address spoke of the very great pleasure afforded his many friends and former parishioners in meeting him in the land of their adoption and renewing the associations of pastor and people. It referred to the many high and noble traits which have ever endeared him to his many friends, and hoped that his visit to Boston would prove most enjoyable and beneficial.

The reverend gentleman was taken completely by surprise and made an appreciative and lengthy reply. He was pleased, he said, to meet so many of his former parishioners and friends of P. E. Island, and was gratified to know that they still cherished and remembered so well the friends and the place of their birth though now in an adopted land. He proudly referred to the many distinguished natives of Prince Edward Island now in the States as examples worthy of their emulation, and expressed his deep sense of appreciation for the handsome manner in which his friends had shown their gratitude towards him.

Before and after the presentation an excellent programme of gramophone reproductions, vocal and instrumental music, recitations, etc., was enjoyed by the large number present, and a collation was served about ten o'clock. The party broke up about midnight after singing Auld Lang Syne and wishing Father McAulay a pleasant and enjoyable visit to Boston and vicinity.

B. & A.—The monthly meeting of the B. & A. Club was held last evening and four new members taken in. No steps were taken for the amalgamation of the Anchor Club and the B. & A. Club.

ISLAND STEAMERS.—The Princess returned from Pictou about four o'clock this morning, and left Charlottetown again at seven. The Northumberland returned to Summerside during the evening, and the mail special reached Charlottetown about midnight.

DAMAGE BY THE STORM.—The windmill at St. Dunstan's College was blown down by the gale yesterday morning about nine o'clock. The tower gave way about twenty feet from the ground. It is also reported that one of the large chimneys at the new P. E. Island hospital was blown down.

BOSTON BOAT.—The Halifax arrived from Boston about half past ten this morning with two passengers, Mrs. R. Young and Peter Boudreau. She left on return to Boston this afternoon with the following passengers: Mrs. Patrick and three children, Miss Riggs, A. R. Bryan and Miss E. McNeill.

SUNDAY'S STORM.—The north shore suffered severely by the storm of Sunday night. At Harris Shore twenty-four oyster boats were driven on the beach, and almost all destroyed. The telephone wires were damaged considerably, but were soon repaired. The oil house on the east of Summerside was destroyed.

FOOTBALL.—Dalhousie and the Wanderers played another draw at Halifax on Saturday, and thus gave the championship trophy to the Navy.

The football match to have been played on the C. A. A. grounds yesterday afternoon has been postponed until Thursday, weather permitting.

HOTEL DAVIES SOLD.—Mr. J. J. Davies has disposed of the Hotel Davies and its equipment to Mr. Patrick Doherty, lately of the Queen Hotel, Sussex, N. B., who will take possession in a few days. During the time that Mr. and Mrs. Davies have been in the hotel business in Charlottetown they have given the fullest satisfaction, and Mr. Doherty, who comes highly recommended, will, it is felt, uphold the good name of the Hotel Davies. Mr. and Mrs. Davies will manage the Cliff House during the summer, as usual.

COAL ARRIVALS.—The following schooners have arrived from the Dominion Coal Company's mines in Cape Breton, with cargoes of nut, screened and run of mine coal, to Peake Bros. & Co., viz: Fanny Young, Thetis, Marian and Minnie A. In addition to the above the Dominion Coal Co.'s steamer Douglas H. Thomas arrived this morning from Lunenburg to same firm with the large Grandee in tow. The Grandee is today discharging one of the largest cargoes of coal ever landed at this port—having nearly 2,000 tons.

Checking Prescriptions

This is one of the three vital points in dispensing medicines. The FIRST of course absolute purity and reliability of the drugs used. The SECOND is accuracy. The THIRD is "checking off" and by checking we mean the one who has filled the prescription states aloud the name and quantity of the ingredients he has used.

A second person with the prescription before him, watches each separate entry as written by the physician with the view of noting errors of any kind.

In this way all possible errors are avoided.

We carefully check all prescriptions dispensed by us. We will be pleased to show you our system of keeping all prescriptions. We believe it to be the most complete in existence.
