Mrs. Brown's Case.

TORONTO, Jan. 25.—A most interesting case has come to light here, being that of Mrs. Brown, of Agnes St., who for years has suffered from Bright's Disease, the last two of which she spent in bed. Her feet were swollen so she could not walk, and being affected with paralysis she was taken to the Toronto General Hospital, where, after undergoing a lengthened treatment which did her no good, and receiving nothing in the way of consolation save a certificate that she was incurable and a permit admitting her to the Home for Incurables. Even then she did not give up hope and tried Homoeopathic treatment, but with as little results as the other. There seemed nothing left but to go to that retreat where only those who are beyond all human aid are admitted, and there wait for death to relieve her of her sufferings. She heard of that wonderful cure of Sam Murray, of Gravenhurst, by Dodd's Kidney Pills, and she decided to try them. The first week she noticed very little change, but before she had finished the second box her back began to feel easier, the swelling to leave her feet, and by the third week she could walk, something she had been unable to do for two years before. Now, after taking Dodd's Kidney Pills for two months she is so completely cured that she is about to take up school teaching again, a calling she pursued before losing her health.

Crushing—Heaven, I think, is a place of rest. She—Then you have it in your power to give me a foretaste of Heaven. He—How? She—By giving me a rest.

Mr. Henry Theakston, Secretary Y. M. C. A., Halifax, says: "I have used Putter's Emulsion for simple and obstinate cough and general debility. In every case it has given the utmost satisfaction. I recommend it as a family medicine."

First Club Youth—Have you heard of Willie Dyer? He's broke down at college. Second Club Youth—Poor fellow—over-work, I suppose? First Club Youth—No; he tried to smoke twenty bunches of cigarettes in twenty hours, on a bet.

THEY ARE SATISFACTORY.—Every body's Pills give satisfaction to the user, and that is one reason for their large sale. Try a box. Price 25c.

Mother—Is your Uncle John's wife a thorough housekeeper? Small son (just back from a visit)—I guess so. I was just uncomfortable with her as I am with you.—Good News.

Croder's Botanic Dyspepsia Syrup.

Albion, New Brunswick, Aug. 26, 1892.

The Croder's Dyspepsia Cure Co., St. John, N. B.

For five long years I suffered with the worst form of DYSPEPSIA, indigestion. I could eat nothing without getting sick. My stomach was so weak that I could not eat a single morsel of food without feeling as if I had eaten a stone. I tried all kinds of medicine, but nothing did me any good. I was so weak that I could not get up stairs without resting. I was so nervous that I could not sleep. I was so miserable that I thought of nothing but death. I was so weak that I could not do any work. I was so nervous that I was afraid to go out. I was so miserable that I thought of nothing but death. I was so weak that I could not get up stairs without resting. I was so nervous that I could not sleep. I was so miserable that I thought of nothing but death. I was so weak that I could not do any work. I was so nervous that I was afraid to go out. I was so miserable that I thought of nothing but death.

I have no faith in this because I have tried so many remedies without receiving any benefit. BUT I did try it, and thank to Croder's Dyspepsia Syrup, and its means THAT I am cured. I can truthfully say I am cured. I have no distress at my stomach, no headache, no dizzy spells, and the world looks bright to me again.

I can now eat any kind of food, when I was unable to eat anything but bread and milk in small quantities. My sleep is sound and I enjoy perfect health. I can cheerfully recommend Croder's Botanic Dyspepsia Syrup to any who are suffering from stomach trouble, in any form, and will cheerfully answer all inquiries in regard to my case.

Very respectfully, GEO. H. MCKEE.

I hereby certify that I gave said bottle of Croder's Syrup to the brother of Geo. H. McKee, and that I believe the above statement to be true.

Signed, E. W. TAYLOR, M. D.

The Telephone Company

P. E. ISLAND.

PARTIES using the Telephone would find it talking much more satisfactory if they would observe the following rules:—

1st. Speak with the mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud, and distinctly.

3rd. Place the telephone so as to cover the ear, just as if you wished to shut out all other sounds. Do not press too hard on the ear.

It is possible to talk and be heard when standing back twice the distance from the transmitter. If you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.
