CHARLOTTETOWN Business College

Writing Academy

Let these eight of practice illuminate the dark places of theory.

THOROUGHLY Progressive Practical Institution, in which young men and women are not only taught Book-keeping (final its applications to commerce) both in single and double entry, but are trained how to do, business, by actual business transactions. The students act as buyers, sellers, traders, bankers, book-keepers and accountants, in actual business operations, and the currency issued by the College Bank and the money issued from the Emporium, are used in bona fide business transactions, just the same as in mercantile and banking houses. Book-keeping in itself may be learned at home, but a knowledge of how to transact business, cannot be thus acquired. That our course system of training is eminently practical; write for testimonials from business men, and from students who are now holding lucrative and responsible positions.

SUBJECTS:
Book-keeping by single and double entry (theoretical and practical.) Actual Business Practice, Business Penmanship, Business Correspondence, Commercial Arithmetic, Commercial Law, Railroad, Steamboat, Banking, (actual practice in the College Bank) Typewriting, Shorthand and Navigation.

WATCHES

The watch trade has been rather fluctuating of late, first the price went up, after a long period of low prices, now the prices have dropped again, whether because of war or greater variety of production we cannot say, but the fact remains that you can buy from us a reliable timekeeper cheaper than ever before, in fact that there is no need to buy shoddy goods at all.

If you want a good and also the cheapest watch for the money, we recommend a good movement in a nickel case instead of a poor one in a fine looking colored case that will only wear a very short time.

Soliciting a share of you patronage, we remain,
Yours respectfully,

HALIFAX WAR NEWS.

Intense Interest in the Struggle Between Death and Dodd's Kidney Pills.

DODD'S KIDNEY PILLS ARE ALWAYS VICTORIOUS—KIDNEY DISEASE IS POWERLESS AGAINST THEM—THEY HAVE SAVED THE LIVES OF THOUSANDS.

HALIFAX, N. S., May 28.—The war between the United States and Spain excites a good deal of interest here, as so many of Queen Victoria's soldiers and sailor laddies are stationed here.

But that struggle is dwarfed into insignificance beside another conflict between the forces of Life and of Death. Everybody, soldiers, sailors and civilians, are interested, vitally interested, in this contest.

In the first-named war, the victory is to the side that destroys the greater number of lives. In the latter the victory is won by saving life. Under the banner of Death, the strongest force is Kidney Disease, that afflicts thousands of people and causes nine out of every ten deaths yearly.

Fighting under the banner of Life are Dodd's Kidney Pills, the only agency in the world that can overcome the deadly kidney complaints.

Victory is therefore always on the side of Dodd's Kidney Pills.

In the springtime, when the vital forces are dull, weak and languid, Kidney Disease reaps a rich harvest of victims for death, unless Dodd's Kidney Pills be used.

The wise man, the careful loving mother, uses Dodd's Kidney Pills, and so restores the shattered nerves, purifies the impoverished blood, and builds up a hale and lusty strength that defies the attacks of Bright's Disease, Diabetes, Dropsy, Lumbago, Rheumatism, Female Complaints, and all other Kidney Diseases.

Dodd's Kidney Pills are sold by all druggists and general dealers at fifty cents a box, six boxes \$2.50, or sent, on receipt of price, by The Dodds Medicine Co., Limited, Toronto, Ont.

MRS. THOMAS CARLYLE.

One Occasion When the Clever Woman Was Surprised and Confounded.

The brightest time for Mrs. Carlyle's talk was during dinner. Day after day she poured forth witty stories, most of which I have almost forgotten, but in any case it would be desecration to attempt to repeat almost any of them. The characteristics of living men and women were often dashed off in a few pithy words, not without satirical touches. George Henry Lewes was not one of her favorites, but I noted with pleasure the way in which she spoke of the wonderful transformation effected by the influence on him of George Eliot.

One of her experiences was when visiting a shoemaker's shop to make a purchase, at the time when sandaled shoes were worn, like those represented in the original illustrations of Dickens. The sandals were of black ribbon, uncut until the shoes were worn by the purchaser at home. Mrs. Carlyle tried on many shoes, and each time that a shoe proved unsuitable she unconsciously slung it on to her left arm. Being at last suited, and having paid her bill, she left the shop, and had walked a little way when she heard a shout behind her. Looking back she saw the shoeman running after her, much excited and insisting on her returning the stolen shoes. Looking down, she saw to her surprise a number of shoes dangling from her arm. The man indignantly asked her name and address. Her astonishment was such that her name was obliterated for a time from her memory and all she could recollect was her maiden name, "Miss Welsh." The humor in this tale was enhanced to those who knew her from its being so much out of keeping with her usual shrewdness and self-possession that no one could have predicted it of her.

Her death scene, a year later, when "Mr. Silvester," as she named her coachman, during a drive, turned and looked into the carriage—surprised at receiving no orders as to route—and saw her sitting, lifeless, with a pet dog on her knee, has often risen to my thoughts.

My strongest impression was of the deep mutual love evidently subsisting between Mrs. Carlyle and her husband. Every subject we discussed seemed to recall thoughts of him. If the piano were opened, his song of the "blue day" was referred to or asked for; if any literary man were mentioned, his opinion of him was given, or a story was told showing his relation to other men of note. I felt as if listening to the love talk of a youthful engaged couple, and when, in later days, Froude opened up a floodgate of misunderstanding I felt assured there was a radical misconception of the true state of affairs.—New York Independent.

USE NO LATHER.

Chinese Shave Frequently With a Wet Towel to Soften the Face.

Considering that the inhabitants of the middle kingdom use the razor more than any other nation in the world, it is passing strange that they never discovered the advantages of lathering first, says the Windsor Magazine. Dabbing a warm wet cloth on the chin or the scalp is a poor substitute for soap. Hair cutting, as we practice it in the west, is to them "all unknown," except in a few localities where foreigners are numerous. A traveler when in the province of Kwantung sent for a man to shear his locks, and he began nibbling away at his scalp without troubling about such a trifling as a comb. At the third snip the man stopped him and asked him if he had ever cut a foreigner's hair before. Oh, yes. When was that? Oh, last year, when he cut the hair of a German customs officer who had died.

But in the matter of shaving there are few more deft—considering the latherless way he does it and the fact that he uses a little three cornered soft iron knife as a razor—than the Chinese figaro. Was not the chief of all his tribe ennobled by an emperor ages back for dexterously cleaving a mosquito that had settled on the imperial nose? One advantage gained by patronizing the Chinese barber—in the case of Europeans—is he doesn't mind coming to your room every morning and shaving you before you wash and dress. But the native also generally waits to be rased before washing, even if he has to wait a week.

FIRING AT THE MOON.

No More Useless Than Trying to Cure Dyspepsia

WITHOUT DODD'S DYSPESPIA TABLETS—THEY CANNOT FAIL—BECAUSE THEY REMOVE THE CAUSE OF DISEASE.

The world's most expert marksman cannot hit the face in the moon. Everybody knows this, and no one would be so foolish as to waste time and ammunition trying to do so.

But thousands of people spend years of time and hundreds of dollars in attempts to do what is especially impossible—cure Dyspepsia, Indigestion, Biliousness, etc., without Dodd's Dyspepsia Tablets.

Dyspepsia, Indigestion, Biliousness, etc., are caused by undigested food lying rotting in the stomach.

The stomach is too weak to digest it. Dodd's Dyspepsia Tablets digest the food they strengthen the stomach.

Isn't it plain, then they must cure Dyspepsia, Indigestion, Biliousness, etc.?

If you find a stream overflowing its banks, and flooding the country in the dry season, you know that the current has been "dammed up."

Remove the dam and the waters return to their course, the overflow ceases.

It's exactly the same with Dyspepsia, Indigestion, Biliousness, etc.

Remove the cause and the disease disappears. Dodd's Dyspepsia Tablets remove the cause by digesting the food, just as you stop the flooding of the stream by removing the dam. The effect is equally positive in both cases.

Dodd's Dyspepsia Tablets are sold by all druggists at fifty cents a box, six boxes \$2.50, or sent, on receipt of price, by The Dodd Medicine Co., Limited, Toronto.

APPALLING DEATH

From Kidney Disease Prevented by Dodd's Kidney Pills, Only.

"Kidney Disease." Do you know what it means? It means that the kidneys are either rotten, or rotting; the blood is full of poisonous, death-dealing corruption; that the Kidneys can't do their work; that the victim is a walking charnel-house; that his hours are numbered; that the victim must take Dodd's Kidney Pills if he does not want to die.

Have you Kidney Disease? Is your skin hot and dry; memory failing; breath short; urine, reddish, or pale colored; does it scald when passing; is your appetite changeable; do your ankles swell; have you bitter taste in the mouth on getting up mornings; is there a brick-dust deposit in your urine?

Any of these signs is proof positive of Kidney Disease. Will you be cured, or will you die? Dodd's Kidney Pills are the only means on earth that will cure you. They never fail.
