### Mr. McLean's Speech Continued

#### THE CASE OF MR. PINEAU RE- CEIVES ATTENTION.

#### Mr. McKinnon Sets Himself Right Regarding Dr. Conroy.

Mr. McLean then pointed out that the House met with thirteen members on either side. Since then an addition has been made which gave the Government a majority of one, and it is said that this addition was obtained by questionable means, that the hon. member for Tignish was bought holus bolus. He (Mr. McLean) could show by Pineau's own hand-writing that this was the case. The Government had to buy some one, and he thought he could prove that Pineau received a consideration for his support from the Local Government and also received the promise of a further consideration from the Dominion. To support this statement he proposed to read affidavits made by reputable men with whom Pineau was in communication and to whom he freely opened his mind. The affidavit of William Callaghan is as follows:

I, William Callaghan, of Ebbesfleet Prince County, Province of Prince Edward Island, farmer, do solemnly declare that on or about the 9th February last, Henry J. Pineau, M. L. A., of Ebbesfleet, called on me and said that he wished to speak to me on an important matter and wanted my advice. He stated to me that he was approached by Dr. Wickham, of Tignish, and was offered that if he would accept, that he, Mr. Pineau, could get the appointment of Commissioner to the Paris Exposition with the pay of \$5 per day and all expenses. He further stated that Dr. Wickham told him that he would have to go to Charlottetown to see Premier Farquharson who would direct him to the Deputy Minister of Public Works, Ottawa, for further instructions. I told him he was adopting a dangerous course and better mind what he was about and go to Tignish and see his friends, which he promised to do. He said that it would be a great thing for him to see his own country, France. I afterwards saw Mr. Pineau. He told me that he had a letter in his pocket and his appointment was all right, to date from the 15th April to 1st December, 1900. And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

WILLIAM CALLAGHAN.

Declared before me at Ebbesfleet, Prince County, Province of Prince Edward Island, this 23rd day of May, A. D., 1900.

CHARLES DALTON,  
J. P. for Prince County

This is a direct charge made by one of his own constituents and a personal friend at that time. Mr. Pineau betrayed the trust of his friends. It is said that gentlemen went to Ottawa; indeed there is no doubt about it. He came to Charlottetown before he went to Ottawa. The strong inference is that he had a conference with the premier. Since Mr. Pineau does not deny that he sold himself for \$5 a day this House must assume that he did so. Here is another affidavit:

I, Jerome Perry, of Ebbesfleet, Prince County, Prince Edward Island, fisherman, do solemnly declare that on or about the sixth day of February last, I went to the house of Henry J. Pineau, M. L. A., on business. When at his place, he, Pineau, told me that Dr. Wickham, of Tignish, was to see him on the previous day and offered him that if he would accept him, Wickham was authorized to offer him the appointment of Commissioner from this Island to the Paris Exposition at a salary of \$5 per day, and all expenses paid. He asked me what I thought of this offer, as he said he had been to see Mr. William Callaghan for his advice and would like to have my opinion also. I told him I did not approve of it, as he was elected by us to go to the House of Assembly and oppose the Government and not to sell our rights by taking offers of this kind. He said nothing further, and I went to my house. And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

JEROME PERRY.

Witness—Edward Hackett.

Declared before me at Tignish, Prince County, Prince Edward Island this 23rd day of May, A. D., 1900.

Mr. Pineau, rising to a point of order. The hon. gentleman said I sold myself to go to Paris. But I am not in Paris. Am I not here. Therefore the statement is not true.

these words should be withdrawn or the statements must be proved.

Mr. Campbell claimed that Mr. McLean was perfectly in order. His statement was backed up by the sworn statements of reputable men.

Mr. McLean, resuming his remarks, pointed out that the British Parliament is a judicial body. The Parliament of Canada has the power to try members. If a member acts in a disreputable manner it is the duty of this House to try him. Mr. McLean here submitted a third affidavit as follows:—

I, James W. Shea, of Waterford, Lot 1, Prince County, Prince Edward Island, farmer and lobster-packer, do hereby solemnly declare that on or about the 13th

May, inst., I was in conversation with Henry J. Pineau, M. P. P., and he stated to me that he expected to get from the Liberal party in Charlottetown, for his support, the sum of \$2,000. He also said, that he had asked of them that amount before leaving Charlottetown on the previous Friday and they told him they were to meet Monday, and they would let him know on his return back to Charlottetown. I have not heard since from Mr. Pineau, and cannot now say how the matter has been arranged, and I make this solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

JAMES W. SHEA.

Declared before me at Waterford, in Prince County, Province of Prince Edward Island, the 25th day of May, A. D., 1900.

CHARLES DALTON,  
J. P. for Prince County

The natural inference that Mr. Pineau received the \$2,000.

Mr. Pineau rose to a point of order. He said that the last time he was up went he was approached by Mr. Shaw who told him there was \$2,000 for him from the Conservatives if he did not get it from the Liberals.

Mr. McLean pointed out that Mr. Shea was a man of standing in the community in which he resided, and his affidavit was in the highest degree reliable. Mr. Pineau is telling about town that he was not in Ottawa at all. But he could prove that he had been in Ottawa by a letter over his own signature, which he proposed to read to the House.

The Speaker said the letter was not in order; that a letter reflecting on the character of a member could not be read in the House. The question of a supply to Her Majesty was before the House.

Mr. McLean said it was his intention to show why they should not go into supply, to point out that there was one member present who had no right to a seat.

Hon. Mr. Sinclair thought the hon member was out of order. There was a committee of privileges whose duty it was to decide these matters.

Mr. McLean said he did not propose to sit down by direction of the Government or the hon. member from Springton. He had a letter from Pineau.

Mr. Peters arose to a point of order and objected to the reading of the letter.

Mr. McLean—The letter is dated at Ottawa on the 5th March.

Mr. Peters said supposing there was a petition hanging over Mr. McLean's head did it follow that he was not entitled to sit in the House?

Mr. Shaw pointed out that the Speaker allowed letters that were unsigned to be read in the House two years ago. These

letters reflected on him (Mr. S.) and on his wife.

Mr. McLean then made another attempt to read the letter from Pineau, and the Speaker again declared it out of order.

Mr. Birch pointed out that the Leader said he wanted the fullest investigation. But now that the Opposition were doing a little investigating they would not allow it.

Mr. Shaw thought the matter should be probed to the bottom.

Hon. Mr. Gordon said he believed the Speaker wished to do what was right. A few years ago a charge was made in the Dominion House that Sir John Macdonald had been bought. Did the Speaker rule that this was a matter that was not to come before the House? He did not. Sir John listened to the charge and when it had been made rose in his place and said, "Those hands are clean." Will the hon. member for Tignish do this? The Speaker of this Assembly has a precedent in this.

The Speaker.—That was sworn evidence.

Mr. McLean pointed out that the affidavits he had read reflected on the political character of the hon. member for Tignish and on the Government. If he could not get the letter read now he would move for a committee of privileges.

Several points of order were then taken upon the matter of privileges and the reading of the letter, and when the clock struck six the matter was still under discussion.

THURSDAY, May 31.

House met at 10.30.  
After routine business Mr. M. McKinnon rose to a question of privilege. He said: In yesterday's Patriot I notice an

editorial headed a "A Base Insinuation," in which the editor of that paper willfully and knowingly misrepresents me. We are indebted to the newspapers for the publication of the doings of the House, but I think when a newspaper man comes into this House and then publishes the most false and malicious report of the proceedings he should be brought to the bar to answer for his conduct. In dealing with my speech on the budget the Patriot says I stated that Dr. Conroy was a Dominion official and believed the lash was held over him in the preparing of the report." Mr. Speaker, that is not correct. I pointed out that Dr. Conroy held office under the Liberal Government, and (Continued on page 8.)
