IN MEMORIAM

WILSON — In loving memory of a dear husband and father Fred Wilson, who departed this life June 18th, 1960.
I often sit and think of you
And think of how you died,
To think you could not say goodbye
Before you closed your eyes.
The blow was hard, the shock severe
I never thought your death so near
But only those who have lost can tell
The pain of parting without farewell
Lovingly remembered by wife and family.

STEAD — In loving memory of my dear husband Brenton Stead who passed away June 18, 1958.
You have journeyed on before me
But it's only for a while.
How I miss your loving kindness
And your sweet and loving smile.
But I know you are waiting
At the gateway bright and fair
And will greet me some glad morning
As I join you over there.
Always remembered by your wife Marjorie.

STEAD — In loving memory of our dad Brenton Stead who passed away June 18, 1958.
We think of you today dear dad,
As we have done so often,
And feel once more the sudden blow
That does not seem to soften.
You could not say good-bye to us,
Perhaps it was just as well.
We never could have said goodbye,
To a dad we loved so well.
Lovingly remembered and sadly missed by daughters Isabel and Brenda.

MATHESON — In fond and loving memory of my dear father John Matheson who passed away June 17, 1960.
We do not need a special day
To bring you to our mind.
The day we do not think of you
Are very hard to find.
No matter where we wander.
No matter what we do,
We will always have a moment
To stop and think of you.
Sadly missed by daughter Annie, son-in-law Allister.

SELLAR — In Loving memory of my darling mother, Mrs. Robert James Sellar, Wheatley River, who passed away June 18, 1962.
Beautiful memories are all I have left,
Of a wonderful mother I shall never forget,
Every day I think of you, mother,
For in my heart I hold,
A mother far beyond compare
And worth her weight in gold.
God gave me the very best
That heaven had to give.
Ever loved and remembered by her only daughter, Lucy Fern.

FIRE RAGES

SQUAMISH, B.C. (CP) — A forest fire that has spread over an estimated 500 acres, encircling more than a dozen summer cottages, was still not contained Monday 15 miles north of this Howe Sound town. Eighty men, including loggers recruited for the fire lines, have been battling the blaze almost without rest since it sprang up Sunday in timber stocks on a logging claim.

Increase Seen In Steel Prices After Contract

CLEVELAND (AP) — Steel magazine says there may be more selective price increases in the U.S. steel industry after agreement is reached on a new steel labor contract.

'Unless terms of the steel labor settlement are no 'reasonable' that producers can anticipate offsetting the added costs via productivity improvements, buyers can expect another round of price increases," Steel predicts. "Chances are that steelmakers will move selectively on products they didn't touch in April. It won't be surprising if they boost their quotations on bars and plates."

The trade publication says second-quarter steel shipments are shaping up better than expected and that the quarter will be the best three-month period in this respect since 1960, when buyers were rebuilding inventories after the long steel strike.

"Although incoming orders have dropped sharply in the last few weeks," Steel reports, "shipments have been steady."

The anticipated settlement of steel labor negotiations in Pittsburgh will trigger some adjustments but will have little impact on June shipments, Steel says.

The forecast is that June steel shipments may match the estimated 8,000,000 tons shipped in May. The second-quarter total was forecast at 23,000,000 tons, which would top the first-quarter total by 5,000,000 tons.

The magazine says steel production this week will be less than the estimated 2,480,000 tons produced last week. The production rate is about 81 per cent of unofficial capacity, the slowest since mid-April, it adds.

Steel's price composite no No. 1 heavy-melting grade of steelmaking scrap held at $25.83 (U.S.) a gross ton last week.

Halifax Bridges Estimates Given

DARTMOUTH, N.S. (CP) — The Halifax-Dartmouth Bridge Commission has been advised that it would cost $33,000,000 to build a two-mile long three-lane bridge linking Halifax and Dartmouth by way of George's Island and another $7,000,000 to erect a complementary bridge over the Northwest Arm of Halifax harbor.

It was also reliably learned that study on a third harbor bridge costing an estimated $10,000,000 to be built across the harbor narrows in about 15 years was recommended.

COOL AND WET IS FORECAST FOR MONTH

Below or much below temperatures, combined with heavy precipitation is the weather in store for the Atlantic Provinces area of Canada for the mid-June to mid-July period, the United States weather bureau says in its 30-day forecast. Temperatures will be above normal over most of Western Canada. And the warm weather will be coupled with light precipitation from western Quebec to northwestern B.C. (CP Newsmap)
