Barn Burned By Lightning At Garfield

At about five o'clock standard time last evening a barn belonging to William N. Ross of Garfield was struck by lightning and was burned to the ground. Mr. Ross lost all his hay which was stacked in the barn. The fire equipment from Ross' Mill was able to save the other farm buildings and the dwelling.
The storm was not particularly severe. There were no other reports of damage.

Eisenhower Expresses Joy Airmen Being Released

By J. W. Davis
WASHINGTON (AP)—President Eisenhower Monday expressed the relief and joy of Americans that 11 U.S. airmen held in Red China since 1953 "are at last to be released."

The men, sentenced to prison by Communist judges as spies, are to be turned loose Thursday in Hong Kong, the Chinese announced.

While Eisenhower singled out Dag Hammarskjold, secretary-general of the United Nations, as particularly deserving of credit, State Secretary Dulles put in a word for Eisenhower himself.

"The patient course which the president has advocated and which the country has adopted, has brought about the desired result," Dulles said in a statement.

Senator William Knowland (Rep. Calif.), the Senate Republican leader who has been demanding stringent measures to win the men's freedom, including a blockade of the China coast if necessary—issued a statement saying:

"ILLEGALLY HELD"
"The American people will welcome home the 11 American airmen not as pardoned criminals, as stated by the Peiping radio, but as honored members of our air force who have been illegally held by the Chinese Communists in flagrant violation of the Korean armistice."

The text of Eisenhower's statement: "The entire country will feel a sense of relief and joy with the announcement that the 11 airmen held in Communist China since 1953 are at last to be released."

"Our first thoughts go to the men and their families who have been separated for so long. The government will use every appropriate facility to assure the speedy reunion of these families."

THANKS HAMMARSKJOLD
"The United States extends thanks to all who have contributed to this humanitarian effort, particularly to the United Nations and its secretary-general, who actively sought this result on behalf of the United Nations command in which we are participating."

Reds Conciliatory Private Chinese U.S. Talks Open

By LYNN HINZLERLING
GENEVA (AP)—Communist China informed the United States Monday she has released 11 American airmen held more than two years as spies. The fliers left Peiping Sunday on their way home and will arrive in Hong Kong Thursday, the Chinese said.

The announcement opened private talks between the United States and Red China on ways to ease tensions in the Far East.

The news first was broadcast by Peiping radio and then announced here formally by Wang Ping-Nan, Red Chinese ambassador to Poland. The American representative in the talks, U. Alexis Johnson, ambassador to Czechoslovakia, expressed gratification at the news.

Johnson and Wang also reached quick agreement on an agenda for their talks. The two items, proposed by Wang, cover the return of civilians of China and the United States to their respective countries and "other practical matters at issue."

The first item involves some 40 Americans still held in Red China and an indefinite number of Chinese students the Communists say are prevented by the United States from returning to the China mainland. The United States says the Chinese students are free to go.

The Red Chinese announcement on the release of the airmen made no mention of the two men given the stiffest sentences by the Red court. Both are U.S. Army civilian employees. One was given a life term, the other 20 years. The 11 airmen had been sentenced to terms of four to 10 years on spy charges after being shot down on what the United States called a routine leaflet mission over North Korea Jan. 12, 1953.

The two civilians unmentioned by the Chinese announcement were John T. Downey, 24, of New Britain, Conn., sentenced to life imprisonment, and Richard G. Feeleau, 27, of Lynn, Mass., sentenced to 20 years. Both were aboard the plane shot down Nov. 29, 1952.

The Chinese claimed Lt. Col. John Knox Arnold, commander of the plane, testified his wing was attached to the American intelligence service.

Officials in Washington said in advance of this Geneva meeting that the attitude of Red China on the detained American fliers would determine the scope of the talks.

Ambassador Wang and ambassador Johnson met for 45 minutes in their first meeting of the conference, whose primary purpose was to discuss the release of Americans in China. The two met again today.

Commenting on the release of the fliers, ambassador Wang said: "I hope that this measure taken by the Chinese government will have favorable effects on our present talks."

The ambassadors, in a closed meeting in the Palace of Nations, European headquarters of the United Nations, apparently agreed other matters would not be taken up until they had disposed of the problem of detaining civilians.

Two Killed In N. B. Accident

BATHURST, N.B. (CP)—Two men were killed and two others were seriously injured when a car rammed into the back of a parked truck here Monday.

The names of the victims have not been released pending notification of next of kin. Both were stationed at the nearby Chatham air force base.

In hospital are Harvey Levenstein, an airman from Chatham and William Guitard of Jacques River, N.B. Both are in serious condition. Levenstein was riding in the car while Guitard was in the back of the truck.

No inquest will be held.
