Elimination pulls commencing first night, July 15, final pull Saturday, July 18. Door prize each night. Miscellaneous Band in attendance first night. Admission each night 10 cents. L-5977-7-14-21.

Tuxis Shutout Jack's Juniors

Presbyterian Tuxis sprang a big surprise in the Junior league last evening by riding roughshod over the winners of the first section with a 7-0 shutout. Pounding out 8 hits to their opponents the Tuxis look like big threats in future games. Overconfidence in the Junior camp manifested by listless play and terrible base running in the opening innings was the downfall of the losers. Captain Dave Larkin for Jack's Juniors got his team's sole hit, a double and a single in four trips to the plate.

Roy Arsenault on the mound for the Tuxis was unbeatible, striking out nine batters and helping out his cause by batting out 2 long doubles. Brewer at second base for the winners played a great game handling four hard chances without an error.

The League would like to thank Dr. J. A. MacMurdo for a very thoughtful donation of two baseballs which came as a great boon to the league's meagre supply of these ever scarce articles.

Earned runs, Tuxis 5, Jack's Juniors 0; doubles, Harkness 1, Larkin 1, Phillips 1, Arsenault 2; struck out by Arsenault 9, by Doods 4, by Sheen 0; double plays Harkness to Brewer; base on balls, Baker, Brewer, Crossman.

Umpire R. Clow, base judges, J. Wilson, H. Durant, scorer C. Ward.

S'side Vs. Dodgers This Evening

This evening Summerside again entertains the Charlottetown Dodgers at the school diamond. Thus far in the season the Dodgers have split games with the Pioneers, have defeated the Red Wings in the only engagement between the two teams and have tied and defeated the All Stars in their two previous meetings. On the strength of this record a good game may be looked for this evening. The probable pitchers for Summerside are Durant and Wilson while Robin is expected to toss them up for Charlottetown.

ST. ELEANORA'S PRIMARY DEPT.

Honor roll of St. Eleanora's Primary Department for the year ending June, 1936:
Grade V—1, Lena Mills; 2, Margaret Hunt; 3, Austen Holland.

Grade II (a)—1, Albert Mills; 2, Margaret Martin; 3, Norma Rhodes.
Grade II (b)—1, Blanche Murray; 2, Stanley Green.
Grade I (a)—1, Hilda MacDougall; 2, Mary Phillips.
Grade I (b)—1, Lawrence MacDougall; 2, Arthur Holland; 3, Vernon Moise.
Perfect attendance—Mary Crosby, F. Dorothy MacMurdo—Teacher.

Mr. Charles Perry is Seriously Injured

Mr. Charles Perry was very seriously injured on Sunday night, when the car in which he was riding turned over in the ditch. Mr. Perry was brought to the Prince County Hospital. A piece of steel bar pierced his neck just below the jaw, coming out at the other side. He is resting as comfortably as possible. The car was driven by Mr. Shea and was proceeding along the Kildare road leading to the south west shore. As the result of a flat tire the car skidded into the ditch and overturned, badly wrecking the car. There were five occupants but Mr. Perry was the only one injured. S.

WORK AT GOVT. POND TO BEGIN IS DECISION

(Continued from Page 1)

work is practically completed. The work was delayed for a time waiting for the pipe.

The Breastwork Project

Yesterday the second shift was completed, he said. He found that only 25 men were all that could be used although he would have liked to use more to give as many as possible work. He suggested that the project at Government Pond should be started at once to give work to another shift.

It was difficult compiling the lists of men for work but he was doing all in his power to do his very best, he declared. Only one man got more than two shifts on the breastwork. The one exception a man who had three shifts was due to a mistake in names and it would be rectified. Some complained that certain men have had three, four or five shifts. They forgot that there are street and other works carried on by the city which they may not know about. The division of work was as fair as it was possible to have it, he told the meeting.

Traffic Problem

Coun. Heath McIntyre in submitting his police report told the meeting that on some Saturday nights there was some difficulty handling the traffic. On looking over the matter he thought that a great deal of the trouble was due to local cars parked on the square and principal streets early in the evening, and remaining there for hours. He thought that it was a matter that could be helped if citizens would park on Saturday nights clear of the square and the principal streets. He suggested the Queen Square School Grounds and some yards as good parking places.

Other Business

A petition from the residents of Park Street asking to have a drain cleared out and a culvert put down was again referred to. It had been presented at a previous meeting of the Council.

Couns. Hennessey and McLeod who viewed the location reported that they considered that it would be a difficult matter to drain the area properly. The street committee was advised to look into the matter further, in conjunction with the City Surveyor and bring in a report at a special meeting.

A letter was read from Mrs. J. McLeod, a visitor to the city who asked for \$200 damages as the result of a fall on Highland Ave. on July 4. The fall was caused by a faulty plank sidewalk, she claimed. The matter was passed on to the city recorder to deal with.

Resolutions

Among the resolutions passed

Coun. Hennessey agreed with Coun. Foster. He was not finding fault with the police department, he claimed, but they were not active enough. "They want to be shook up and the quicker the better," he finished.

Coun. Chandler suggested that if the curb was cut away and angle parking introduced on Bunsbyside it would provide space for many more cars.

Coun. Foster suggested that the matter should be left to the Police Committee.

Criticism was levelled by one or two Councillors at the way police handled traffic at Hughes corner on Saturday night.

Coun. Foster reminded the meeting that there had been no serious accident at Hughes corner.

Coun. Hennessey said he was not casting any reflection on the police force but he still believed a shaking up would do some good.

The matter was left to Coun. McIntyre to look into and report to the special meeting.

Councillor Laphorne, chairman of the fire committee in his report told the meeting that there had only been five small fires since the last meeting.

Coun. R. C. Chandler, chairman of the light committee reported that all the lights requested have been installed with the exception of one which it was felt was not required. About half the amount of current available was used.

The approval of the plant and fixtures of the Maritime Electric Co. is going ahead and will be completed shortly.

Government Pond Project

Coun. Foster, chairman of the public property committee, which was preparing plans for the beautification of Government Pond,

Italo - German

(Continued from Page 1)

termines herself the size of her army which would not necessarily benefit any other state.

The figure of 300,000 appears highly improbable, these sources added, since it is doubtful if Austria with a population of only 6,000,000 could maintain an army nearly half the size of that of France with a population six times as big.

Hear Heligoland Fortified

LONDON, July 13.—The attitude which the Foreign Office will adopt toward the Locarno powers conference set tentatively for Thursday next at Brussels was not made known officially tonight.

(In Paris it was reported Great Britain had suggested that Germany and Italy both be invited to attend the Locarno meeting from its inception.)

Information expected Britain to adopt an attitude of reserve for the present concerning the Austro-German accord. The Foreign Affairs committee of the Cabinet met in special session today to consider the possible consequences of the accord.

The Foreign Office also had before it reports that Germany was re-fortifying the strategic island of Heligoland in the North Sea. Viscount Cranborne, Under-secretary for Foreign Affairs, told the House of Commons today he understood the reports were correct.

A definite decision regarding Britain's attitude towards the Brussels Conference and other continental developments was expected at Wednesday's Cabinet meeting. Anthony Eden, Foreign Secretary, who is resting in the country from his heavy duties, will return to London that day.

presented a plan and a list of specifications. The plan was prepared by Mr. James Harris, the architect.

The special park commissioners when they were here were consulted and with the committee they viewed the site and agreed with the proposed improvements and made several suggestions which were incorporated in the plan.

Coun. Foster then proceeded to read the list of proposed improvements. They were:

The deflecting of Brighton storm sewer from its present outlet 150 ft. south to prevent silt accumulating at bridge end; extending bridge ends with concrete or stone at least 20 ft. from present bridges; cleaning out pond as desirable; salvaging present stone walls and rebuilding walls all around using old and new stone with a raked back slope to prevent collapse of wall from frost; build bridge of peeled logs and rough sawed girders to make foot path across and to be high enough for skaters to pass underneath.

The bridge may cost more money than can be spent and in this case will not be included in the program, Coun. Foster stated.

Continuing he enumerated the other specifications which included the placing of six light standards where marked on plan; planting of trees and shrubs as suggested; earth at west of pond next Brighton Road to be removed and grade lowered for appearance and earth removed to make fill as required; a fence where required around lower end as money permits; a stone fence along Buntain and Gordon properties similar to that along Bayer property if stone can be procured, Island stone used if not; creper on pumping station to complete job.

Police Report

To His Worship the Mayor and City Councillors:
Gentlemen:
I have the honor to submit herewith the City Police report for the month ending June 30, 1936:

Arrests, within the City limits during the month of June amounted to twenty-three, under the following classified offences:

Attempt to steal (tire and wheel)—Arrests, 1; convictions, 1. 30 days imprisonment.

Drunk in charge of motor vehicle—Arrests, 1; convictions, 1. 7 days imprisonment.

Drunk and disorderly—Arrests, 4; convictions, 4.

Drunk and incapable—Arrests, 10; convictions, 2. Released on probation.

Juvenile delinquency—Arrests, 2; convictions, 2. Released on probation.

Insanity—Arrests, 3; convictions, 3. Falconwood.

Operating motor vehicle to common danger—Arrests, 1; convictions, 1. \$10 and costs or 20 days.

Vagrancy (female)—Arrests, 1; convictions, 1. 3 months imprisonment.

Total—Arrests, 23; convictions, 23.

In addition to the above mentioned arrests there was one conviction under the Prohibition Act on a charge of unlawful possession of 'intoxicating liquor, a fine of \$200 and costs being imposed; one conviction for the unlawful sale of home brewed beer with a fine of \$50 and costs. One conviction for operating a motor vehicle to common danger; one for speeding; one for reckless driving; three for common assault; three for disorderly conduct; five under the sanitary by-law and one for allowing a dog to be at large. One charge of operating motor vehicle in other than a careful and prudent manner was withdrawn.

The amounts collected in fines

MEMBERS OF ROAD SHOW IN HOSPITAL

Bus Overtakes Enroute To Charlotte-town.

REXTON, N. B., July 13.—Badly injured when a bus overturned near St. Louis yesterday while enroute to Charlottetown with 18 employees of Sims' greasers haws, William Brook, Toronto, and George Russell, Ottawa, were still in hospital tonight.

All the other occupants suffered minor injuries and two were discharged from hospital today.

Brook had a skull fracture and Russell a broken leg.

MONCTON, July 13.—William Brook, George Russell, and John Moore, all said to be from Toronto, and Alice Messer of Ottawa are patients in Rexton hospital as a result of injuries received when a bus containing 14 persons connected with Sims traveling road shows, overturned near St. Louis, Kent County, about 60 miles north of here on Sunday. The other occupants of the bus, which was enroute from northern New Brunswick to Charlottetown, were badly shaken up. Brook is still unconscious, suffering from head injuries while Russell is also in serious condition with feared internal injuries and a broken leg. Moore, hospital authorities said tonight, suffered deep cuts and bruises but will be able to leave hospital tomorrow.

and costs during the month of June are as follows:

One fine of \$200.00 imposed under the Prohibition Act—\$200.00.

Miscellaneous fines and costs collected—\$181.95.

Total amount collected—\$381.95.

On June 10th the Force collected thirty-five samples of milk and two of cream from licensed milk vendors, delivering same to City Analyst for test.

Other duties performed by the Force during the month of June include the following:

Prisoners escorted to County Jail 22

Prisoners escorted from Jail to 6

Patients escorted to Falconwood—3

Summons served—

Subpoenas served—

Transients in station overnight—4

Dogs destroyed—

Dogs impounded on being found at large—

Dogs delivered to owners upon application and payment of \$2 forfeit—

Motor vehicles inspected as to condition of brakes, lights, etc. 114

I regret to report that Sergeant W. W. McInnis, who has been off duty, sick since May 7th, at which time he underwent an operation, is still unfit for duty.

Health Report

To His Worship the Mayor and Members of the City Council:
Gentlemen:
I hereby submit my report as Sanitary Officer for the month ended June 30, 1936.

Restaurants inspected—9

I inspected the dump managed by the Hygiene Service Company on June 29th, found same in good condition.

Other duties performed: Dog tag collected \$400.00

Summons served—29

Collected on executions City 29.41

Taxes in arrears—

JAMES E. BRADLEY
Sanitary Officer.

Monthly Meeting Of Summerside Town Council

The Summerside Town Council held their regular monthly meeting last night, Mayor Robinson presiding.

Town bills were passed as follows: Paid bills amounting to \$8,170.84, unpaid bills \$1,878.39, electric light paid bills \$1,478.36, unpaid \$2,701.17.

Several communications were discussed and left with the Town Clerk to be dealt with. Some discussions arose over better sewerage for the east end and it was decided to look into the cost of having a better sewerage installed.

The use of cement bricks from the factory of Wallace Gallant, Summerside, was discussed by the street committee, who were advised to see if they could use the same. Councillor MacKay said home products should receive every encouragement.

Communications from residents on Cambridge and Stephen Streets asking for street paving were received and will be considered by the street committee as future paving projects.

A resolution of thanks to the provincial government for the assistance given in the sea wall project was moved by Councillor MacKay.

The reports of committees were received and filed. The police report was as follows: Drunkenness, convictions 44. Driving while intoxicated, 6, convictions 5. Theft, 3, given suspended sentences. One conviction for keeping a gaming house. Fines collected, \$299.50. The sanitary inspector had inspected 29 fox ranches within the town and found them very satisfactory. The milk vendors' premises had also been inspected and found to be in satisfactory condition. Council then went into caucus to discuss the report of street committee. S.

Sanitary Officer's Report

Respectfully submitted,
B. C. KEEPING, M. D.,
Deputy Minister of Health.

Feeding the young "Breeder's"

Foss-Miller Fox Foods are carefully formulated to suit both the requirements of the foxes themselves and also the purposes of the fox rancher. The rancher plans to feed some of this season's pups as petters, and some he plans to keep as additions to his breeding stock.

"Petters" and "Breeder's" are animals of two different classes and Ross-Miller Fox Foods include foods specially adapted for each purpose.

Many successful fox ranchers place pups which they intend to keep for breeding stock on a mixed ration consisting of fresh meat, Vita-Crumbla Cereal "B", vegetables, bone meal and milk.

R-M seasonal feeding schedules are based on successful practical experience. We'll gladly supply them on request. And also samples of our Fox Foods. Write us.
