KINGSTON JOTTINGS.

Gaily Kingston, nature's minion,
Cradled in the vale of hills,
As it were, the cherished offspring
Of thy verdant guardian hills.
Subtler charms who'd seek to find,
Vain the search to him confined.

The little hamlet of Kingston is but a tiny spot in our island topography, yet it is a place that looms quite large in the public notice. Resting in a fruitful valley, where nature with a prodigal hand has lavished all her varied beauties in plethoric plenty; cooled by the rippling waters of the beautiful Bannock Burn, which meanders adown the dale "to join the brimming river," imparting humidity to the air and the richest verdancy to vegetation; environed by gentle sloping uplands extending away into the distance, and decked with "woods above woods in gay theatric pride,"—for picturesque and salubrious situation the village cannot be surpassed; while, located as it is at the intersection of two of our leading rural thoroughfares each tapping rich and populous sections, it bids fair to become, in the course of time, a trade centre of no mean importance.

The Methodist sanctuary, which has been closed for several weeks undergoing extensive repairs, will be re-opened on Sabbath next, the 22nd inst, when three services will be held at 11 a. m., 3 p. m. and 7 p. m., taken respectively by Rev W J Howard (Methodist), Rev Mr McIvor (Presbyterian), and Rev A F Browne (Baptist). The edifice is now one of the most aesthetically pleasing as well as one of the most comfortable meeting houses on the Island.

General regret is felt at the removal of Rev G F Dawson to another field of labor. During his three years of ministry on this circuit Mr Dawson continued to grow in the esteem and love of his people. A man of fervent zeal, his preaching at all times bore the stamp of sincerity, and was a simple but fearless exposition of the whole truth. Of his services it may truthfully be said that "fools who came to scoff, remained to pray." We learned with gladness that Mr Dawson was not going out of the province, and we may look forward to occasionally hearing him again. He is succeeded on this circuit by Rev Mr Thomas, late of Dorchester, N. B.

During the holidays the village school-house is to be thoroughly renovated, both interiorly and exteriorly, and a liberal sum has allocated to the work.

With a view to securing greater convenience and comfort, Mr Richard Henderson has made several extensive alterations in his new residence, "Wilhelmina," and by a general application of the amaturgic brush he has materially enhanced the already beautiful appearance of the place.

Kingston Star is still in the ascendant, and bids fair to soon become a constellation of the first magnitude.

The village smithy is always a scene of intense activity. Weeks in and weeks out, from early morn till dewy eve, you may hear the bellows roar. This is one of the best as well as one of the best equipped rural stands on the Island, while the smith, Mr Reuben Barrett, "a mighty man in the village," is honored of all men as a master of his craft—the craft which "since the birth of time has been held in high repute." May the time not soon come when the ring of Mr Barrett's smithy will cease to be heard in the village.

Our school is now closed for the summer holidays, and our teacher, Mr J H McPherson, is spending his vacation at his home in the Royalty.

Now that so much of interest is transpiring in the outside world, our tri-weekly mail is much appreciated.

CARDIGAN NORTH ITEMS.

The farmers of this vicinity are coming to the front rapidly. One of the most prosperous boasts of having the finest fields of clover to be seen in King's County.

Our school house has been painted and whitewashed by our local painters, Messrs Daniel Campbell and William Swenev. The excellent finish goes far to show the interest they take in the school.

Miss Mary E Powers and Miss Nellie Lanna, of Summerville, spent a most enjoyable week at Mr John F Moren's, Newport.

Two of our most popular young men, Messrs James Costello and A J Wilson, rode on their wheels to Souris Tea. Their mode of travelling was, in our opinion, very self-fish. Why not get a tandem, boys?

We have been much favored by visitors, Miss Mary Hughes, of the city, and Mrs Oscar Brown, of Boston, are visiting at Mr John Mahar's and Mr John Wood's, respectively.

Mr Columba McDonald, of Lakeville, spent a few happy hours at Mr Donald D Campbell's, Mitchell River, on the 11th inst. Come again, Columba!

Miss Lizzie Cameron, of Georgetown, has spent a few days at Mr. Malcolm Campbell's.

One of our fairest young ladies, Miss Sadie Mahar, has gone to the city for the summer months.

Mr Donald D Campbell has lately purchased an organ. Mr J A McPherson, of Boston, is giving musical instructions to the Misses Campbell.

Any tourists desirous of seaside accommodation should give Cardigan North a trial.

EASTERN NOTES.

The holiday season is bringing a large number of people from the United States. Mr. Preston has again taken up his abode at East Point. He looks hale and hearty. This is his favorite spot; and well it may be for but few places in P E Island have more attractions for pleasure seekers than our beautiful section with its shores, lakes and ponds.

Miss Nellie McNeill, formerly teacher of North Lake school, now of Cavendish, is the guest of Mrs Donald Fraser. Here many friends are pleased to see her.

Mr and Mrs Franklin Rose and Misses Eunice McVane and Rita Stewart, all of Boston, are also spending their holidays at home, glad to exchange the heat of the city for the cool sea breezes.

Mr Geo. McCormac is now inspecting the schools in these parts.

It is rumored that Eastern Gem Lodge, I O G T, will ere long hold a strawberry festival. They are endeavoring to procure Messrs Miller Bros. large Gramophone or the occasion. Their entertainments are always attractive and up to date and, doubtless this will be no exception.

Lobster factories have been closed after only a fair season's work. This profitable industry will soon be destroyed unless less more stringent laws are made for its protection.

Fishermen report large bodies of mackerel; some boats have taken as high as two to three hundred at a catch.

Cheese factories are doing well. Lakeville is getting all the milk it can handle; Red Point is also doing well for the first year.

Grits and potato bugs seem to be in about the same condition in this section; there is no increase in either and but a few old shell-backs of each remain.

ONLY ONE WAY

To Cure Dyspepsia, Indigestion and all Other Stomach Troubles.

That Way is to use Dodd's Dyspepsia Tablets—Every Tablet taken is a step away from Death—They are the Only Cure.

We have only one lifetime to live upon earth. Every sane man and woman desires to be happy during life. Only sane people commit suicide deliberately and intentionally.

But thousands of people kill themselves just as truly and as surely as if they jumped into a river, blew their brains out or hanged themselves, although they don't realize that they are doing so. Everyone who allows disease to eat his life away, without doing all he can to cure it, commits suicide.

Some diseases can be cured by certain remedies only. Dyspepsia is one of these. Indigestion is another. There is only one remedy for all Stomach Diseases. That remedy is Dodd's Dyspepsia Tablets.

Fortunately Dodd's Dyspepsia Tablets are a positive cure for all these diseases. They cure quickly. Their effect is immediate. Their cure is permanent. It is certain. Every dose of Dodd's Dyspepsia Tablets is a step away from the grave.

It is easy to cure Dyspepsia, Indigestion, and other Stomach troubles with Dodd's Dyspepsia Tablets. Simply take one or two of them after each meal. Eat heartily, but not gluttonously. Then your cure is going on every day.
