

**From One Cook to Another**

by *Mary Blake*  
Carnation Home Service Director

**TROPICAL TREATS FOR "UP-NORTH" MEALS**

THERE'S SOMETHING VERY GLAMOROUS about Southern cooking, isn't there? Just tell the family that there's Southern-Fried Chicken for Sunday dinner . . . and see if you can keep them from haunting the kitchen! Promise a Hawaiian or South American dish — and excitement runs high.

That's why I occasionally like to give you recipes with a southern accent. Such recipes as my Hawaiian Custard Pie, for instance — Hawaiian, because you spread it with crushed pineapple at serving time. As for the filling itself — well, it's smooth and rich-tasting beyond describing . . . because it's made with Carnation Evaporated Milk. You'll be amazed at the wonderful things that double-rich, heat-refined Carnation does for custards. Gives them the wonderful consistency and rich flavor you'd expect if you made them with cream.

**HAWAIIAN CUSTARD PIE**  
(Makes a 9-inch pie)

4 eggs  
1 teaspoon salt  
1 teaspoon vanilla  
1 large can undiluted Carnation Evaporated Milk  
1 cup water  
1 cup sugar  
Unbaked 9-inch pie shell  
1 small can crushed pineapple, drained

Combine first six ingredients; beat with rotary beater until smoothly blended. Pour into unbaked pie shell. Bake 15 minutes in hot oven (350 deg. F.). Lower to moderate (325 deg. F.); bake until set so that a knife inserted in the centre comes out clean (about 30 minutes longer). Cool. Just before serving, spread with the well drained pineapple.

**SOUTHERN-FRIED CHICKEN**  
(Makes 4 servings)

Cut a frying chicken in serving pieces. Dip in  $\frac{1}{2}$  cup undiluted Carnation Evaporated Milk, then in  $\frac{1}{4}$  cup seasoned cornmeal. Brown in frying pan in  $\frac{1}{2}$  cup shortening. Top with  $\frac{1}{4}$  cup (each) chopped green onions and pimiento. Bake in moderate oven (350 deg. F.) for 30 to 40 minutes, until chicken is tender. Remove to hot platter.

**CREAM GRAVY**

3 tbsps. chicken 1 cup undiluted drippings Carnation Evaporated Milk  
3 tbsps. seasoned Evaporated Milk flour 1 cup water

Blend chicken drippings and flour over low heat. Mix Carnation and water, and stir slowly into flour mixture. Stir and cook until mixture reaches the boil.

**FOR MORE TEMPTING COLOR,** for more delicious flavor, for economy, "cream" your coffee with undiluted Carnation Milk. Millions of critical coffee lovers do. They prefer Carnation to any other brand of evaporated milk — even prefer it to cream in coffee. Try it! You'll love it.

**Savage Harbour And Vicinity**

\*Mrs. Clarence Murphy, Savage Harbour, was a visitor to Charlottetown on Friday.

Miss Phyllis Murphy of Savage Harbour, was a visitor to Charlottetown during the week.

Mr. Harold Murphy of Morell, was a business visitor to Savage Harbour on Friday.

Mr. William Power, Tracadie, was a visitor to Savage Harbour during the week, while here Mr. Power took the opportunity of renewing many old acquaintances.

Mr. Arthur Roberts, well known farmer of Southport, was a business visitor to Savage Harbour during the week.

Mr. Percy W. Robbins of Morell, was a business visitor to Savage Harbour during the week.

Mr. Roland Wood, well known produce and livestock dealer of Southport, was a visitor to Savage Harbour on Friday where he attended the auction sale at the farm of the late Walter Pigott.

Mr. Daniel O'Connell of Ten Mile House, visited his many friends at Savage Harbour during the week.

Mr. Courtney MacDonald, Grand Tracadie, was a visitor to the Harbour during the week.

Mr. Leigh Coffin of West St. Peters, was a visitor to Savage Harbour on Sunday where he was the guest of Mr. and Mrs. Charles Campbell.

Miss Hattie Pigott of Charlottetown, visited her former home at Savage Harbour during the week. Her many friends were delighted to see her and have her visit among them.

Mr. Hugh J. Smith, Tracadie, was a visitor to Savage Harbour during the week. Mr. Smith has many friends in this area who were more than happy to have him among them.

Mr. Fulton Douglas, well known carpenter of Charlottetown, was a visitor to Savage Harbour on Friday. Mr. Douglas, a former resident of this district, has a great many friends who are happy to see him back. Mr. Douglas reports that jobs are mighty scarce around Charlottetown at present but with the many building projects scheduled to get underway shortly this condition should soon be remedied.

Despite the terrible condition of the clay roads a large crowd attended the auction sale of farm machinery, household effects and livestock held at the farm of the late Walter Pigott, Savage Harbour, on Friday afternoon. Prices realized were merely fair which goes to show that cash is not too plentiful throughout the country. Cows brought from \$95 to \$100 while the year-olds were dropped with a high tag of \$35. One horse whose age the auctioneer stated was shrouded with the deep mists of uncertainty was knocked down at \$15.50. Mr. James B. Jay, the efficient auctioneer of Morell said that that was the lowest price at which he had sold a horse during his 14 years experience, of guiding the "gee-haws" under the hammer.

A good crowd gathered at Savage Harbour School on Thursday night for the weekly card party sponsored by the Women's Institute. Considering the almost impassable condition of the roads the number that assembled gave positive proof, should any be needed, that those weekly get-togethers are filling a long felt want in the community. Mrs. Helen Campbell won top honors among the ladies with a card of 690 while Messrs. Ralph Pigott and Joe MacKay tied for honors among the gentlemen with cards of 665. After the customary 12 tables of auction

and while the ladies were preparing the lunch a real bang, nine hand straight forty-five game sprang up, Billy Gunn and Earl Doyle took home the bron on this encounter. The delicious and bountiful lunch sent everybody home in high glee.

Last week in this column was mentioned the arrival of the first of the 1954 crop of St. Peter's district at the farm of Mr. John Pigott and the little playful fuzzi balls continue to arrive in ever increasing numbers. The record at time of writing was made at the farm of Mr. Valentine MacIntyre, Savage Harbour, where the first three ewes have produced a total of six lambs. Last year Mr. MacIntyre's success and profit with and from his flock was outstanding and should the prices be in line at marketing time this year he hopes to duplicate or exceed last year's record return.

This winter will prove to be the worst on record in regards to the damage done to paved roads if the stretch, extending from Griffin's Corner on the St. Peter's district to Gunn's Corner where the pavement ends, can be taken as an average sample. This piece of road which is about three miles in length is very badly broken at each end although the middle section appears to have stood up well. Portions of this pavement was set down many years ago as an experiment and it most certainly proved to be a very successful one. Many people feel that the clay road from Gunn's Corner to the Harbour proper is also an experiment to see just how perfectly flat and drainless a road can be made. This experiment has not been so successful.

The sincerest sympathy of the entire community is extended to Mr. and Mrs. Aeneas MacDonald of Georgetown, who during the week received the sad news of the sudden and untimely death of their son, Reggie. The MacDonald family were former residents of St. Andrews where they were highly thought of and respected. Indeed Aeneas Jim is still looked upon as a resident who is but temporary absent and the kind thoughts always held for him are spread over to Mrs. MacDonald and the family. A more extended report of Reggie's death will appear when the full details are available. CH

**Dundas And Vicinity**

\*Mr. Albert Wood of Cumberland Hill, was to Charlottetown on March 6, on a business trip.

Mr. Angus McLean of Albion Cross, visited relatives and friends in Strathcona last week.

Mr. Raymond Acorn, accompanied by his brother, John, was to Souris on March 5, on business.

Mr. Joseph G. Campbell, of Poplar Point, is in Charlottetown, attending the House Sessions.

Sincere sympathy is extended to Mr. Milford Robertson (Sr.) and family of Riverview in the death of Mrs. Robertson on March 4.

Mr. John Riley of Cumberland Hill, was a business visitor to Charlottetown on Friday.

Albion Cross School is progressing favourably under the efficient management of Florence Ployer. This is Miss Ployer's second year there.

Mr. James McBeth of Montague, was a visitor to Dundas last week.

Mr. John M. McLeod of Strathcona, was a visitor to Grove Pine last week. John owns a fine speed prospect.

Mr. Stewart McLeod of Poplar Point, was a business visitor to the City on Wednesday last.

Congratulations go out to Paul Kingsbury (Jr) of Dundas and at present a student at Bawdoin Col.

lege, Brunswick, Me. in the progress he is making in his studies. Paul has made a host of friends since moving to P. E. I. and all wish him continued success.

A successful card party was held at the home of Mr. and Mrs. James J. Campbell of Dundas on March 4. There were 11 tables in play. Ladies' prize was won by Pauline MacDonald of Primrose. Gents' prize was won by Joseph Johnston of Poplar Point.

Bridgetown Women's Institute was held at the home of Mr. and Mrs. Lloyd McLeod on March 4. There was an attendance of 12 members, who were overjoyed to have their meeting in this fine new home of the McLeod family. Their fine old home of three generations was burned last October.

A resident of Dundas proceeding east by car on the Seven Mile Road recently met one of the does. He stopped the car, got out and fed the animal nutbars and other

sweet meats. The doe was in fine shape sleek and fat and after waiting to be caressed by this gentleman's children, gave a skip, bounded over the snow and was gone.

Mr. Charles McDonald of Poplar Point, is wondering what type of animal comes to his hay stack which is some distance from his home building and proceeds to help itself and vanish without even leaving a track. Could it be a doe?

The Grand River is clear of ice as far as Gray Stone Creek. Crossing at Poplar Point is no longer safe. Many good horse races were held on this river in bye gone years, when horses such as Calumet Duds, Real Money, Hush, Symcoe Harvester and Hal would get away to a good start. These were only a few of the fast ones but at present some of the local boys have speed prospects for the future.

Mr. Alonzo Riley of Primrose

was a visitor to the home of his parents, Mr. and Mrs. John B. Riley, Dingwell's Mills. The first sale of silver fox pelts in England in 1910 averaged \$1,999 — O.G. a pelt.

**USE THERMOGENE MEDICATED WOOL**

**Help SOOTH PAIN and ACHES QUICKLY**

For those aching muscles, let the soothing heat of Thermogene Medicated Wool help give you quick, clean relief. It goes to work at once — not messy — easy to use. For chest colds, sore throat, bronchitis, neuralgia, lumbago, sciatica and minor rheumatic pains.

**THERMOGENE MEDICATED WOOL**
