ANNOUNCED OFFICIALLY - Official announcement of the retirement of two highly placed civil servants of the Provincial Government was made by Premier A. W. Matheson yesterday. Mr. J. O. C. Campbell, Q.C., Deputy Attorney General, has already resigned, effective January 18. Mr. Walter R. Shaw, M.B.E., B.Sc.A., is also retiring and his resignation becomes effective March 31. The Premier said yesterday that consideration had not yet been given to filling their positions.

ROTARY MEETING - Frank Jelks presided over the luncheon meeting of Rotary held at the Charlottetown Hotel yesterday at which Air Cadet Sgt. Alan Massey was guest speaker. His address appears elsewhere in this issue. It was followed by a showing of coloured slides which were most interesting. Rotarian Dr. G. G. Houston thanked the speaker on behalf of the club. Fitting reference was made by President Bill Reid to the passing of Past President Col. K. S. Rogers and his outstanding contribution to Rotary Service. A period of silence was followed by prayer by Rotarian Canon J. T. Ibbott. The resignation of J. E. Harris whose membership has been continuous from the early years of the club was received with regret. Visiting Rotarians were E. E. Ellis and Reginald Tinney of Summerside. Mr. Sinclair MacLeod was a guest.

CALEDONIAN CLUB - Scotsmen and their lassies enjoyed a "ceilidh" (kay-lee) last night at the Vocational School in addition to being a time for gossip and chat, however, the President of the Caledonian Club, Mr. George Fraser, had a most enjoyable program organized. The club pipe, Mr. Bruce MacLaren provided music of the pipes and the Brooklyn Trio sang a number of Scottish songs, including some of Robert Burns, whose birthday it was. The Hon. President, Premier A. W. Matheson expressed his pleasure at being able to be present and at the very considerable attendance. Dr. L. W. Shaw gave a most interesting talk on the life of Burns and on his poetic work. Mr. John Martin of the National Film Board showed the National Film Board's gathering concluded with a Scottish sing-song.

Island Air Cadet Gives Impression Of Trip Abroad

The following interesting account of his recent exchange visit to the United Kingdom and Europe was given at the Rotary Club luncheon yesterday by Air Cadet Sgt. W. Alan Massey, son of Mr. and Mrs. W. E. Massey, Charlottetown. "Before telling you about my trip abroad, I should like to explain to you the purpose of these 'exchange visits' and how the Air Cadets are chosen: First, Cadets are exchanged with a number of countries to serve as goodwill ambassadors. At present, Canada is sending Cadets to the United States, the United Kingdom, Sweden, Norway, Denmark and Holland. (I may say that it was my good fortune to be selected one of two Canadians to visit Sweden.) An equal number of Cadets from each of these countries tour Canada at the same time. The Canadian Cadets selected for the exchange visits are picked solely on merit and are chosen from squadrons all over Canada. Prince Edward Island is allotted ONE. "We assembled at Lachine several days before taking off where we were issued with specially made-to-measure uniforms and received instructions and pep-

Takes Over Firm Of J. A. Webster & Co.

The general insurance firm of J. A. Webster and Company which was founded in 1907 by Mr. J. A. Webster has been transferred to Mr. Donald K. Martin. The announcement appears elsewhere in this issue. The new owner and manager takes over a business that has been established for almost half a century. Mr. Martin is the son of Mr. and Mrs. K. M. Martin, city. He attended West Kent School, Prince of Wales College and Acadia University. During the war he served with the Royal Navy and in post war years with the Royal Canadian Navy Reserve. For two years Mr. Martin was engaged in the insurance business in Montreal, returning home about a year ago. Mr. Martin married the former Arlene Yeo, daughter of Mayor and Mrs. Bruce Yeo, Montserrat. They have one son, Kenneth Bruce.

Continued from page 1 wanted more time to think over his speech because of the Russian's criticisms, which he described as not new but impossible to ignore. Molotov protested that it would "not be fair to the American delegation" if it alone stayed silent on a day when the other powers had stated their case. The conference atmosphere by that time was down to the near-zero chill prevalent outside in snowy, wind-whipped Berlin. The Russian diplomat pounded these points: 1. American military bases abroad are purposely designed to menace the Soviet Union but are "doomed to inevitable failure." 2. The United States is to blame for Red China being denied its "lawful rights" in the world, including the United Nations, as the "only legal representative" of the Chinese people. 3. The United States is responsible for "gross violations" of the Korean armistice agreement on prisoners of war. 4. The United States' economic boycott of the Soviet sphere has seriously damaged international trade while failing to halt the creation of a great second world market by Russia. 5. The United States is backing unrepentant German militarists who are already planning "aggression and revenge" in Europe. Molotov urged the foreign ministers to place consideration of a Big Five conference with Red China at the top of their agenda. He suggested "the German question and problems of ensuring European security" as the second point for discussion and the Austrian independence treaty as third and last. Bitter Oratory He said the Soviet delegation "would like to hope" that agreement for a Big Five parley would be reached at this Berlin session. It ought to be held "some time" after the present Big Four parley, he added. The Russian's bitter oratory left Germans little reason to hope that reunification of their land is just around the corner. Ignoring an Allied bid for free German elections, Molotov said unification would never come unless the "way of power" were blocked against anti-Communist elements whom he labelled "militarists and revenge seekers." Molotov declared the European Army plan incorporating the West German contingent under a supranational command world "revive German militarism." "It would not only make impossible the re-establishment of the national unity of Germany, but would inevitably increase considerably the threat of new war in Europe," he said.

Enjoyable Concert At Prince Of Wales Hall

Miss Louise Roy, who has risen quickly to the top rank of Canadian singers, and whose rich and colorful soprano voice is known to many through radio, was heard last night in recital at Prince of Wales College, in the college concert series. Miss Roy presented a varied and somewhat unusual program. Her operatic experience was made evident by the expressiveness with which she performed every number of the recital, opening with two religious compositions, the Creation Hymn and Song of Repentance from a group of six such songs by Beethoven. The second group consisted of three songs by Schubert, typical of the charm of that composer - "Du bist die Ruh" (Thou art my Peace), "Frühlingstraum" (Dream of Spring), and "Gretchen am Spinnrad" (Gretchen at the Spinning Wheel). Three French songs of more modern origin which were particularly enjoyed by the audience were "Jeune Jolie" and "Les Berciaux" by Faure, and "Tu me dirais" by Chaminade. Miss Roy was at her best in the moving and dramatic aria "Ritorna Vincitor" from Verdi's opera Aida. In striking contrast, this was followed by a single and charming French song "Legend" by the Little Boat, by Massis and "Chant de la Nature," by John Barbirolli, a hymn dedicated to the greatness of God - starting as the rising sun and mounting to a climax symbolic of love of God. A group of delightful songs in English, representing four modern composers, completed the program. Heard were "Twilight Fancies" by Dellius, "The Trye," a song of a young girl's love betrayed, by Sibelius, "Lilac Tree," a short, whimsical song by Gartner, and "Love Went A-riding" by Bridge. As encores Miss Roy sang three Creole songs, from a series arranged by Camille Nickerson. The first was a very lovely lullaby entitled "Fala dodo" - a Creole version of "If you don't go to sleep the big bad wolf will come and get you," and this was followed by a humorous song "Chere mo lemme toi." The last, in contrast to these, was a song dedicated to the great negro tenor, Roland Hayes, and Miss Roy told the audience of having had the privilege of talking to this great artist, and learning from him the correct version of the song. Called "Michieu Banjo," it describes a mulatto dandy who strolls about the streets with an eye for a pretty girl.

US Senator's Parents Formerly Of P.E.I.

News of the death of Senator Charles P. Murphy of North Park, Colorado is contained in a Colorado newspaper. The late Senator Murphy's parents were born on Prince Edward Island. His father was James Murphy, formerly of Cherry Valley and his mother, the former Agnes McCarthy was a native of "Bonnie" Prince Edward Island. Senator Murphy who was a ranch owner in the State of Colorado, first entered politics in 1929 when he was elected to the House of Representatives. In 1937 he was elected a state senator. Being a farmer, and a cattleman in a livestock district, the Senator always worked for the best interests of the stockmen. He served four terms and was elected for the fifth time last year. Senator Murphy visited the Island in 1948 and had the opportunity of making the acquaintance of many of his relatives here.

Playgrounds Commission Annual Meeting

The annual meeting of the Charlottetown Playgrounds Commission was held last evening. President Harold MacLean reported very favorable reception of the newly adopted plan of playground supervision for the older children in the park and for the smaller children on two of the city squares and on a portion of the Prince of Wales College grounds, granted by the Provincial Government to the Commission and for which a hearty vote of thanks was voted by the meeting. More experienced supervisors were engaged at great expense than last season but the additional expenditure was fully met. The annual evening display held in the fall by the playground children under lights in the park, featuring singing, dancing and a baseball game, was well attended and favorably received. The commission is now assisting in the supervision of the open air rink maintained in the park. Chairman Harold MacLean, was unanimously re-elected as president for 1954 and sincerely thanked for his outstanding service. Russell St. John was elected vice-chairman, Miss Ethel Sutherland secretary, Mr. James Robertson, treasurer, and E. Clawson reporter.

Mr. Goldenberg said the industry's big four, Northern Electric, Phillips, Canada Wire and Cable and Canadian General Electric, played major roles in the alleged combine to maintain prices. The others participated to lesser degrees. CHINESE EXPLAIN VISIT BERLIN, (Reuters) - A spokesman for a Chinese Communist delegation in East Berlin said Sunday its presence has nothing to do with the Big Four foreign ministers conference. The spokesman said it is purely a trade delegation here for talks with the West German government.

Money Winner

Raymond Berrigan of North Wiltshire won \$25.00 on the Boosters program at the Islanders game last night. Berrigan's guess of the first goal in the second period was 12:42. The correct time was 12:42. With regard to the Booster Club Minstrel Show at P.W.C. on February 2nd and 3rd, those who wish to donate candy should contact Bob Giggie, George Hooper or Harry Senter.

Mr. and Mrs. Pius Croken, Emerald, wish to thank their kind friends and neighbors who sent them messages of sympathy during their recent bereavement.

IN MEMORIAM

In fond and loving memory of Mrs. Lawrence Gauthier, who passed away January 25th, 1953. She has gone where footsteps never grow weary, Away from sorrow and pain; In the beautiful Kingdom of Heaven, She is waiting to meet us again. Always remembered by husband and family.

Controversy Over Eligibility Of Voters

The meeting was adjourned until Wednesday evening pending legal advice on the matter and a proper listing of the real estate owners in the district. Under the Village Incorporation Act only owners of real estate are required to pay taxes and these felt that it would not be proper for those who are not in that category to vote on a matter which would affect only the real estate owners. It was pointed out by one of the Commissioners that when the vote for incorporation was taken, all residents of the district had a vote.

World Secretary University Service On Visit To P.E.I.

The very high prestige enjoyed by Canada in Asia at present is largely due to the important role played by this country in world affairs through the United Nations and the Colombo Plan. The opinion was expressed here yesterday by Mr. Lewis Perinbam, secretary of the World University Service. The visitor, whose home is in Malaya in the Far East, said the Colombo Plan seeks to aid undeveloped areas on the basis of equal partnership. He gives a great deal of credit for Canada's favorable position to the leadership provided in world affairs by Hon. Lester Pearson, whose efforts, he states, are a considerable factor in increasing Canada's influence. Mr. Perinbam is visiting all universities across Canada to tell of the work of his organization and explain some of the needs of other countries, especially in Africa, the Middle East and Asia. While here over the past week-end he addressed the students of St. Dunstan's University and Prince of Wales College. Primary purpose of his call is to seek financial aid for various University Service projects, principally student hospitals, health centres, supplies of drugs and other medical equipment, scholarships for needy students, and laboratory equipment. He mentioned that the World University Service in India has a new health centre at the University of Delhi, as its main project and has already raised \$50,000 within India towards the cost. Canada is also taking an active interest and is supplementing the above amount with \$5,000 to provide equipment and furnishings. The health centre is being constructed to provide medical facilities for examination and treatment for the 9,000 students at Delhi University. In speaking of conditions in the Far East, Mr. Perinbam said that living was on a low scale all through Asia. He believes the living conditions here are so high that no comparison is possible. He said of Malaya that poverty and hunger, for centuries prevalent there, were partially explained by low incomes. The average earned income there is only \$55.00 per year. On other matters he stated that 80 per cent of the people were illiterate and the life expectancy was only 32 years. One basis of comparison he could suggest was that the infant mortality rate out there varied from 150 to 300 babies per 1,000 births, while in Canada it is only 41 per 1,000 births. While he believes the main problem in his homeland is hunger he also emphasized the great need for adequate health and housing facilities.

Active Year Reported At Annual "Y" Meeting

Mr. R. Earl Taylor was re-elected President of the Charlottetown Y.M.C.A. at their 98th Annual meeting held in the Banquet Hall last evening. Other officers elected were Dr. Ray Barrett, Vice President; J. O. MacLean, Treasurer; Ralph Carr, Secretary of the Board of Directors. Directors elected for three years were: Messrs. G. M. Avar, T. D. DeBlais, E. C. Johnston, Paul Kays, J. G. MacDonald, Dr. Harold Shaw, F. B. Tinney and D. A. Wonnacott. Two year terms: Mr. C. F. Downe and Mr. B. E. Rogers. One year term: Rev. T. H. B. Somers and Mr. A. J. Haslam. President Taylor in his address commented on the good year enjoyed by the Association and expressed appreciation for the support he had received from the Staff and Directors. He recalled with satisfaction the splendid contribution made by the late Col. K. S. Rogers to the work of the Y.M.C.A. and referred to the loss sustained by the community in his passing.

Mr. Fred B. Gamble, General Secretary in his report to the Directors commented on the favourable standing of the "Y" as a going concern in the community. He was pleased to note the activities of various inter-clubs which make up the membership in the Association. Sixty of such organized groups have been active during the year with an added membership to the "Y" of more than 100. More than 1500 use the building every week as a centre of activity. The possibility of the Charlottetown Y.M.C.A. having a representative attend the World Centennial Conference at Paris, France in 1955 has received considerable consideration. Twelve Club group reports were also read and dealt with by acceptance and an expression of approval and thanks from the Directors. Following adjournment, light refreshments were served by members of the Ladies Auxiliary.

Presented With Life Membership In Y.M.C.A.

Mr. T. Roy Cudmore, a Past President and outstanding member of the Charlottetown Y. M. C. A. executive for many years, was presented with a Life Membership at the annual meeting held last evening in the Social Hall at the "Y". In making the presentation, which was an engraved silver plaque on a walnut base, Mr. K. M. Martin, a fellow director, commented on the 27 years of active service in which Mr. Cudmore contributed his time without reserve to the up-building of the Y. M. C. A. in the interest of the youth of the city and province. The plaque is surmounted by a Youth and carries the Y. M. C. A. crest and the inscription "T. R. Cudmore, Life Member Charlottetown Y.M.C.A. January 1954. For Service to Youth". Mr. Cudmore acknowledged the gesture of goodwill and expressed his deep appreciation for the same, recalling briefly his hours of fellowship with members of the Association and the personal satisfaction that was his in any service he was able to render.

Icebreakers On Way To Montreal

MONTREAL, (CP) - The two department of transport icebreakers, up.

D'Elverville and Ernest Lapointe, were pushing through heavy ice at the lower end of Lake St. Peter Monday on their way to Montreal. The vessels are trying to keep the St. Lawrence channel open to lessen the flood threat in the spring. The channel is open from Quebec to Trois-Rivieres, but the river is tightly frozen from Trois-Rivieres up.
