

OUR NEWS BUDGET for OUR SATURDAY SUBSCRIBERS

MONDAY

A call has been extended to Rev. Frank MacLean, presently pastor of Saint Andrew's United Church at Sydney, N.S., to come to Trinity United Church here in succession to Rev. H.E.D. Ashford, D.D., who has accepted a call to Calgary. The call to Rev. Mr. MacLean was unanimous, and a reply is expected today by the Official Board, through Col. G. Elliott Paul, who is chairman of the Pastoral Charge Committee.

"The people at home need not worry about how the men are being treated in Korea," said Squadron Leader B. E. Shaw when interviewed at his home, 25 Alexander Drive, last evening on arrival by plane from Moncton, which brought to an end his long trip to the theatre of war. "Every conceivable need has been supplied, and it is free to all," he emphasized.

Referring to hospitalization, Squadron Leader Shaw said, "Our hospitals are number 1 in every respect, and the wounded are picked right up by helicopter and taken care of. The medical staff here has done a splendid job in constructing a network of highways that can take us any place in all weather.

Four barns were reported burned by lightning in Prince Edward Island yesterday.

Early Sunday morning a violent storm in West Prince County caused the loss of two large barns owned by Mr. Thomas Griffen of Woodstock, some eight miles from Alberton. In the same district a bolt of lightning struck the chimney on the home of Mr. Jack Finnann, causing considerable damage but apparently setting no fire.

The storm occurred at approximately 3:00 a.m. In the afternoon another series of storms struck the Province, although the West Prince area escaped this time.

Two barns owned by Gerald Rooney, Newtown, some four miles from Eldon in Queen's County, were destroyed. Loss was estimated in the vicinity of \$4,000.

Acquitted, by reason of insanity at the time of the commission of the offence, was the recorded verdict of the jury trying Joseph Gabriel MacDonald, Chepstow, on a charge of having murdered Mrs. John (Mary Ann) MacKinnon, Little Harbour, on the night of November 8, 1951. The jury brought in their verdict at 2:45 yesterday morning, nearly five hours after they had retired to consider the case.

Mr. H. Frank McPhee, Q.C., leading defence attorney began his address to the jury following the supper recess and spoke for slightly over two hours. Following the charge to the jury by Chief Justice Thane A. Campbell, they retired at 10:55 p.m. Shortly after midnight they were called into the court room to report what progress they were making. They returned again at 1:40 a.m. for further instructions regarding insanity and after hearing the Chief Justice went back to their room at 2:25. It was just twenty minutes later that they brought in their verdict.

The official verdict read by Judge Foreman E. Pierce was, "We find the accused who stands charged with having murdered Mary Ann MacKinnon, was insane at the time of the commission of the offence and we declare that we acquit him of the said offence on account of such insanity."

A beautiful day and a large gathering greeted the Orange men and Orange sisters who met at Milton to honor the memory of William the Third Prince of Orange and King of England. One of the largest assemblies of members of the two orders and their friends and visitors in the past twelve or fifteen years were present.

The parade was led by Brother Keith Young (as King William) and capably marshalled by that veteran of other years, Brother Davis Ward of King William Lodge, Kingston. The music for the occasion and quite frequently for the remaining afternoon was furnished by the L.O.A. Pipe and Drum Band under the leadership of Pipe-Major C. Albert MacLeod.

NOW MUSEUM

Independence Hall, the Philadelphia building where the United States Congress adopted the declaration of independence, now is a museum.

TUESDAY

A coroner's jury at Souris last night decided that Allan James MacCormack, 41, came to his death on July 3 on the St. Charles highway by "losing control of his car and being thrown therefrom while driving at an excessive rate of speed."

Coroner Dr. M. N. Beck presided. Mr. S. S. Hessian, Q.C., of Montague represented the crown.

In the absence of Mayor Henry W. Wedge, Acting Mayor T. D. Morrison presided at last night's meeting of the Summerside Town Council. All the councillors were present.

Town bills paid, amounting to \$18,947.81, were approved and town unpaid bills amounting to \$4,741.10 were ordered paid.

Electric light paid bills amounting to \$104.83 were approved and electric light unpaid bills amounting to \$13,140.49 were ordered paid.

The Town Clerk announced that as at the end of the month of June taxes amounting to \$81,059.00 had been collected. This, he pointed out, represented fifty per cent of the town taxes payable.

A house owned by Mr. William Irving of Murray Harbour North was struck by lightning during a severe electric storm, destroying part of the flue and piercing a hole in the roof.

The building, however, did not catch fire. No one at present is living in the house. Mr. and Mrs. Irving having moved to Montague last year.

A verdict that Robert Clark Bryenton came to his death the night of July 5 as a result of an automobile accident in which he suffered a fracture of the skull and damage to the underlying tissues was reported last night by a coroner's jury impaneled to inquire into the death. The accident occurred at Fairview when a car owned and driven by John Notting left the road and overturned in a field.

Several witnesses were heard last night as Coroner Dr. L. E. Prowse opened the proceedings. Dr. T. A. Laidlaw said that he had received a call to the P. E. I. Hospital that night but the boy was dead when he saw him. There was a small wound on the back of the head with a large area of soft swelling under the skin. He thought it was likely a skull fracture as there were no other apparent serious injuries. He concluded that death had occurred between 10:20 and 10:40 that night, but there was no record of the exact time. The young man had been dead an hour or less at the time of his examination. The nature of the head injury indicated that there could very well have been a broken neck.

A little boy, Anthony Roger LeClair, 13-month-old son of Mr. and Mrs. Ferdinand LeClair, North Rustico was fatally injured on the road near his home yesterday afternoon.

Apparently the little fellow was playing around a truck which was parked on the road in front of Emmett Gallant's lobster factory. When the driver returned he did not see the child.

Coroner J. P. Blaquiere of North Rustico ordered an inquest. A jury was impaneled and after viewing the body, the hearing was adjourned to Friday night at Stella Maris Hall, North Rustico.

It was understood the truck was driven by Alve Mathias Gallant of Rusticoville.

The accident is being investigated by the R.C.M.P. detachment at North Rustico.

His Excellency, the Hon. Vincent Massey, Governor General of Canada, who will be making a short tour of the Maritime Provinces, is expected to arrive in Charlottetown on August 28, according to an announcement made last evening by Surgeon-Commander Dr. L. E. Prowse, Private Secretary to Lieutenant Governor T. W. L. Prowse.

The authority was given in a resolution passed at the regular meeting of the City Council.

Other important resolutions authorized the Finance Committee to enter a contract whereby the Eastern Trust Company will have the safekeeping of civic sinking fund investments and monies and the investment, re-investment and realization thereof as required. The fee of the Trust Company is not to exceed four per cent of the annual income from the sinking fund.

WEDNESDAY

Fifteen haymakers from Cape Breton are due in Charlottetown on Thursday night. This number will only partly fill the more than fifty orders for haymakers on file at the National Employment Office, and many farmers will still face the problem of harvesting the crop without assistance.

For the past two weeks the local Employment Office through its clearance system has been trying to secure farm help from the mainland.

The Province's acute farm labor shortage will be relieved somewhat by the arrival of twenty West German farm laborers next week. Fifteen of those have been allotted to farms in Queen's and King's Counties, and the other five are slated for Prince County.

The immigrants brought to Canada under the Dominion-Provincial assisted Loan Passage Scheme, are expected to land in Quebec City next week end. They will be part of a full shipload of young Germans destined to fill farm jobs all across the Dominion.

One of the busiest women in the Province this past week has been Mrs. Emma (Topsy) Bruce of the Women's Division of the National Employment Office, Charlottetown. Strawberry growers in a wide area around the City, with a bumper crop on their hands have swamped the local office with orders for pickers.

Within a few days Mrs. Bruce had placed upwards of a hundred women and older girls with growers but the demand for help still rolled in. With no slackening of the demand she sent out a call for the teen-agers from eleven years and upwards, and the growers faced with a crisis accepted the youngsters. Over the week-end and through Monday and yesterday the youngsters collected at the local office, and were picked up by trucks and cars and taken to their destinations. Most of them carried lunches, and were in picnic mood as they left the City.

The love of all Islanders for their native land could more easily be understood after he had seen the land for himself. Lord Lovat said last night on his arrival to attend the annual Scotch Gathering at Montague today. The distinguished former Commando leader stood up practically all the way over in the plane from Moncton last evening to better see the beauty of the Province.

The Highland Chief of the Clan Fraser, Lord Lovat, is an Army brigadier with the Distinguished Service Order and the title of Right Honorable. He is making his first visit to the Maritimes after having been a special guest at the Calgary Stampede. He was met at Moncton yesterday by Mr. Walter Shaw, president of the Caledonian Club of P.E.I., and Mr. George Fraser, Director of the Travel Bureau.

A tank car of oil recently purchased by the City as an experiment for use on the gravelled city streets, arrived yesterday and will be given a try-out immediately, according to information received last evening at City Hall. Mr. J. A. Fullerton, City Clerk expected that the Island Construction Co. would make a preliminary run on Upper Queen Street today.

The oil, which requires to be pre-heated, will be sprayed under pressure by one of the machines now available by the Company. The spraying of Upper Queen Street will be followed by a similar treatment on Highland Avenue, Upper Spring Park Road and possibly Maple and Green Streets, depending on the quantity of oil immediately available.

Should the treatment prove successful, a further quantity will be ordered and applied as promptly as possible.

At seven o'clock last evening with the thermometer hovering just a bit under a sweltering ninety degrees, a huge R.C.A.F. North

Star came rolling up the runway to the R.C.A.F. Station Summerside control tower where it disembarked the Central Band of the Royal Canadian Air Force. In one short hour all forty bandmen, under the direction of Flying Officer Karl Friberg, had eaten dinner, washed, climbed aboard a bus and arrived at the Summerside Memorial Park.

To the hundreds of music loving citizens who listened to Cole Porter's songs, marches by John Philip Sousa and special arrangements composed by the band itself, it was indeed the treat of the year. Soon even the blades of grass and the leaves of the trees seemed to be infected with the gay tunes and sprightly airs as they swayed and rustled as though fanning up a breeze for the enjoyment of the grateful audience.

THURSDAY

Organization is now underway of the Bishop's Hospital Building Fund which seeks to raise at least \$300,000 to help defray the cost of the building program at the Charlottetown Hospital. It is announced by the Most Reverend James Boyle, D.D., Bishop of Charlottetown. Funds are needed to pay for the construction cost of the hospital's new pavilion, which was opened in 1950 and for the complete renovation and modernization of the original hospital structure.

Word was received in the city of the death last night of Mr. B. Roy Holman, former Mayor of Charlottetown, who died in Toronto following an operation. The late Mr. Holman had served two terms as mayor as well as having been a member of the City Council prior to his election as Mayor.

A native of Winslow, Mr. Holman, who was 63, was a son of the late Mr. and Mrs. Isaac Holman. He left here a few years ago to reside in the Ontario city, but had returned on several occasions for visits. Word of his death was received by his sister-in-law, Mrs. Fred Holman, but there were no particulars available.

Reforestation in this Province, brought to the fore recently by the Federal Forestry Act, is rapidly forging ahead under direction of the Forestry Division of the Department of Industry and Natural Resources.

In an effort to maintain exact cost accounting records the Department has established its own nursery at Beach Grove Inn where approximately 120,000 plants have been put in. At the same time this year there were 12 acres planted to trees, mainly red pine, in Inona. These were planted by the mechanical planter which digs a trench and covers the seedlings after they are set in place.

The famed Highland Chief, Lord Lovat, his friendly nature permeating through the gathering as he mingled through the crowds of meeting club members, set the pace yesterday for one of the most successful and largely attended Caledonian Club Gatherings held in the Province in years. The gathering along with the sports events and other entertainments was held at Montague.

With the pipes skirling and the plaids whirling as the younger members danced to the Highland music, Lord Lovat, once a famous Commando leader and now a farmer moved through the large crowd meeting many of the older Scottish people and making friendships that will long remain in the memory of those whom he met.

Owner of a magnificent physical stature and wearing kilts Lord Lovat presented a majestic appearance as he walked around the club grounds, chatting with the clansmen.

But it was not Lord Lovat's fame alone that won him the approval of the crowd. Rather it was his friendly and sincere manner which he first manifested on the platform when he told the group that his main ambition during the afternoon was to meet as many of them personally as he could.

FRIDAY

"We have no intention of getting tough in the matter of dogs at large by accident, but those habitually at large are in for a clean-up," said Chief MacArthur yesterday in speaking of the activity of the police department in that respect. Since the drive began on July 1st to reduce the dog nuisance to "nil," more dogs have been picked up, six being destroyed. Fourteen have been reclaimed by their owners, and the remainder are still impounded. Even the tax had not been paid on many of these, so the pick-up has served a dual purpose.

Undaunted by the severe loss they sustained three weeks ago when the Tighish Legion building and contents were completely destroyed by fire, the Legion members together with the members of the Legion Club, are already planning to build a much larger building which will be in the nature of a recreation center to be known as the Tighish Legion Recreation Center. Such an institution has been a long felt need for the residents of Tighish and the surrounding farming and fishing settlements. Present plans are that the new building will be the headquarters for the Tighish branch of the Canadian Legion and the Legion Club, moving picture theatre and dance hall, bowling alley and reading rooms.

According to information received from the Seed Potato Certification Office, preliminary figures on the acreage entered for inspection this year in Prince Edward Island do not indicate that the increase will be as great as was anticipated. The following shows comparative acreages by varieties:

Table with columns: Acres Entered for Inspection, 1952 (Preliminary), 1951 (Final). Rows include: Sebago, Irish Cobbler, Green Mountain, Katahdin, Canso, Pontiac, Keswick, Warba, Sequoia, Netted Gem, Bliss Triumph, Kennebec, Chippewa, Others.

Plans are now underway for restoring the original chairs in the Confederation Chamber and Premier J. Walter Jones said last night he was expecting the arrival of a specialist in the work. Although the Premier did not name him, he stated the visitor would examine the seats and determine what steps would have to be taken.

A recent visitor to the Province, Mr. V. B. King, of Woodstock, Ont., was very much interested in the historic Chamber where Canada was born. Learning that the chairs used by the Confederation Fathers were becoming greatly worn and there was some danger that they might not be preserved in their original form if they were allowed to deteriorate further, Mr. King immediately offered to share in the cost of having the work done. His proposal was reported to the Guardian at the time.

Under the auspices of the Charlottetown Auxiliary of the Canadian National Institute for the Blind, the annual picnic for these handicapped residents of the Province was held yesterday in the National Park.

Through the co-operation of the National Park superintendent, one of the roomy Park kitchens was placed at the exclusive use of the picnicers for the afternoon. A full bus load of cheerful, blind folk made the trip to the seaside resort and enjoyed themselves immensely. Under the supervision of Mr. John Proude, a Charlottetown college student, the picnicers participated in games and competitions, and most of them figured in the prize list. Later they were served an excellent buffet lunch, and took part in a spirited sing-song.

OTTAWA, July 17 (CP) — The Princess Alice Foundation fund today announced the two winners of its 1952-53 scholarships, each valued at a minimum of \$1,200.

Winners are Audrey Macmillan of Fairview, P. E. I., and Shirley Anne Pearce of Winnipeg. The announcement was made by Senator Cairine Wilson, chairman of the foundation.

The scholarships, designed to further training of Canadian women as future annual leaders of youth, are open only to women with an approved bachelor's degree and must be taken at a school or university approved by the directors of the fund.

(Miss Macmillan is a daughter of Mr. and Mrs. Allison Macmillan of Fairview, and has had a brilliant scholastic career on the Island and elsewhere. After two years at Prince of Wales College she studied at the Nova Scotia Agricultural College at Truro, followed by two years at McGill University, where she graduated a year ago last May with the degree of B.Sc.)
