Morell To Have Blood Donor Clinic

The people of Morell and North Rustico are very much alive to the great numbers of blood donors required to meet the demands of patients in the Island's hospitals, our armed forces overseas, and for civilian defence. This is evidenced by the fact that both of these localities have requested that Red Cross Blood Donor Clinics be held in their localities. The Clinic in Morell has been arranged for Wednesday morning, May 30th, between 10 and 12 at the Canadian Legion Hall, but it was deemed advisable to postpone the North Rustico Clinic until the next visit of the Mobile Team which will be towards the end of August.

The Catholic Women's League, the Women's Institute, and the Canadian Legion at Morell are all combining their efforts to make the Clinic in their locality the most successful ever held in the province and are determined to come as close as possible to their objective of 100 donors. In order to be able to do this, Morell must have the full co-operation of the people in the surrounding districts so the Morell Committee and Provincial Red Cross Headquarters are contacting individuals and groups in the area and urging them to see as many donors as possible for this Clinic.
