TORONTO

TORONTO (CP)—Western oils cut their early losses almost in half on the stock market Wednesday to close down less than one-half point. Golds, ahead all day, followed their pattern of Tuesday when they dipped a few decimal points at the close.
New Hosco remained the outstanding speculative issue, erasing Tuesday's 41 cent loss and closing up an additional three cents at \$2.83. It traded 465,700 shares. Barnat was the second most active, trading 275,461 shares, up nine cents at \$1.69. Chesterville, jumped 17 cents to 35 cents on 210,800.

Among base metals senior mines were generally easier with changes fractional. In golds senior issues were practically unchanged but fractional losses to Hollinger and McIntyre kept the section down.
Senior oils were down among western oils. Most losses were small and many issues had cut their losses in half by the close.
Index changes: Golds off .03 at 82.70; base metals up 53 to 162.57; western oils off .42 to 138.49.
