OTTAWA, Jan. 9. Sir S. L. Tilley, who has been unwell for some days, was considerably better yesterday.

Hon. Mr. Morris, who is at present in city, is said to have made \$100,000 by speculating in North West lands.

Mr. Homer is now the only candidate for the Commons in New Westminster. The Opposition will not attempt to contest the constituency.

The quantity of private legislation that will come before Parliament next session will be unprecedentedly large. Already the Clerk of the House of Commons has received 99 notices of application for private bills. This is nearly double the whole number received last year and more than in any year since Confederation.

The following special cable appears in the Globe this morning: "The number of enquiries received at the Liverpool office of the Canadian Government during December, from persons contemplating emigrating to Canada, is altogether unprecedented at this period of the year. This fact seems to give assurance of a large increase in the amount of emigration to the Dominion during the coming season."

A British Columbia despatch states that an advertisement appeared in the newspapers announcing the intention of a company to apply to the legislative assembly for a charter to construct a railway from Esquimaux Harbor to Seymour Narrows, a distance of 140 miles and a grant of public lands in aid thereof. The notice causes a commotion. It is supposed an American syndicate desire to secure the coast lands, and that they are encouraged by the local government.

OTTAWA, Jan. 8.

Mr. F. N. Gisborne has invented a signal apparatus, to be used on board ships, which is intended to supersede the present flag code system. The ball, flag and pennant symbols are adopted by all nations and by Mr. Gisborne. The apparatus can be seen at a great distance either during storms or in calm; the cost of the apparatus being only about one third that of flags.

FREDERICTON, N. B., Jan. 9.

Mayor Fisher (Conservative) was re-elected over J. Henry Phair (Grit) to day by a majority of 194.

Bishop Duhamel's visit to Rome is in connexion with a scheme for dividing the diocese, at present the diocese being too large to administer. A Vicar Apostolic, with jurisdiction over the west coast of Newfoundland and north coast of the St. Lawrence up to Labrador, also in the Magdalen Island, will soon be appointed.

The letter carrier system will be introduced in Winnipeg as soon as the houses are numbered and street names posted up.

The Montreal tea and coffee merchants will shortly hold a meeting to appoint a deputation to wait on the Finance Minister, requesting that whatever changes are to be made in the duties on tea and coffee be made at once, instead of waiting until the budget is brought down.

The Ottawa Citizen says Mr. Douglas has realized about \$35,000, and Capt. Lang about \$25,000 on lucky land investments in the North West. Both of the fortunate gentlemen belong to the Department of the Interior.

It is reported that the Government intend, along with the various companies interested in settling the North West, to frame a scheme of female immigration from Europe. The disparity in sex is very great, according to census returns, and it is very difficult to procure domestics except at very high wages, which range from \$12 to \$20 for ordinary help. An offer will therefore be made to reduce passage rates from Europe for domestic servants.

WASHINGTON, Jan. 9.

In the Guiteau trial to-day Scoville resumed his argument in support of prayers of the defence. He laid stress upon the fact that insane men often know the difference between right and wrong and for that reason conceal their plans. That the benefit of the doubt shall attach to the plea of insanity when raised, with the same force as when urged in connection with commission of crime. After recess Crok-

hill made an exhaustive argument upon the question of jurisdiction which had been raised by the defence. Davidge then discussed the question of "malice," which he said in a legal sense meant intentional doing of a wrongful act and not as the defence seemed to claim. Davidge pointed out "sophistries and inconsistencies" of defence, and spoke at considerable length. The Court then adjourned till to-morrow, when Porter makes concluding argument. Judge Cox will then render his decision.
