HOLMAN'S "ON THE MOVE"

In line with our "policy of improvement" in both stores, Holman's, on the completion of their two modern store fronts, plan, in Summerside, installation of a larger, more convenient parking lot to hold approximately 150 cars so that we can more adequately serve our many local and out-of-town customers. And, in Charlottetown, it is planned, early in '63, to

install a larger, faster and, of course, more modern elevator to improve still further service to second-and-third floor customers. In the meantime, on pages 15, 16, 17, and 18, we continue to present "the Maritimes' greatest values"—our way of saying "Thank you" for your courtesy while renovations are under way.
