### What is Dr. Chase's Nerve Food?

In appearance Dr. Chase's Nerve Food is an oval, chocolate coated pill. In the condensed form it contains all of nature's most strengthening and invigorating tonic and restoratives and for this reason it is unapproached as a blood builder and nerve restorative. It cures all diseases caused by thin blood and exhausted nerves and makes pale, weak nervous men, women and children strong and healthy. 50 cents a box.

### A Good Stomach.

Dr. Chase's Kidney-Liver Pills regulate the liver, kidneys and bowels and by their direct action on these organs effect prompt and lasting cures of biliousness, dyspepsia, headache and all kidney ailments. ### THE GORDONS AT THABA N'CHU.

(Continued from Page 3.)

that he whose lion soul had pointed to them the crimson path of duty was to lead them no more. The noble heart that beat so true to honor's highest notes was not stilled, but a bullet missing the brain had closed his eyes forever to God's sunlight, leaving him to go through life in darkness; and they mourned for him as they had mourned for noble, white-souled Wauchope, whose prototype he was. They knew that many a long, long year would roll away before their eyes would rest upon his like again in camp or bloody field. But it gladdened their stern warrior hearts to know that the last sight he ever gazed upon was Scotland sweeping on her foes.

And when our noble Queen shall place upon his breast the cross which is the soldier's diadem, their hearts will beat in unison with his, for their strong hands on that May day helped him to win what he is so fit to wear; and when our sovereign honors him she honors them, and well they know it. And when the years have rolled away, and they are old and gray, and spent with wounds and toil, fit for nothing but to dandle little grandbabes on their knees, young men and maids will flock around, and, pointing out the veteran to the curious stranger, say with honest pride: "He was with Towse the day he won the cross."

### FOR MIDSUMMER READING

Filled to overflowing with bright, snappy fiction, timely articles on the world's doings, and special features of great interest, "The National Magazine" of Boston appears for July in a new and attractive cover design. This issue is called a "Mid-summer Fiction Number," and its contents fully bear out this title. There are a number of especially strong short stories by American authors, together with many amusing sketches and some poetry of more than ordinary merit. Joe Mitchell Chappie's gossip of "Affairs at Washington" is intensely interesting, and the elaborate illustrations add beauty to the pages. "The National Magazine" ranks easily with the best value for ten cents on the news stands. A double front-piece is presented in this number, of portraits and signatures of William Jennings Bryan and Mrs. Bryan. Political intrigue of the time of Grant's Presidency is treated in an interview with a member of his cabinet. The 1,500 Cuban teachers visiting the United States have an article specially devoted to them, and a greeting extended in Spanish. The subject of a glacial invasion of New York is interestingly treated. Boston's famous subway system is illustrated and described, and concise facts regarding historic Boston are given. The Chinese situation receives attention, and the 1,000-word article descriptive of Stevenson's return to San Francisco. The regular departments are as interesting and timely as usual, and altogether, if you want the best magazine to take with you to the shore, or elsewhere, you can do no better than buy the "National." If your newsdealer's supply is exhausted, or he does not handle it, send direct to the publishers, the W. W. Potter Co., 91 Bedford Street, Boston, Mass.

### OVERCAME HIS EMBARRASSMENT.

Among the stories told of Charles Lever, the witty novelist, is one which concerns the days when he was British consul at Trieste, relates the Youth's Commission.

He had accompanied his daughter to London for a little social enjoyment, and had neglected to go through the formality of asking for a leave of absence. On his arrival at London he was invited to dinner by Lord Lytton, who was delighted to see him.

When he arrived at Lord Lytton's house his host said, "I am so glad you could come! You will meet your chief, Clarendon—the Minister of Foreign Affairs."

The novelist, much embarrassed, began to give reasons why he must tear himself away, but before he could make his escape, Lord Clarendon was announced, and almost at once espied him.

"Ah, Mr. Lever," he said, blandly, "I didn't know you were in England; in fact, I was not even aware that you had asked for leave from Trieste."

"No-o, my lord," stammered the novelist disconcerted for a second, but no more than that; "no, my lord; I thought it would be more respectful to your lordship for me to come and ask for it in person!"

### Backache for 18 Years.

Suffered Much—Was Unable to Work or Sleep—Dr. Chase's Kidney-Liver Pills Made Him Well.

Too many endure the misery of backache without knowing that it is the unmistakable symptom of kidney disease. As you value your life do not neglect a backache. It tells of the beginning of the most fatal of diseases—Bright's Disease of the kidneys.

Mr. D. C. Simmons, Mabee, Ont., writes:—"My kidneys and back were so bad that I was unable to sleep or work. My urine had sediment like brickdust, and I had to get up three or four times every night."

"I saw Dr. Chase's Kidney-Liver Pills advertised, and decided to give them a trial. I have only used one box, and am a well man again. I can saw wood or do any kind of work, and am not bothered with backache or kidney troubles. I also enjoy good rest and sleep, which is a great relief after suffering for eighteen years."
