S'side Y's Men's Club Annual Report

The following is the report of the retiring president of the Summerside Y's Men's Club, C. Ross MacKenzie on the occasion of the annual meeting held on Thursday evening at the Olympia Restaurant.

At last week's meeting we celebrated the 13th anniversary of the founding of the Summerside Y's Men's Club. During the year, as president of the club, I have had the opportunity of reviewing the past work and I pay tribute to the foresighted men who have chartered the course of the club and overcome the many obstacles they must have encountered.

In reviewing the work of the past year we can be proud of our accomplishments as outlined in the reports you have heard from the committee chairmen, but allow me to dwell for a moment on the bathing house. This service to our community cannot be measured in dollars and cents expended nor in actual manual hours supplied by the members of the club; it can only be highly assessed by providing healthful recreation for the boys and girls of our town — our critizens of tomorrow — and as a service to our summer visitors. We can be most proud, that because of the cooperation of the water and safety programme of the Red Cross and the caution displayed by our instructor, Y's Ralph Emery, that there have been no drownings and also that swimming fatalities in this Province are being reduced yearly. If we have averted one near drowning in this Province because of this safety programme our efforts have been nobly repaid.

During the early part of the summer we sponsored a Mart Kenny dance with the local R.-C. A. F. station, had representatives to the Maritime conference in Fredericton, sent several Summerside boys to a Charlottetown Y.-M.-C.A. camp, assisted the Girl Guides in getting to camp, held a party for our new Canadians and conducted one of the most successful swimming galas ever to be held in this Province.

While most members might have hoped for a summer vacation from Y's Men's work, each was left with "talent money". This more than doubled itself and provided amusement at one of our ladies nights in learning the ingenuity of the members in increasing their talents.

During the fall we had many visits from distinguished guest speakers, including our District Governor Ralph MacLean of Charlottetown and Jim McConnell, the secretary of the Maritime boys work program. We donated playground equipment worth $100.00 to the local Knights of Columbus, assisted in the blood donors clinics under the chairmanship of Y's Bill Currie and assisted the annual tuberculosis seal campaign.

In spite of the usual Christmas rush, we found time to distribute Christmas treats to hospital patients and those confined, assisted the Kinsmen's Club in their community chest program and arranged for the showing of suitable Christmas films for the local Sunday School concerts. In late winter we sponsored a movie in aid of the Prince County Hospital and conducted a most successful radio auction.

We welcomed new members throughout the year who helped fill the vacancy caused by the untimely death of our 1948 president, the late Roy Daye and conducted a service in his memory. We attended the farewell church services of Y's Charles Carnegy and saw Y's Roy Pollard and Y's Louis Bezeau leave us for other parts of Canada.

Plans for the Future

But what of the future? Did we lay any foundation on which the new executive could build? Did we leave them sufficient timber to keep our club a progressive one? Yes, I believe that we did in further assisting the work of the manual training in our High School and the renewal of Boy Scout work in Summerside.

I know that in the planning of the budget for the 1950 season we will ascertain if something further cannot be done for the boys at the manual training — that some necessary equipment will be provided to increase this very fine work Shall we not be able to find suitable quarters for the Boy Scouts? Can we not improve our Fernwood camp for the use of Scouts and Guides? Yes, we can and we will with the help of each and every Y's Man whether he holds an office or not. What gives us the enthusiasm to know that we can and will, over a period of time, accomplish these things and many more? Is it the push of one officer? Is it the desire to be better than other service clubs or is it solely to be of service to our Town alone?

No, I think not. It is because we belong to an international organization, an organization which is composed of men like you and me, meeting together and learning about our brothers in other lands who are not as fortunate as we but men who have accomplished much with little. It is men like the Y's Men of Japan who first erected a Y. M. C. A. building when the city of Hiroshima was devastated by the atom bomb. They knew the work the "Y" had done and could do to relieve suffering of spirit, mind and body and amidst the rubble they saw a new light on the horizon — a new future with a Y. M. C. A.

True, we haven't a Y. M. C. A. in this town. It is also true that we are in need of one and are we not forgetting that this should be one of our foremost objectives? It is something that cannot be accomplished within the term of one president or two or three, but the spark is needed now for our building of the future.

Let us pave the way for character building of our youth. Ours is a Christian organization — may we long and ever remember that and let us remember the privileges we enjoy as given from above. Let us "acknowledge the duty which accompanies every right." It has been a privilege and a pleasure I shall long cherish in being president of the Summerside Y's Men's Club and I thank each and every member for his willing cooperation, his advise and his loyalty throughout the past year.

In our new president we have a man who is well able to lead us to the paths of glory. I present to you your new president, Y's Fred Bingham, and I have much pleasure in presenting him with the pin of office. — S
