NATO Nations Agree On Nuclear Command

PARIS (AP)—The 15 NATO nations, including France, have agreed to set up a unified nuclear command that would include air and sea strike forces, highly qualified sources reported here.

The French agreement foreshadowed creation of a NATO nuclear force—composed of national contingents—when NATO foreign ministers meet in Ottawa May 22 to 24.

"It's 80-per-cent certain that the plan for an inter - allied (multinational) nuclear force will be accepted (officially) at Ottawa," one senior French official commented.

"But it is important to note that France is not accepting the spirit, or indeed any part, of the proposals which arose out of the Kennedy-Macmillan meeting in Nassau last December."

Qualified sources reported the decision on the multinational force after United States Secretary Rusk addressed the NATO permanent council on current moves to establish a nuclear force within the framework of the alliance.

USE U.S. NUCLEAR SUBS

American nuclear - powered submarines, now assigned to the Mediterranean, will be placed in the multinational command under U.S. Gen. Lyman Lemnitzer, supreme commander of NATO forces in Europe.

Boston Coed Survives Attack

BOSTON (AP)—A pretty coed survived a strangulation attempt Tuesday night as she returned to her dormitory from a Lenten visit to a nearby church.

There have been eight unsolved strangulations of women in this area in 10 months.

Her assailant fled after she lost consciousness and a Northeastern University male student ran to her aid. Miss Sarah Brower, 19-year-old student of Leland Powers School, was under treatment Wednesday in hospital for severe neck bruises.

Miss Brower, whose home is in Bangor, Me., was semi-conscious, hysterical and incoherent when Richard Coca reached her side.

Steel Price Line Broken In U.S.

NEW YORK (AP)—The price line in the United States steel industry was broken Wednesday by one of the smaller producers. The big question now: What will the rest of the industry and President Kennedy do about it?

A selective price increase by Wheeling Steel Corporation posed momentous questions.

President Kennedy postponed until today his departure from Washington for an Easter vacation in Florida.

CONTRACT BRIDGE

By B. JAY BECKER

QUIZ

You are South, both sides vulnerable. The bidding has been:

North	East	South	West
1 ♠	Pass	1 ♥	Pass
2 NT	Pass	?	

What would you now bid with each of the following five hands?

1. ♠J52 ♥Q7643 ♦83 ♣K74
2. ♠K74 ♥KQ653 ♦QJ ♣A82
3. ♠KQ63 ♥AJ752 ♦K84 ♣3
4. ♠94 ♥KJ86 ♦AJ74 ♣752
5. ♠K963 ♥J7542 ♦9 ♣A83

1. Pass. The two notrump bid is not forcing. It naturally shows a powerful interest in getting to game, but at the same time permits the responder to pass with no values in addition to those already shown. Since the heart response in this case was based on minimum values, the best thing to do is pass.

Point count can be used to make the same determination. The jump rebid of two notrump shows 18 or 19 points. Hence, the combined values can scarcely come to 26 points, the number usually required for a sound three notrump contract. The fact is that even two notrump is in some danger of defeat.

2. Six notrump. Here, also, point count is very helpful. We simply add our 15 points to the 18 or 19 North has advertised, and that brings us to 33 or 34 in the combined hands. The magic number for a slam in notrump is 33, so we have something to spare. Besides, our hand is clearly of the notrump type.

3. Three spades. This hand has slam aspects also, but it is not from the notrump family because of the singleton club. Suit slams usually do not require 33 points if there are distributional values to compensate for a slight shortage of high-card points.

The three spade bid is made at this point, not in the hope of finding North with four spades, which is unlikely, but in order to represent the 4-3-3-3 distribution so that partner can intelligently choose the ultimate suit-slam contract.

The intention is to bid four diamonds next if North bids three notrump over three spades. North would thus become aware of the club shortage and could then choose the best suit contract.

4. Three notrump. There is not much point to bidding three diamonds, since the easiest road to game with this layout is obviously notrump. Nine tricks in notrump should be easier to collect than eleven tricks in diamonds.

5. Three notrump. Hands with singletons are not ideal for notrump play, but in this case there is no good alternative contract. Obviously, a game must be reached, since the combined hands contain at least 26 points. The only other bid to consider is three hearts, but it would be somewhat misleading to rebid such a weak suit.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
