L'IMPARTIAL
TIGNISH, 15 OCTOBRE 1896.

S'il faut en croire les statis-
tiques, les libéraux ont un dé-
ficit de \$8,000,000 en perspec-
tive pour l'année prochaine.

Dit le Messenger de Lewis-
ton:

Il y a 20,000 journaux aux
Etats-Unis. Sur ce nombre 13,
000 sont en faveur de McKin-
ley et 6,000 pour le candidat
argentiniste, M. J. Bryan.

Se rendant aux instances du
Revd. A. E. Burke, les Revs.
Pères Paulistes, les missionnai-
res les plus célèbres du contin-
ent visiteront l'île, l'automne
prochain, et feront des missions
dans les paroisses d'Alberton,
Summerside, Vernon River, St.
George et Morell. Ce sera un
privilegé rare accordé aux fi-
deles de ces paroisses aussi
bien qu'à ceux des paroisses
voisines.

Il semble décidé que M. Lau-
rier ne visitera pas l'Angleterre
l'automne, quoique plusieurs
personnes, entre autres M.
Blake, insistent pour qu'il fasse
ce voyage. Pour le peu de
temps qui s'écoulera entre les
deux sessions, le gouvernement
a assez à faire pour retenir M.
Laurier ici.

M. Davies ministre de la
marine et des pêcheries, vient
d'acheter un bateau à vapeur
qui doit être placé sur la route
entre le cap Tourmentin et le
cap Traverse. Le vaisseau est
de 200 tonneaux, a 129 pieds
de longueur, 26 de largeur et a
une profondeur de 9 1/2 pieds.
Le Stanley continuera le ser-
vice entre Georgetown et Pic-
ton.

M. Sifton, l'un des membres
du gouvernement Greenway,
vient d'entrer dans le cabinet
Laurier comme ministre de
l'Intérieur. On croit que cet
avancement politique accordé
à l'un des auteurs de la persé-
cution religieuse, est destiné à
faciliter le règlement de la
question scolaire.—Le Pionnier.

Le "Eastern Chronicle," pub-
liée à New Glasgow, N. E.
vient de publier un magnifique
numéro illustré sur papier de
luxe. Les illustrations compren-
nent les principaux citoyens et
bâtisses de la ville. M. Macken-
zie, l'éditeur propriétaire de ce
vaillant journal mérite félicita-
tions.

Lord Rosebury vient de don-
ner sa démission comme chef
du parti libéral anglais. La
cause est attribuée à ce qu'il
ne partageait pas les opinions
de M. Gladstone et de plusieurs
membres importants du parti
libéral sur la question d'O-
rient.

Il n'est nullement nécessaire
pour être bon citoyen, d'aban-

donner le parler de ses ancé-
tres. J'ai toujours regretté que
la France n'ait pas envoyé deux
cent mille colons en Amérique;
la moitié de notre continent se-
rait aujourd'hui français, et ce
serait tant mieux.—mgr.
Spalding.

Nous venons de recevoir un
numéro du journal "La Libre
Parole", rendu intéressant
d'une manière toute particu-
lière en ce moment, à cause du
procès intenté par M. Tarte
contre l'éditeur propriétaire, M.
Grenier.

"La Libre Parole" ne démen-
tit pas son nom. Très bien écrite
elle verge à droite et à gauche
sans trêve ni merci et promet
d'être intéressante pour ses lec-
teurs.—Succès au nouveau con-
frère.

Quelques jours avant la pro-
rogation des chambres les dé-
putés et sénateurs conserva-
teurs se sont assemblés en can-
cus, à Ottawa, et ont jeté les
bases d'une association conser-
vatrice générale pour tout le Ca-
nada, et d'une association par-
ticulière à chaque province. Le
nombre des membres de cette
association sera de 25 députés
comme suit: Ontario, 6; Québec,
5; Nouvelle-Ecosse, 3; Nou-
veau-Brunswick, 2; Ile du
Prince Édouard, 2; Colombie
Anglaise, 2; Manitoba, 2; Les
Territoires du Nord-Ouest, 2.
Les associations provinciales
délègueront quelques uns de
leurs membres et ces délégués
formeront l'association fédé-
rale.

Sa Sainteté, Léon XIII a ac-
cueilli avec la plus haute fa-
veur et puissamment encoura-
gé par un bref le pieux dessein
conçu par bien des plus fer-
vents catholiques d'Italie, à
savoir de préparer une ma-
nifestation solennelle et univer-
selle de foi et de reconnais-
sance à Notre Sauveur Jésus-
Christ, ainsi qu'à son vicaire
ici-bas, pour dignement clore
le XIX siècle et dignement in-
augurer le XXe.

A L'ŒUVRE

Nous publions aujourd'hui
une lettre du Révérend Père
Burke sur l'industrie laitière,
que nous ne saurions trop re-
commander à l'attention de
nos lecteurs. Le Révérend mon-
sieur, qui a toujours si vive-
ment à cœur l'avancement de
ses concitoyens doit éprouver
une grande satisfaction de voir
que ses efforts incessants sont
si hautement appréciés et qu'un
si grand nombre de nos fer-
miers ont déjà mis en pratique
ses sages conseils, et se propo-
sent de redoubler de zèle dans
la poursuite de la culture du
blé-d'Inde qui est reconnue, au-
jourd'hui, être un système
beaucoup plus avantageux que
l'ancienne méthode que nous
avons poursuivie à notre détri-
ment depuis bien des années
et qui devient de plus en plus
ruineuse. Ceux qui, d'abord,
s'étaient montrés hostiles à l'é-
tablissement des fromageries
et des beurrieres, mais qui, tout
de même, sont les amis du pro-
grès, n'ont pu se soustraire au
désir qu'ils éprouvaient de
faire l'essai de cette nouvelle
mode de culture, et aujourd'hui,
que, comme résultat de
leur expérience, ils récoltent
10 1/2 cts. la livre pour le fro-
mage à la fabrication de le-
quelle ils ont contribué, ils
sont des convertis sincères à la
cause.

Le Révérend Père Burke dé-
montre tous ces faits dans son
intéressante lettre que nous
publions; c'est pourquoi nous
espérons que tous ceux qui
sont les amis du progrès, ici, à
Tignish, ne resteront pas plus

longtemps sourds à l'appel
chaleureux qu'il leur est fait
par la lettre du Revd. P. Burke
et qu'ils aviseront, sans retard,
aux moyens à prendre pour se
placer au niveau des autres
cantons qui ont déjà su profiter
des avantages que leur procu-
rent les fromageries—avan-
tages qui sont dus à l'adoption
du nouveau système de cul-
ture poursuivie dans toutes les
autres paroisses de cette pro-
vince, Tignish excepté. Pour le
bien général de cette par.isse,
nous avons besoin d'une fro-
magerie. Le temps est propice
pour en jeter les bases. Donc
agissons.

OUR CORN CROP WEST.

ITS RELATIVE VALUE TO
SUCCESSFUL DAIRYING.
THE EXPERIENCE OF
THE PAST RECALLED.
THE COUNTY'S
HOPE FOR
MILK.

SIR—Although this is a year
of full and plenty of grain and
fodder and roots, it is none the
less a matter of a very great
satisfaction to see the general
way corn planting has been
practiced throughout the land
and the amount of shocks of it
now dotting the country. Had
the season continued dry as it
commenced, this supply of fod-
der-corn in a year of low prices
for potatoes and oats, would
have been the saving of many
a farmer. As it is, it should be
carefully harvested and made
to do good service during the
winter months to get the milk
cattle in proper condition to
give good returns when the
dairying season of 1897 opens.
Despite all we have been able
to say or do, despite the assu-
rances of those capable men in
charge of the industry in the
province, this has been so far
a very unsatisfactory year for
our western factories. We were
unfortunate to have opened
them in a year of great depres-
sion in the prices of cheese.
The expectations of the people
who went into the business,
with poor cows in many cases
and improperly fed cows gene-
rally, it is true, but still with
a fixed belief that they would
get at least 70 cents per cwt.
for their milk, as some felt safe
in assuring, were not realized.
They only got from 52 to 54
cents, and although this was
really better than anything
else they have done—was a
more profitable sale by far than
they could make on their pota-
toes and oats, they could not
be persuaded in most cases but
that they had lost severely by
not churning their own cream
and selling poor butter at stores,
as necessity demanded, for as
much goods as they could se-
cure. And there were some
who, used to hearing every
thing bad of the Government
really believed that the De-
partment of Agriculture had
made a handsome penny of
profit out of them. We figured
out the whole matter of the
home sales for butter, etc., and
those for milk to the dairy sta-
tion with them, but there is a
mystery in figures for most far-
mers who do everything, alas:
by the rule of thumb, and they
were mystified, I suppose, but
hugged their delusions all the
closer.

This season's work, then,
has been an eye-opener. Their
own pockets have felt the re-
sult. They are mathematically
sure that the man who has
given milk to the factory is
away ahead in his receipts. In-
deed, they know that their
prudent, long headed neigh-
bors, who have fed their grain
and green crops unstintedly

when the pastures were short,
will have, besides the indirect
benefits, a greater direct value
for the stuff thus consumed
than can be had in any other
way. They believe now un-
flatteringly, that a cheque for
\$15 or \$20 per month in hard
cash is equal to nearly double
of those amounts to their credit
at the village store—that they
can buy with an immense dif-
ference in satisfaction for cash
and wreathe with genuine
smiles the faces behind the
counter. They also have a dol-
lar to meet ordinary require-
ments and legitimate pleasures,
and something substantial to
to pay the instalment on the
land or machinery when it
falls due. The old opinion that
pigs and calves could not be
raised if the milk were given
to the station is also exploded.
They have seen the best pa-
trons of our factories take all
the prizes for those animals—
men like Henry Gordon and
Joseph Keefe in the west,
whose milk accounts this year
will be of the largest. Besides,
I believe that the rather unfair
not to say dishonorable, man-
ner in which many of the ori-
ginal patrons of factories have
acted towards the manage-
ment will secure better patron-
age from farmers next year, and
a higher general regard for
their calling. Those men at the
start volunteered so many
cows and so much stock. The
directors pledged their credit
on those assurances, and the
factory was built. They (the
Board) are still responsible in
many cases for claims, and the
farmer who refuses to be as
good as his word is no credit
to any community. We have
some of those men it would
appear, but in view of the op-
probrium they have earned,
we sincerely hope that their
number will grow smaller and
smaller and beautifully less.
They have not made anything
out of their dishonesty either
and are liable now before the
law.

All those circumstances then
make for increased activity in
dairy work next year. Let wes-
tern farmers prepare for it
thoroughly. Select the best
cows available, your tested
cows, and breed them to good
males. There are good ones in
the country now and it will
pay you to patronize them.
Then feed them for milk. The
cow must be fed to produce
milk. It is time our farmers
ceased to regard a measure of
grain or meal fed to a milk
cow as wilful waste. His Honor
the Governor, who never tires
in his efforts to encourage any-
thing of provincial advantage,
has repeated from every plat-
form in the province the strik-
ing epigram: "The best cow is
the best fed." This may be ab-
solutely true, but there is a
great deal in it to ponder over.
The best performer at the pail
in Mr. Heartz's herd—and we
are proud of having now one
of the best herds of milkers in
America right here on Prince
Edward Island—would scarce-
ly produce milk enough to
feed a cat if used as many of
our cows are. Get the best
you can then without entail-
ing extraordinary expense, im-
prove them by judicious breed-
ing, feed them generously and
they will repay you
amply in the end.

The silo is of course a neces-
sity. It is indeed a cheap ne-
cessity if people would only
think so. Lately from intelli-
gent centres has come the
word that corn harvesting in
ricks is as good and is produc-
ing as good results as corn
made into ensilage. Of course
if the corn were saved in such
a way that no loss from expos-
ure to weather, etc., ensued,

Few people have any idea of the value of old, rare, odd and ob-
solete coins. Did you know that a Boston Twenty Thousand
Dollar Bill is worth as much as six hundred
DOLLARS EACH? It is a fact that the rare 1827 quarter is worth
\$200.00, the 1853 quarter is worth \$20.00,
the 1860 silver dollar is worth \$200.00, half cents made between
1840 and 1850 are worth \$2.00 to \$5.00 each, some large old style
fractional currency or "cents," besides these, many rarities of ten
and three-cent pieces, half dimes, dimes, twenty-cent pieces, quarters,
continental and Confederate bills are rare and valuable, as well as certain pieces of
copper cents are worth a big premium over face value. The Reliable Coin and
Dollar are worth a big premium over face value, and you may depend upon it.
Stamp Guide gives accurate information, and you may depend upon it.
While a great many people collect old coins, there is more demand for rare post-
age and revenue stamps, and some comparatively recent stamps are now scarce.
Collections of stamps often sell as high as A THOUSAND DOLLARS. Stamps from
letters sent during the war, revenue stamps, match wrappers, old documents, etc., are in great demand
without mention of the fact that you may find some rare things. This book
gives all particulars, with prices. SPOT CASH. Pictures, etc., and gives address
of reliable firms who buy them for you. So matter if you handle but ten
cents a day you should have this book. EVERYBODY NEEDS IT. Farmers, Storekeepers, Clerks, Me-
chanics, Agents, Postmasters, Doctors, Lawyers, in
fact, all who have to do with money, should have this book. It is worth its weight in gold to any
person who has to do with money. It is the only book of the kind that is so complete and so
