

Spirit of Lionism Flooded In Speeches of Delegates

The first vice president of Lions International, Claude M. DeVore, Wichita, Kan., addressed some 700 delegates to the 26th annual Multiple District 41, International Lions at the Kaiti Recreation Centre last night.

Mr. DeVore, who arrived yesterday afternoon from Italy was addressing the largest convention ever held in the 26-year history of district 41. He spoke on the true spirit of Lionism.

He told the lions "this is our day of service," to the community and those less fortunate than themselves.

He said the second mile in Lionism is by choice and that it is a true comprehension of the country in which we live. "I firmly believe that the majority of people in both French and English speaking Canada desire to work together for the well-being of their country."

Donor Turnout 'Disappointing'

SUMMERSIDE — Blood donor committee chairman G. R. E. Hagan last night expressed an "extremely disappointing" turnout at the blood donor drive held at the fire hall here.

Mr. Deigan said that the turnout was "serious" and that "we had a better turnout last December during the storm."

The clinic yesterday had 179 donors, "this means that we must have 765 Tuesday if we are to meet our quota," he said.

Last year 714 pints of blood were used at Prince County Hospital. At this rate we will have to import blood from other areas and this isn't pulling out all of the load at all," he stated.

"We would like to see the fire hall filled to overflowing," he continued, "we would like to see the people of this area go out there in this most important matter."

The clinic at the fire hall is open between the hours of two and four in the afternoon, and seven to eleven in the evening. It is the hope of the committee that employers in the area will urge their employees to attend these clinics.

He said that woman was made to be like him, her role is one of influence. "A woman can lead a man, but only by being feminine."

Lobster Boat Said Overdue

HALIFAX (CP) — RCAF Search and Rescue headquarters here said Monday night a small lobster boat with three men aboard was overdue in Northumberland Strait.

The 38-foot rosalin L, out of Shediac, N.B., was last reported at 10:30 a.m. A.D.T. Friday when she passed through the locks on the Strait of Canso between mainland Nova Scotia and Cape Breton Island.

The RCAF said the vessel's skipper, Aristotle J. LeBlanc of Dupuis Corner, N.B., had reported at that time he was heading for Shediac. A SAR spokesman said the vessel should have reached Shediac Sunday morning.

The two other men aboard the Roalin L, built at Dupuis Corner in 1958, were believed to be Mr. LeBlanc's sons but their names and ages were not available.

The spokesman said the vessel may have put into a Prince Edward Island port and failed to report her position. She is equipped with only a radio receiver but has no transmitter.

The RCAF said it would look for the vessel this morning if she is still unreported.

New York's Manager Expresses Thoughts

PEE WEE REESE, the old Brooklyn shortstop, who completed a national tour of a game in Cincinnati, and then flew here in time to catch the last few innings at Shea Stadium. He joined the hardy souls among the crowd of 57,607 paid-largely in the majors this year—who stuck it out to the end.

Houston Colts, who finished up in Philadelphia and arrived in town in plenty of time to watch the game on their hotel television sets.

Casey's own record for longevity—the 28-year-old pilot of the Mets broke his long game mark. He was the manager of Boston Braves in 1940 when they went 22 innings with Brooklyn Dodgers. That game took five hours and 19 minutes.

The fact that the Mets, who are outdriving the cross-town Yankees at the rate almost 2-to-1, also eclipsed the Yankees' long game record, set in 1952 when the Yankees went 22 innings against Detroit Tigers. That was the longest game in all the Mets took over.

The Yankees went their long game.

June is Dairy Month in Canada

Every month is Dairy Month, for milk and the food made from it are provided at top flavor and quality the year round. Trout Treat

Next time friend husband proudly presents you with his prize trout, give it the tender treatment. As you broil it, brush it with melted butter, using the proportions of a tablespoon of chopped fresh mint (or a half teaspoon of the dried stuff) to a quarter cup of melted butter... brushing it over, but do not brush the broil. Might try parsley butter with salmon, chive butter with whitefish, and use those quick butter sauces in dips, soups, canned and frozen fish too!

Dreamy Dessert

Here's a dream of a fresh strawberry dessert. Just combine a pint of heavy cream with a pint of luscious red strawberries washed, hulled and cut in half. Flavor the cream first with a spoonful of sugar, white or brown, and vanilla or a hint of almond if you like. Gently fold in half a cup of coconut and the same amount of miniature marshmallows (or cut-up big ones)... then cut easily with wet knives. Add the strawberries... cover and chill the mixture deeply till serving time. Serve in a tiny soufflé future summer desserts with other fresh fruits too!

Holiday Hints

We'd like to remind you that when fresh milk and cream aren't available at your camp or cottage, you can use milk and milk powder will come to your rescue. Both are made in a way that they whip up readily into marvelous dessert toppings, so good with fresh fruits and camp-style desserts!
