Premier Impressed With Pictou Fair

Premier J. Walter Jones, who returned yesterday after attending the opening of the Pictou-North Colchester County Fair at Pictou was highly pleased with what he saw there. He reported seeing some fine quality Jersey cattle and some good Ayrshires.

The Premier remarked that it was a high class county fair and he was particularly impressed with the excellent manner in which it was run.

He did not elaborate on his suggestion in Pictou that a winter service be established between that port and Prince Edward Island, and would not mention any particular terminus in this Province for such a service.

Postal Workers Jobs And Salaries To Be Reshuffled

OTTAWA, Sept. 6 —(CP) —A reshuffle of grades affecting the jobs and salaries of some 10,000 postal workers across Canada is made effective by an order-in-council announced Wednesday by the government.

The order, back-dated to July 1, abolishes the position of junior postal clerk and postal clerk and replaces them with the new classifications of postal clerk grade 1 and postal clerk grade 2 respectively.

The order also stipulates that letter carriers, mail porters and postal dispatchers in small cities will henceforth be on the same standing as men holding similar jobs in larger cities. A differential which existed between post offices of different sizes is wiped out.

Starting wage for the new position of postal clerk grade 1 is $1,-332 annually, rising to a maximum of $2364, compared with $1,536 rising to $2,232 for junior postal clerks. Postal clerks grade 2 salaries are unchanged at $2,028 to $2,-904.

Qualified Recently As A Paratrooper

Sgt. L. E. MacLean, who is stationed at Valcartier, Quebec, with the Carleton York Company, First Canadian Infantry Battalion, 27th Brigade, is spending fourteen days leave in the city at the home of his mother, Mrs. Myrtle MacLean, 49 Dorchester Street.

Sgt. MacLean recently qualified as a paratrooper, and has been in the Canadian Army since 1927, when he joined the 26th Field Ambulance, N. P. A. M. Transferring to the P. E. I. Highlanders in 1935 as Medical Sergeant, he later served with the Regina Rifles overseas in Belgium, Holland and Germany.

Returning to this country in 1946, he then served with the Royal Canadian Regiment until he was attached to his present post as instructor with the Carleton York Company. Sgt. MacLean is married to the former Margaret Diamond of this city and has two children.

BIRTHS, MARRIAGES DEATHS

50c per Insertion

BIRTHS

GALLANT — At the Charlottetown Hospital on August 31st, 1951, to Mr. and Mrs. Nazaire Gallant, City, a son.

MacEWEN — At the Prince Edward Island Hospital, Thursday, Sept. 6, 1951, to Mr. and Mrs. Preston E. MacEwen, Greenwich, a son.

INGS—At the P. E. I. Hospital on Thursday, September 6, 1951, to Mr. and Mrs. Stirling S. Ings, Cherry Valley, a daughter, Sherrill Barbara Ann.

CURLEY—At the King's County Hospital, Montague, September 6th, 1951, to Mr. and Mrs. Richard Curley, Georgetown Royalty, a daughter, Frances Rosemary.

JENKINS — At the Sleaford Nursing Home, Sleaford, Lincolnshire, England, September 1st, 1951, to Sqdn. Ldr. H. A. and Mrs. Jenkins, (nee Marion Andrew) a son.

MARRIAGES

HODGSON-GIDDINGS — At Murray Harbour South United Church on Saturday, Sept. 1st, Miss Hazel Myrtle Giddings of White Sands to Mr. William Joseph Hodgson of Moncton, N. B.

DEATHS

CAMERON — At Crapaud, September 6, Thomas Cameron in his 91st year. Funeral Saturday from the home of Eric Lowther, Crapaud, service starting at 2.00 P.M. Interment in Crapaud Cemetery.

WALSH — The death occurred at the City Hospital, Sept. 6 of Austin Walsh in his 70th year. His remains are resting at his residence 48 Longworth St., from where the funeral will take place Saturday morning at 8:50 to the Church of The Most Holy Redeemer for Requiem High Mass. Burial in the Roman Catholic Cemetery.

Services were conducted by Rev. W.G. Hogg. Pallbearers were Frank M. Kays, Albert H. Farrah, Joseph Weatherbie, Sam M. Kays, George Michael, Michael Mansour. Interment was in Saint Peter's Church Cemetery.

FUNERAL YESTERDAY — The funeral of the late Miss Florence MacLean was held yesterday afternoon from the home of her brother, Norman MacLean, Long Creek. The services at home and grave were conducted by Rev. Harry Barber. Pallbearers were Walter Stretch, Wilfred Stretch, Norman Stretch, Ted Stretch, Hector Jenkins, Hector Currie. Interment was in Long Creek Baptist Cemetery.

ENJOYING HOLIDAY — Dr. Harvey B. Stone and Mrs. Stone, Baltimore, Maryland, who arrived in the City on Labor Day aboard the S.S. "Fleurus", are guests at the Charlottetown Hotel. Dr. Stone is a former assistant Professor of Surgery at Johns Hopkins University Medical School, and was a graduate of the same University. He was recently placed on the emeritus list, but is continuing his general practice in Baltimore. Dr. and Mrs. Stone plan to leave the Province on the S.S. "Fleurus" on Sept. 14th.

ENEMY TROOPS

Continued from page 1

fought its way out of a Red tank-forged trap 35 miles north of Seoul after an 18-hour battle.

At 5 A.M. today, two Red companies encircled an Allied patrol base northwest of Chorwon, western end of the old "iron triangle."

An Allied tank-infantry force began moving north in a rescue effort.

The second Allied patrol base also northwest of Chorwon — was attacked after 120 rounds of Red artillery fire hit the position.

Allied communications with the patrol base went out about midnight. Earlier reports indicated these troops were pulling back. An Allied unit was sent to their aid.

Both actions lacked the intensity of Thursday's attack by a reinforced Red regiment — more than 3,000 men — supported by tanks, west of Yonchon.

Planes Set Record

Allied planes set a record Thursday in efforts to disrupt behind-the-lines movements of the Reds. The Far East Air Force said today that its planes destroyed or damaged 857 Red vehicles yesterday. The previous high mark for a single day was 608, on Aug. 25.

In the west, exhausted infantrymen reached the bank of the Imjin River as darkness fell, ending a two-hour march through Chinese fire.

"We got all our men out--the living, the wounded and the dead," said the battalion commander who directed the escape, "and we left dead Chinese piled up like cordwood."

The 18-hour battle broke a long lull on the western front.

The American company--probably numbering about 200 men--was surrounded by 3,000 Chinese seven miles north of the 38th parallel and only 25 miles east of Kaesong, site of the suspended armistice talks.

AP correspondent Sam Summerlin reported from the front that the Chinese were supported by at least eight Russian-made T-34 tanks.

Summerlin said the Chinese force swing around the Allied outpost, cutting the road back to the main U. N. lines, and then surrounded the company.

When the Allied high command learned of the company's encirclement, the British Northumberland Fusiliers started to the rescue. But before they had made firm contact with the Communists they were pulled back and American and British artillery laid down a protective fire while the troops fought their way ou

Progress Noted In Fire Debris Cleanup

A fine job of cleaning up the debris left by the recent fire here is being done by the property owners. On the Kent Street side where Horne Motors was formerly in business the concrete floor in the old garage has made the work easier. That part of the area is almost completely cleaned up.

Mr. Ivan Horne stated that he has no plans for rebuilding and added that he might turn the property into a used car lot. He said that he has received no offers for it despite rumors which have been heard here.

On Grafton Street there were basements under the buildings and this has added greatly to the task of clearing things up. In addition the building of the Benevolent Irish Society, which was a total loss, has to be demolished. Work is proceeding at a steady pace and progress is noticeable.

MR. W. R. SHAW

Continued from page 1

ing the production of dairy products in Canada.

Feed Grain Policy

An endorsation of a continuance of the Feed Grain Assistance Policy was unanimously agreed to. These and other matters of current importance were discussed by the Ministers and Deputies in separate meetings and finally by joint consideration.

It was felt that this type of meeting of Provincial Ministers and their Deputies is of inestimable value in developing a common basis of action on matters of outstanding concern to Canadian agriculture according to location and differences in climatic conditions.

The British Columbia Department, through its Minister, the Hon. Harry Bowman, had a fine programme arranged for visiting officials. This programme included dinners provided by the Department of Agriculture, the Government, and Service Clubs; while at Vancouver the group were Honour guests of the Pacific National Exhibition. Interesting trips were made to various portions of the province to contact and observe appealing phases of agricultural development.

The National Exhibition was amazingly complete, Mr. Shaw stated, with reference to its buildings and other facilities, and of great scope and appeal in the variety of its exhibits. As usual the horse racing, all runners, attracts great crowds, and the pari-mutuels are well patronized. An electric system has been inaugurated and the information and settlement is on the basis of mechanical calculation. It is marvellous to watch the efficiency of the machines.

A Boom Province

Mr. Shaw felt that British Columbia is a Province of great diversity, wealth, and opportunity, and has a future of outstanding possibilities. It is an Empire to itself on the other side of the Rocky Mountain Range, and hundreds of millions of dollars are pouring into investment channels. It is undoubtedly a boom province at present.

Through the Prairies the harvest in many parts has not yet begun and there is great apprehension regarding the weather. At Calgary subsequent to my visits there were six days of rainfall, and almost all over the West the season has been very wet; distinctly different from British Columbia where they had no rainfall in the Vancouver area for almost a hundred days. The fires were still raging in many parts but a short time after our arrival a welcome rain gave the weary fire-fighters the upper-hand.

The grain crops in the West, the Deputy stated, are particularly good and with no unforseen interference the largest crop in Prairie history would be harvested. In the Calgary and Southern Alberta areas, however, the crops were intensely green and it would take at least three weeks of very fine weather to properly ripen. Other areas are somewhat similarly situated, although in Manitoba and parts of Saskatchewan harvesting is now well under way. Frosts, however, would do very serious damage and would practically ruin yields.

Mr. Shaw returned direct from the Conference in British Columbia, while the Hon. Mr. Baker remained for a few days in Edmonton.

Port Traffic At Saint John Up

SAINT JOHN, N. B., Sept. 6—(CP)—Import and export traffic through the port of Saint John last month amounted to 107,000 tons, an increase of 38 per cent over the 77,000 tons in August of last year, the National Harbors Board reported today. Vessel arrivals and departures increased to 78 over the previous number of 51.

MARTIAL LAW LIFTED

BANGKOK, Thailand, Sept. 6 -(Reuters)- Martial law was lifted in Bangkok today, after being in force since June 29 when regels kidnapped Premier Pibul Songgram. The Premier, who escaped, clamped down martial law while naval men and civilians were arrested for an alleged plot to overthrow the state.

Speaks Tonight At 8 O'clock

Dr. W. J. P. MacMillan, O.B.E., provincial president of the Canadian Cancer Society, will speak over CFCY this evening at 8 o'clock, standard time, in connection with the 1951 cancer campaign.

Five Important Rural Fairs This Month

This month will see the holding of at least five important rural fairs throughout the Province. The first will be the King's County Exhibition at Souris on the 12th while on the same day there will be another held at Egmont Bay.

The following Tuesday, September 18, the Central Calf Club will hold its annual exhibition when winners from Junior Calf Clubs all over the Island will vie for top placings. The next day the Queen's County Plowing Match will be held near Pownal. Wednesday, September 26, will be the first day of the big two-day annual Provincial Plowing Match and Agricultural Fair at Dundas. One of the biggest events of its kind in the Province yearly attracts thousands of visitors and large numbers of exhibitors.

OFFICIAL OTTAWA

Continued from page 1

a wreath in honor of Canada's war dead.

At noon, they will arrive at Government House and 15 minutes later will receive members of the press in a reception.

They will lunch with Mr. and Mrs. St. Laurent in the Prime Minister's new official residence and then motor across to neighboring Hull, Que., with Works Minister Fournier and Mrs. Fournier for a welcome at the Hull city hall.

Returning to Ottawa, they will visit the Parliament buildings and Princess Elizabeth will present to the National Gallery of Canada the carpet woven by her grandmother, Queen Mary, and purchased for the gallery by the Imperial Order, Daughters of the Empire.

Next on the program will be a half-hour visit to the archives of Canada. The state dinner will take place that evening, at 8 p. m., with the official reception beginning at 10 p. m.

The Princess and Prince Philip will have the next morning—Thursday, Oct. 4—to themselves.

The Government of Canada will hold a reception at the Chateau Laurier from 5 to 7 p. m. and this will be followed by a buffet supper at Government House. That night the Royal visitors leave by train to start their tour of Ontario centres.

Vast Change In Attitude Towards Russia

By J. M. ROBERTS, Jr.
Associated Press News Analyst

Six years ago at San Francisco, when the United Nations was being formed, the Soviet delegation was wooed by many other nations and it had a real influence in producing the final charter.

Wednesday, at San Francisco, at another international gathering even larger than the first, the Soviets were ignored.

The most significant thing about the Japanese treaty conference, aside from the foregone conclusion of the pact itself, is the demonstration of anti-Russian solidarity by the rest of the world.

The Soviet Union and the satellites it controls by force had not one friend in court. Its cohorts were virtually gavelled off the floor with the full assent of the non-Communist world — India excepted.

No longer, in any body for which the rules of procedure could be fixed in the light of today's facts instead of under the pressure of the world peace dreams of 1945, would the Russians be able to demand consideration.

Their policy, their actions and their aggressive intentions now have outmoded the Allied idea of keeping the record straight by at least some attention to Russian views. The door to Russian entry into the comity of nations has not been closed, but nobody is wasting much time any more trying to pull her through it.

One interesting sidelight on the situation is the possibility that Andrei Gromyko, deputy Russian foreign minister, may lose his job for his ineptness at San Francisco. He got himself steamrollered by American tactics, and the Russian system does not long condone failure. Not right now, but later when it will not appear as a direct result of defeat, world councils may be rid of this man who has become the personalization, in partnership with Vishinsky, of Russian intransigence

Promotions To Headquarters Staff Of Armored Brigade

The Headquarters Staff of the 21st Armoured Brigade, commanded by Brig. W. W. Reid, D.S.O., is swinging into the schedule for fall and winter training at the Armouries.

Among announcements made at Headquarters was the successful passing of the qualifying examinations for his majority by Major Ivan J. Harper, M.C., of the staff. Sgt. Maj. E. G. Lewis has been promoted to the rank of W.O.1, clerk, administration, and Frank Sumner Orford has been taken on strength and promoted to Sergeant.

It is expected that there will be several other additions to the Headquarters Staff before the end of this month.

Visit Of Governor Adams And Party

It is understood that when the Hon. Sherman Adams, Governor of the State of New Hampshire, and Mrs. Adams, arrive in this Province next Monday, they will go directly to the Links Inn, Cavendish. They will be accompanied by two friends, Mr. and Mrs. Richard Cooper, of Rochester, N. H.

An ardent golfer and fisherman, Governor Adams has expressed his pleasure at being able to obtain accommodations which will give him every opportunity to enjoy these pleasures.

They will be expected in Charlottetown one day next week on official visits to the Lieutenant-Governor and Premier.

Islander Importer Of Famous Mink

"For the first time in the history of mink ranching on Prince Edward Island, perhaps indeed in the Maritimes, breeding stock of the famous Kobuck strain developed at the internationally known Northwood Fur Farms of Cary, Ill. have been imported into the province. Mr. Ray J. Lavandier of Georgetown recently received a shipment of four females and two males of this outstanding strain from Mr. Otto Gosse, manager of the Northwood Farm.

This famous fur farm which raises both foxes and mink, definitely specializes in mink and so successful has Mr. Gosse been in the developing of outstanding strains such as the Kobuck, that his name has become a by-word in fur farming circles throughout the continent.

We gain some idea of the immensity of this establishment, which raises 12,000 mink alone, from the fact that last June a fire broke out in the office, dormitory and apartment building, and despite the fact that the fire was confined to the one structure, damages were estimated at $125,000.

Mr. Gosse in addition to running his own fashion show each year, which attracts patrons from the four corners of the continent, also conducts an annual Field Day which in reality runs for several days and to which all breeders and ranchers are cordially invited. At a recent fashion show held in Chicago, in which the glamorous models of that fair city showed the finest creations of the style artists, Mr. Gosse really stole the show when he had six of his loveliest live mink wheeled through the ranks of Chicago's wealthiest ladies. Mr. Lavandier, one of Georgetown's most enterprising young men, was the first to go into the mink raising business in the Georgetown area. He built his first ranch in 1935 and it was from him that all other ranchers in this vicinity got their breeding stock.

A stickler for quality in the products of his ranch, Mr. Lavandier is ever alert of the records of the Northwood Ranch and their famous Kobucks he decided to bring such strain to the Island.

Mr. Lavandier, in co-operation with his brother Frank, also a noted mink raiser, conduct the Dominion Government Experimental Mink Station for Kings County. Many feeding experiments have been and are being carried on at this station, the results of which are reported weekly to Dr. Gunn of Summerside who is in charge of all the Experimental Fur Stations on the Island and in turn made available to all ranchers throughout the Dominion.

In addition to the Kobucks, which are very heavily furred and black in colour, the Lavandier Ranch has many outstanding Standards, (black), Silver Blues (a sort of bluish grey), Starlights, (Silver Blues crossed with Standards) and Pastels (golden brown).

The interest which Mr. Lavandier has created among ranchers on the Island through his importation of the Kobucks is proven by the large number who come to his ranch each day to view these outstanding animals. Everyone is welcome as Mr. Lavandier takes a justifiable pride not alone in the fine animals which he has but in the clean modern ranch which is their home.

LONDON — (CP) —Lt.-Col. Edward Heath, Conservative M.P. for Bexley, Kent, has been appointed "master gunner" at the Tower of London. He will command the firing of salutes from the Tower Battery on Royal birthdays and other national occasions.

Laud Cancer Campaign Achievements In P.E.I.

The 1951 Cancer Campaign in Charlottetown got away to a good start last night. The opening gun was fired at an enthusiastic supper meeting at the Charlottetown which was well attended and which was honored by the presence of His Honor the Lt.-Governor, T.W.L. Prowse.

Councillor W.H. Beaton, General Chairman for the City Cancer Campaign, opened proceedings in a short talk. He stated that he was particularly fortunate in securing Mr. E.M. Robinson, manager of the Bank of Nova Scotia, for this very important Cancer drive. He stressed the special part that the "Special Names" drive played in the general cancer campaign. Councillor Beaton said he felt sure that as usual the "Special Names" canvass would be successful.

Dr. W.J.P. MacMillan, O.B.E., Provincial President of the Canadian Cancer Society, opened his remarks by extending his personal thanks to Governor Prowse for attending the opening function of the Cancer Campaign. "It is a special privilege to have His Honor with us", said Dr. MacMillan. "This is the first time we had the Governor with us at the opening meeting although until he became Governor we have had Mr. Prowse on previous drives as one of our best workers."

"We can feel very satisfied about the Cancer situation in this province: it is a far cry from what conditions were before the Canadian Cancer Society was organized in 1930. Our job is to help every individual to save his, or her own life", said Dr. MacMillan.

"We do this effectively through cancer education to get our people to the doctor early. Our excellent publicity has made Prince Edward Islanders cancer conscious. I have heard numberless visitors remark on the excellence of our Educational programme. We know we are making progress because people are seeing the doctor earlier than they did a few years ago. A great number go to the doctor when in doubt and are delighted to be told they have not got cancer; others come early enough for effective treatment."

"Last year we sent six Island medical men to the Mayo Clinic where they saw cancer from every angle regarding treatment. They worked early and late on a strenuous course and returned home with new knowledge which would be of great benefit to our people. We are will fitted to treat cancer here".

"In no province in Canada is better work being done than here There is not a man, woman or child who has not been contacted with our educational programme and urged to go to the doctor early. A few years ago we saw cancer in its late stages in most instances. Today the majority of our people are reporting early when something can be done for them. Cancer education is giving our people a chance to save their own lives", concluded Dr. MacMillan.

His Honor the Governor, Mr. T.W.L. Prowse, who is one of the patrons of the Cancer Campaign, addressed the meeting briefly. He said he felt a little out of place as a guest at a Cancer Campaign meeting with no work to do. He commended the Cancer educational programme which has made the people cancer-conscious by keeping the matter before them constantly.

"I wish you every success in your campaign," concluded Governor Prowse.

Mr. E.M. Robinson, the Special Names chairman, then took over the meeting and distributed the contribution cards to the various teams.

Withdraw Liners From Halifax

HALIFAX, Sept. 6 —(CP) — Withdrawal from regular Canadian service of the two Furness Red Cross liners, Fort Amherst and Fort Townshend, announced today by Halifax offices of the Furness, Withy Company Limited, will mean that there will be no future regular pasenger sailings between Halifax and New York.

Announcement of the withdrawal of the liners from the New York-Halifax-Newfoundland service was made by W. O. Barnstead, manager of the Halifax office of the Furness, Withy Company, Limited.

Mr. Barnstead said the passenger-cargo liners are being taken off the service and would be replaced by two cargo vessels.

Freight sailings, however, Furness officials said, will be maintained with a stepped-up service.

Regular freight sailings between New York, Halifax, St. John's,and Cornerbrook, Nfld., will be maintained by the freighters Fort Avalon and the Stuart Prince. Both the Stuart Prince and the Fort Avalon have greater cargo capacities than the Fort ships.

The Fort Amherst and Fort Townshend, it was announced, will enter the service between New York and the West Indies.

CUSTOMS WORKERS ON STRIKE

GUATEMALA, Guatemala, Sept. 6 -(AP)- Guatemalan government customs workers went on strike today, paralyzing this Central American republic's imports and much of its export traffic, and hampering sea and air travel. The 5,000 strikers are seeking age increases.

FAMOUS STAMP COLLECTION

SOUTHAMPTON, England, Sept. 6 — (Reuters) — The stamp collection of the British Post Office left for Canada today in the strong room of the liner Samaria. It will be shown at the International Philatelic Exhibition at Toronto, Sept. 21-29. Aboard the liner is Sir John Wilson, keeper of the King's 96-page collection.

His Honor Lt.-Gov. T. W. L. Prowse, a patron of the Cancer Campaign, who last night paid tribute to the work of the Cancer Society in this Province.

Wordy Battle Continues Over Stalled Talks

TOKYO, Sept. 7—(Friday)—(AP) —The wordy battle of charges, denials—and denials of denials—spun crazily on today after Gen. Matthew B. Ridgway ruled out Kaesong as a site for resuming the Red-suspended Korean truce talks.

The continued arguments and an upsurge of fighting offered no optimism for an early renewal of the talks.

Today North Korean Lt.-Gen. Nam Il, the chief Red negotiator, added two more notes to the mounting list.

As broadcast from Peiping, the notes rejected as "absolutely unsatisfactory" three notes sent him by Vice-Admiral C. Turner Joy, chief Allied negotiator, Sept. 4.

Joy's note had repeated denials of Nam's repeated charges of Allied violations at Kaesong.

Peiping also injected a new phase to the controversy. A broadcast charged that the United Nations command had failed to make public all of the frequent—often lengthy—Red statements.

Instead, the Red mouthpiece charged, the U.N. command "has either cut up or doctors our messages instead of publishing them in full..."

At Ridgway's headquarters, an Allied spokesman said that, as far as he knew, all of the Red statements had been printed and passed on to the press.

Anglican Bishops Prepare To Elect New Primate

VICTORIA, B. C., Sept. 6 — (CP)—The House of Bishops of the Church of England in Canada prepared today for the election of a new primate.

The eighth such dignitary to be chosen in the 58-year history of the Anglican Synod, the new primate will succeed the late Archbishop F. G. Kingston, Archbishop of Nova Scotia, who died last November.

Wearing the pectoral crosses and purple robes of their high office, members of the 30-member House of Bishops met informally today.

Tomorrow the executive council of the General Synod will meet and through its electoral college will elect the primate.

The electoral college is made up of bishops of the Upper House and the clergy and laymen who constitute the Lower House.

Here from all parts of Canada, the church dignitaries first registered today, then began their closed meeting under the direction of Most Rev. W. R. Adams, Archbishop of Yukon, head of the House of Bishops and acting primate.

Arriving from Newfoundland, Rt. Rev. P. S. Abraham, Bishop of Newfoundland, will take part in the first election of a primate since the country's 10th province joined Canada.

The absence of Archbishop Ralph Sherman of Ruperts Land, considered to be among those who of Bishops for office of primate, would be nominated by the House was noted with regret. Archbishop Sherman is ill.

Prominent among the leading clergy attending the meeting was Archbishop Philip Carrington of Quebec, thought by many to be the most probable choice of the electoral college.

The bishops tomorrow morning will join the other 85 clerical and lay members of the executive council in a service of holy communion in Christ Church Cathedral.

Installation of the newly-elected primate will take place at 8 p. m. in the cathedral.

Third Queens Conservative Ass'n Meets

Mr. Louis MacDonald of Bedford was elected president of the Third District of Queens Progressive Conservative Association at the annual meeting of the District Association held last night in the Fort Augustus Hall. Mr. Sydney Taylor of Winsloe presided.

Mr. Charles Phillips of Brackley Point was elected vice-president and Mr. Reginald MacDonald of Mount Stewart was elected secretary. Messrs. Herbert Beagan of Fort Augustus and Leith Brown of York were appointed as members to the Queen's County executive.

Following the completion of business the largely attended meeting was addressed by Messrs R. R Bell, Provincial leader of the Opposition; J. Angus MacLean, M.P.; W. Chester S. McLure, M.P.; Captain J. J. MacDonald, Glenfinnan; John A. Gillies, Charlottetown; Wylie Gibson Marshfield; and J. A. MacDonald, K.C., Charlottetown.

Resolutions were passed congratulating Mr. Bell on his success in his first election as leader of the party and affirming the belief that he will be victorious in the next election; congratulating Mr. MacLean on his recent victory; and expressing the confidence of the district in the Federal leader, Mr. George Drew.

Another resolution deplored the lack of action on the part of the Liberal Government with respect to curbing the high cost of living and its attendant evil effects on the people of Canada.

Work Proceeding On Naval Vessels

The Malpeque, one of the two former minesweepers now being reconditioned, which has been at the wharf of Bruce Stewart and Company, left yesterday under tow for Pictou. Some specialized reconditioning work will be done there before the ship returns.

A great deal of work has already been done on the two former navy vessels as Bruce Stewart and Company have built up their staff with many skilled workmen. They are now employing 68 men at the plant. The other minesweeper, the Westmount, is still tied up to their wharf as repair work goes on steadily.
