Staff-Sgt. James Keefe of RCMP headquarters, Charlottetown, who was guest speaker at the annual father and son banquet for Boy Scout troops in Summerside held Wednesday night in the

Y-Centre, is shown receiving a gift from scout Parker Rodd, on behalf of the scouts. Sitting is Paul Kelly, who acted as chairman for the banquet. More than 50 scouts, parents and guests attended

and listened to an interesting talk on Staff-Sgt. Keefe's experiences in the Far North.

# S'ide To Consider Joining East Prince Regional Unit

**SUMMERSIDE BUREAU OF THE GUARDIAN**  
The Summerside School Board will be taking a new look at a government proposal that Summerside amalgamate with the East Prince Regional High school area, and it is possible the financial advantages to the town of such an amalgamation will tip the scales in favor of the proposal.

Under the proposed government plan for regional high schools the Summerside school board, if it decides to join the new unit, would share in the government grant of \$6,000 per classroom, and would benefit further by the government assistance of 40 per cent of administrative and maintenance costs. On the costs of transportation it would receive 60 per cent of capital costs and 40 per cent of maintenance and repairs to buses annually.

These forms of government financial assistance reportedly could mean a net saving to the town of upwards of \$300,000 in the overall school building program, plus 40 per cent of administrative and maintenance costs annually.

If suitable preliminary agreement is reached between the government and the Summerside School Board in regard to Summerside's participation in the regional unit, it is possible the board would call for a plebiscite of town taxpayers to determine whether or not they would be willing to enter the regional unit.

These considerations may possibly result in a reversal of an earlier decision taken by the Summerside School Board which had voted to remain autonomous, and maintain their own high school apart from the East Prince Regional High School unit.

This earlier decision had been taken after the government rejected a Summerside School Board offer to provide school facilities and teachers for rural students of surrounding districts, on a tuition basis. The Summerside board had then applied to the government to have the Town of Summerside recognized as a regional high school district in itself.

**PLAN REJECTED**  
Yesterday, however, it was learned from the chairman of the Summerside board, W. Chester S. MacDonald, that the executive council had rejected this application.

In acknowledgement of the application the minister of education, Hon. George Dewar,

MD said it was not the intention of the government to deny Summerside educational grants for construction and maintenance but it was felt all regional activities in Eastern Prince should be co-ordinated through the larger unit of administration.

He suggested that a common facility be provided in or near Summerside to take care of present urban and rural needs, and be capable of expansion to meet future demands.

The East Prince regional high school unit recently constituted, includes two regional high school districts — Summerside rural and Kinkora — Miscouche. School boards have been appointed for each of these districts and the unit is to be governed by a board made up of these two boards and a chairman to be appointed by the government.

In its application to the government the Summerside board pointed out that a survey has revealed that by the fall of 1962 accommodation for 625 high school pupils will be needed which would mean that 30 rooms would be required.

## N. Rustico Man Heads Maritime Fishermen

The presidency of the United Maritime Fishermen Limited came back to Prince Edward Island yesterday following some 30-odd years.

At a meeting of the nine-member board, held during a two-day convention of the association, Joseph Gaudin, manager of the North Rustico Fishermen's Co-operative, was elected president for a one-year term. The convention was held at the Fort Cumberland Hotel, Amherst, N.S. and was attended by upwards of 100 delegates and visitors.

The first president of the UMF was the late Chester MacCarthy of Tignish.

The retiring president, Leon Deagle, manager of the Cartier Co-op Ltd., Richibucto, N.B., presided at all business sessions and reported to the delegates on the year's operations and plans for the future expansion of the organization, which serves the inshore fisherman of the Maritimes, Magdalen Islands and Newfoundland.

The financial report showed an increase of \$500,000 over 1960, which makes 1961 the most successful year to date with a total volume of approximately \$5,000,000. It was stated that this marketing co-operative has not experienced a deficit since its founding approximately three decades ago. Considerable progress was also noted in new plant additions and improvements.

Three Island fisheries co-operatives are affiliated with this fishermen's owned marketing co-operative. They are the Tignish Fishermen's Co-op, Acadia Fishermen's Co-op, Mt. Carmel and the North Rustico Fishermen's Co-op.

Guest speakers at the annual banquet were Mr. Ozere, as-

stant deputy minister of fisheries, Ottawa and Leonce Chouinard, deputy minister of fisheries for New Brunswick.

The closing session of the convention featured reports and greetings from the Federation des Caisses Populaires, Carquet, N.B.; the federal department of fisheries, Halifax and St. F.X. Extension Department Antigonish, N.S.

A number of resolutions pertinent to the inshore fisheries of the Maritimes were presented and adopted by the delegates present.

Taking part in the presentation of the reports were J.E. MacKiehan, general manager, Halifax; S.J. Campbell, assistant general manager, Halifax; J.R. MacLellan, treasurer, Halifax, and J. Arthur LeBlanc, field representative, Richibucto, N.B.

## Theft Of Public Funds Alleged In Court Case

**SUMMERSIDE** — A seven day term in Prince County jail was handed out yesterday by Prince County Magistrate W. Chester S. MacDonald, to Ray Albert Kinch, of Alberton, who pleaded guilty to a charge of driving a motor vehicle while intoxicated.

The accused was apprehended on Church street in Alberton by members of the Alberton RCMP detachment.

Charges of converting public funds amounting to \$966, for his own use, and signing false money orders, while an assistant post master at the Borden post office, were levied yesterday against George Hillard MacLennan, of Borden.

The case was adjourned until Feb. 27 for sentence, after crown prosecutor George R. MacMahon stated that this was a serious offence in that public funds were involved, while defence attorney J. Watson MacNaught, QC, noted that this was the first time such a charge had been brought before a Prince Edward Island court, and the accused had no criminal record. He then asked that a suspended sentence be given in the case.

A fine of \$75 and costs or 15 days was handed out to John

Henry Hulme, of RCAF Station Summerside, after he pleaded guilty to the charge of driving a motor vehicle while his abilities were impaired by alcohol.

A similar charge against James Lorne Smith, of Central Bedouque, was dismissed by the Magistrate after evidence which had previously been presented to the court, had been reviewed.

Two men paid the usual \$20 fines on charges of being intoxicated in a public place, while a third paid the same amount on a charge of illegal possession of intoxicating liquor.

## Jodoin Backs Heart Fund

Claude Jodoin, President of the Canadian Labour Congress, said Thursday that the Heart Fund deserves the most generous support.

In a brief statement, Canada's foremost spokesman for organized labour said: "The Heart Fund is deserving of the most generous support. Although we have made great scientific strides, heart

disease remains one of our greatest medical problems. The use of money provided through the Heart Fund will help hasten the day when we will be able to reduce the present heavy toll from heart ailments. The extent to which this year's campaign is supported will be a major factor in determining when this truly life saving objective will be reached."

## Lobster Carnival Lets Contracts

**SUMMERSIDE** — Contracts for printing folders, posters and programs for the 7th annual lobster carnival and livestock exhibition were awarded at last night's meeting of the directors. The president, Arthur Johnstone presided.

The Guardian-Patriot job printing department was awarded the contract for printing 8,000 programs having submitted the lowest tender of \$450.83. Williams and Crue of Summerside were awarded the other two job printing orders—the contract for 45,000 folders at a cost of \$440.06 and 250 posters for \$110.82.

The Guardian-Patriot tenders on these jobs was \$432.66 for the folders and \$161 for the posters. Two firms from the mainland also submitted tenders.

Carnival Manager Charles Hogan reported that permission has been received from Dr. Orville Phillips, MP, to use the east shed on railway wharf for construction of parade floats, as has been done in past years.

The president, Mr. Johnstone stated that a horse barn owned by George Callbeck was available to the carnival for use as a livestock barn. He said Mr. Callbeck was giving the building to the carnival but they would have to pay to have it removed from the donor's property down to the carnival area. It was decided that not more than \$100 should be spent in hauling the barn to the site at rear of Civic Stadium.

Discussion centred for a considerable period on who and how the concessions would be operated this year and it was finally decided the manager should contact several parties to learn if they wish to take care of the concessions which are located in the stadium.

The president and manager were appointed to attend a meeting Saturday afternoon in the Y-Centre concerning possible participation of the carnival in Charlottetown's centennial festivities in 1964. Charles Linkletter is chairman of the committee investigating this matter.

### SHIPS IN PORT

Vice-president, Ben Champion read a copy of a letter forwarded yesterday to the mayor and council requesting the town participate in a 50-50 split with the carnival in construction of a 24 by 100 foot livestock building to the rear of the stadium.

The proposed building would be built under the winter works program which would result in the regaining of 75 per cent of the labor costs.

Mr. Johnstone told the meeting Mayor W. A. Currie had assured him the town would extend invitations to two Canadian and one American ship to be in port here during carnival week.

## Less Than 10 Pupils In 50 P.E.I. Schools

Hon. George Dewar, MD, minister of education, said yesterday that his department is concerned over the number of schools in the province that have less than 10 pupils.

At the annual Council on Education Conference in Charlottetown Tuesday, it was pointed out that there were about 50 schools involved.

Dr. Dewar said that his department tries to encourage these school districts to join larger units of administration and feels that this will be done through time.

"Many parents in the districts involved," he said, "object to the transporting of pupils to the larger units, particularly where small children are involved and particularly in winter."
