FARMERS' AND DAIRYMEN'S MEETING

The officers of the Farmers' and Dairymen's Association well deserved the thanks which at the close of the unprecedentedly successful meeting at Marshfield were unanimously bestowed upon them. All the papers submitted as a result of their efforts dealt with questions of practical importance, in which the farmers of this province are just now deeply interested; and the presence of Professor Gilbert and Mr. Hubbard, to encourage the movements towards improved poultry and egg production and agricultural education, was a decided hit. Mr. Gilbert's stirring address and apt remarks will, we have no doubt, move many persons to immediately set about the reorganization of their poultry yards and their methods of poultry management. We shall in the course of a few days publish a report of Mr. Gilbert's address, together with most of the papers that were read before the Association, and an outline of the more important discussions. The resolutions passed by the Association are of more or less pressing importance, and ought to receive the attention of the Dominion Government at an early date. Some of them—as that submitted by Mr. John A. McDonald, of Hermanville—require but little consideration and should be disposed of at once.

THEIR LAST KICK

HAVING, with heavy odds in their favor, been defeated in the bye elections of New London, Tignish, Belfast and Murray Harbor, and being practically in a minority in the Legislature, it is essential that the government of Premier Farquharson, should show by what tenure they continue to hold office. So they have caused petitions to be filed against the return of Messrs McLean and Prowse. They justify their retention of office by attacking the successful candidates. This is their last kick. The attentive listener can easily hear, in these election protests, the death rattle that precedes dissolution.

A GOOD SELECTION

At a convention of the Liberal-Conservatives of the Bequete district, held yesterday, Messrs Neil McQuarrie and Artemas Howatt were nominated candidates for the representation of the district in the Legislative Assembly. We congratulate the Conservatives upon this selection and look forward to a successful engagement with the enemy at the first opportunity.

ESTEEMED EXCHANGES.

Buffalo Express: On the whole those Canadian troops are genuine heroes. They uncomplainingly carried the refugees' babies on the march back from Douglas.

Hamilton Herald: Writing to the Tablet, the chief Roman Catholic journal of Great Britain, Dr. Leyds affirms that Roman Catholics do not suffer from any civic or political disabilities in the Transvaal. In reply the Tablet produces evidence to the contrary, and proves Leyds to be a picturesque and versatile liar.

Montreal Gazette: A detailed list of the gifts to the first Canadian contingent for South Africa shows that the Montreal men went out provided with most Bibles and the Toronto men with most whiskey and playing cards. It really looks as if Toronto was not as good as it pretends to be when it denounces Montreal for allowing the band to play in Sohmer Park on Sundays.

FARMERS' AND DAIRY-MEN'S ASSOCIATION

Important Resolutions Passed.

The Association met again on Friday forenoon. Vice President Bradie took the chair, and Mr. W.L. Cotton read his paper on "The Co-operation of Farmers," suggesting that the principle of co-operation, successfully applied in respect to the production of butter and cheese, might with profit, be applied, also to the production of lambs, sheep, hogs, poultry and eggs,—and other things.

The suggestion was favorably received, the President, Mr. Gilbert, Mr. Fred Boyer, Mr. Moffatt, Senator Ferguson, Mr. George Crockett and others taking part in the discussion. Mr. Jeremiah S. Clarke, of Bay View, followed with a capital paper on "The Farmers' Orchard," descriptive of the conditions of neglect which have subsisted in the past and suggesting more care and improved culture in the future. Mr. Clarke's paper received the unqualified commendation of Senator Ferguson, the President, Mr. Moffatt and others, and was profitably discussed for some time.

Then Mr. Cyrus Crosby, of Bonshaw, read his paper on "Libraries for Farmers" insisting upon the value and necessity of a ready means of intellectual culture, apart from the party newspapers, and pointing out that the settlements in which libraries were established years ago are now the most intelligent and progressive.

The President, Mr. J. C. Clark, Mr. Dunnean Munn and others, spoke of the paper as one of the best of the many excellent ones that had been read before the Association.

Votes of thanks were unanimously passed to the writers of the various papers.

Mr. Fred. Boyer, of Georgetown, submitted the following resolution:—

"Whereas, the Dominion Government has up to this time, failed to provide this Province with the promised direct ocean steamship service to Great Britain, and the present rates on farm produce to the Atlantic winter port of Halifax and St. John are unreasonably high, and car-load through rates on live stock are not granted at all, causing greatly depreciated value of our sheep, cattle, horses and other farm exports,—

"Resolved, That this Association considers that it is the duty of the Dominion Government to give reasonable through rates over the Prince Edward Island Railway, the steamship ferry service over the Straits of Northumberland and the Intercolonial railway to the Atlantic ports; and that the secretary be directed to forward to the Hon. Sir Louis Davies a copy of this resolution."

Mr. Boyer supported the resolution with a short speech, contrasting the rates of freight paid by P. E. Island exporters with those paid by shippers on the mainland and pointing out that reasonably low through rates to Halifax and St. John would, to some extent, make up for the unfairness and cause of complaint resulting from the fact that a direct ocean steamship service has not been provided between P. E. Island and Great Britain.

Senator Ferguson agreed with Mr. Boyer and hoped that the Government would remove the disability under which exporters from this Province now labor. In 1895 the winter rates on The Stanley had been equalized with those of the summer steamers. But there are still three local rates to be paid instead of the one through rate that ought to be levied. On the mainland, shippers get the benefit of "the long haul." We are certainly entitled to through rates.

The resolution was seconded by Mr. Moffatt, of Mayfield, and passed unanimously.

Mr. J. A. McDonald, of Hermanville, moved the following resolution:

Whereas the trade in pure bred poultry and eggs for hatching will be active, owing to the impetus given the poultry interests by the visit of Prof. Gilbert and the introduction of the fattening station,

And whereas the trade in pure bred stock for the improvement of our dairy cattle, sheep and swine in this Province is now growing to large dimensions,

And whereas all pure bred animals are carried by the Express Companies and cannot safely be carried by freight,

And whereas there are now but two express offices in this Province;

And whereas the Canadian Express

Company is willing to cover the whole Island, if the Prince Edward Island Railway will permit them;

Therefore Resolved that the poultry and live stock interests would be greatly conserved if an amicable arrangement between the Prince Edward Island Railway and the Canadian Express Company, could be agreed upon, whereby every town and village in this Province be covered by express offices forthwith.

The resolution was, after a short discussion carried unanimously.

Senator Ferguson then submitted the following resolution:—

"Resolved, that in the opinion of this Association, it is the duty of the Department of Agriculture, to collect, tabulate and disseminate, with regularity, statistics relating to agriculture."

Senator Ferguson pointed out the practical value of such statistics and the fact that Canada is the only British country in which they are not applied.

Mr. Fred Boyer seconded the resolution, and it passed unanimously.

Mr. Fred Turner expressed great regret that Professor Gilbert had not been permitted to stay in this Province longer than one week and moved that a request be forwarded to the Minister of Agriculture, by telegraph, for permission to the Professor to stay another week.

Carried unanimously.

Mr. Turner moved that a vote of thanks be given the President and Secretary for their successful efforts in respect to the meeting and the excellent programme arranged.

Carried unanimously.

SOME FRIENDLY ADVICE.

"Hello, old man; how are you feeling today?"

"Rotten."

"Dyspepsia bad still?"

"Yes."

"Did you try those Dodd's Dyspepsia Tablets?"

"Yes."

"Do you any good?"

"No."

"What? You took Dodd's Dyspepsia Tablets and they didn't do you any good?"

"That's what."

"How many did you buy?"

"One box."

"How many did you take?"

"I don't know. About half a dozen."

"After a dozen! When did you take them?"

"After meals generally."

"Didn't you take them regularly?"

"Well, I took the first one after breakfast all right and then I forgot to take any until the next night."

"How long did it take you to consume the half dozen?"

"About a week."

"Well, you're a bird."

"Eh?"

"You're a peach."

"Why?"

"Did you expect to get cured that way?"

"No."

"How do you expect to get cured?"

"I don't."

"No, nor you won't if you don't use common sense."

"Thanks, old man thanks, for those few kind words."

"No, but you're such an idiotic chap. You get down in the mouth, lose heart—get so you won't let yourself be cured. Now, Dodd's Dyspepsia Tablets will cure you if you take them regularly after each meal—sure. You understand? But can't expect a medicine to cure you taking it the way you started Dodd's Dyspepsia Tablets. Take them regularly; give them a chance; go at it hopefully, and wake up from that gloomy faithlessness in everything."

"I'm afraid I'm an awful fool, old man."

"Oh! no worse than lots of other people I guess," said his friend cheerfully.

CARD!

To the Electors of Ward 5.

After a considerable earnest solicitation I have decided to contest Ward 5 at the coming Civic Election.

My desire and ambition is to make a thorough and personal canvass of this extensive Ward, but I know they are very many that time and circumstances will not permit me to see, and therefore from all those I fail to wait on in my personal canvass I hereby most respectfully solicit their hearty support and vote.

Should I have the honor to be elected I faithfully promise to exercise my best judgment for the general welfare of the city, but especially Ward Five.
