1. "I didn't participate much because I was working, but I think it's definitely necessary. I don't know how much good it's going to do in the long run, though, because it's mostly politics".

Jerry McCabe
3rd yr. Science

3. 'I think that it's very productive. I think it did make students aware that they have a right to take action and can initiate it'.

Marilyn Bolderson
4th yr. Science

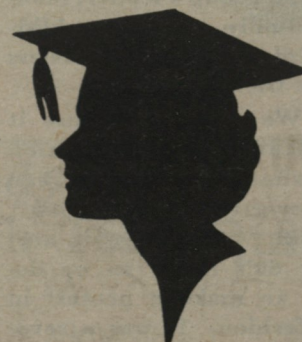

2. 'I got the feeling that there wasn't a lot of publicity for what was going on, so I never knew when something was happening in the pit. I even missed Ghiz. I don't think there'll be much interest outside of the university community'.

Sherida Le Clair

4. 'I didn't participate too much because I wasn't around. I think it should have some effect'.
