A BIG ONE THAT DIDN'T GET AWAY

Ivor Nordfors of Red Deer, Alta., holds a nine-pound, eight-ounce eastern brook trout hehooked in the Upper Stoney creek near Red Deer, Alta. The fish, 28 inches long and with a girth of 17 inches, is one pound six ounces heavier than a specimen which won the North American open contest in 1955. Mr. Nordfors hooked the fish on his first cast. He used a Len Thomp son spoon on a four-pound line and says he had his hands full for quite a while after the bite. Field and Stream, United States sports-man's magazine, says Nordfors' fish could be a top winner in the magazine's annual fishing contest. (CP Photo)

Wrestling Figure Passes At 61

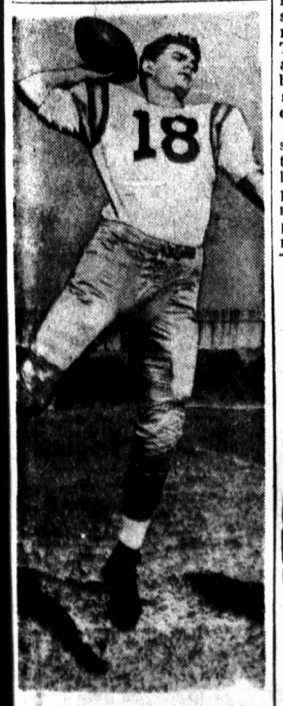
LINCOLN, Neb. (AP) — Adam Krieger, 61, colorful professional wrestling figure for more than three decades, died Sunday night of complications following earlier surgery.

Krieger, who had been a wrestling promoter here for the last 10 years, claimed the world welterweight title in the early 1920s.

He was credited with originating the "airplane spin" and was considered one of the pioneers of the modern form of professional wrestling.

HOMER - HAPPY

From a hanger-on to a hero is the story behind Dale Long, homer-happy spark behind Pittsburgh Pirates' amazing rise to third place in the National league. Turned down twice by the major league. Long knocked around the minors for 11 years. After a good season last year with Pittsburgh, Dale proceeded to rewrite the records this season. A left-handed firstbaseman, he set a new mark of eight homers in eight successive games recently. He also leads the league in the home runs (14), hits (55), runs batted in (39) and averages (391).



KNOX SOUGHT

Cocking an interested ear toward Canadian grid offers is Ronnie Knox, who is one of 16 UCLA footballers who were suspended for one year by the Pacific Coast conference because of alleged illegal payments to athletes by alumni groups. Pro scouts have labelled quarterback Knox a top prospect for the pro ranks.

TIPS ON GOLFING

Elbows Together, Not Apart

BEGINNER JILL SWANSON learns the correction for faulty elbow positions. Instead of working apart, in the starting position, or swing, they should be placed and held together as close as possible.

By Alex Morrison
Central Press Canadian
Golf Columnist

By bending over an old-fashioned washboard to scrub clothes you can get your arms and shoulders, particularly your elbows, in exactly the wrong positions. Why wrong? Simply because scrubbing clothes is in no way like swinging a golf club.

Seemingly quite a number of players do not agree with this statement. In gripping their clubs, taking their starting positions or in waggling the club, they separate their elbows, moving their arms and hands much as though scrubbing on a washboard. This "Jack-knifing" of the arms is a movement that has no place or use in the correct golf swing.

I understand that most of the players going through such a movement in the preliminaries may not be fully aware of doing so. I know that none of them realizes the harm done by it. Though it generally is regarded as a mannerism, something done by the player to get ready before swinging and therefore seems either harmless or justified.

Such is not the case. There are scientific laws involved. One of these makes it impossible for any human being to give stron impressions and movements to his nerves and muscles and then impressions and movements to his nerves and muscles and then immediately have them perform the right positions and movements. By sheer luck the influence of the wrong impressions may be minimized for a few performances, but not for long.

In order to produce a true swinging action you must keep your elbows together as close as possible. They'll have a better chance of remaining in such a position if you take care of it when first gripping the club and then avoiding any movement that might separate them while taking your stance and making your waggle before the swing.

This improved arm position also will be of great help in the use of your hands with all clubs.

Former Hockey Player Passes

WINNIPEG (CP) — Harold L. (Hal) Winkler, 62, former professional hockey player in the National and old Western leagues, died Tuesday in hospital following a lengthy illness.

A native of Gretna, Man., he played his early hockey in Winnipeg and later was goalie for Boston Bruins of the National Hockey League, Edmonton Eskimos and Calgary Tigers of the Western league.

Driver Suspended

NEW YORK (AP) — Donald Ratchford, a harness racing driver from Ball Creek, N.S., was suspended Monday for five days by the judges at Roosevelt Raceway for cutting in front of another entry in a race at the Westbury track May 25.

To Increase Value Of Horse Race

LAUREL, Md. (AP) — Laurel race track announced Saturday it will increase the value of its international horse race from $65,000 to $100,000 for the fifth running Nov. 12.

The hundred - grand offering is becoming routine for major races although Laurel has always maintained its international is really worth twice as much because owners invited to enter horses pay no nominating fees and their transportation expenses are paid.

The winner of the 1½-mile grass race will get $70,000 clear. Second money is $15,000, third $10,000 and fourth $5,000.

BARBER SAL

Sal Maglie, the famed "Barber" who shaved Brooklyn with monotonous regularity when he was starring for New York Giants, gets some reciprocal treatment from his new teammate Carl Furillo of Brooklyn Dodgers. The veteran pitcher was recently sold to Dodgers by Cleveland Indians.

CURRENCIES

MONTREAL (CP) — The U.S. dollar Thursday closed at a discount of 1 1-16 per cent in terms of Canadian funds, up 1-32. It took 98 15-16 cents Canadian to buy $1 American. The pound sterling was $2.77⅜, unchanged.

N. Y. Stocks

NEW YORK (AP)—The stock market put on an irregular performance Thursday in the afterglow of Tuesday's tremendous advance.

Thursday's market acted in an inconclusive manner whereas Tuesday saw the strongest advance of the last 16 years.

With time out for Memorial Day, traders evidently thought better of things and proceeded to take profits Thursday.

The start of trading was mixed, and then the list moved upward in an irregular manner. Toward the finish, enough selling came into the market to depress key stocks and turn the market mixed.

The American stock exchange was largely higher on volume of 670,000 shares as compared with 730,000 shares Tuesday.

Canadian issues were mostly higher on the American exchange. Shawinigan gained 1½, Preston East Dome was up 3-16, Great Sweet Grass Oil added ⅜, Brazilian Traction and Scurry-Rainbow Oil both advanced .

Toronto Stocks

TORONTO (CP)—The stock market's two-day advance was stalled Thursday as prices milled around inconclusively for most of the session and closed slightly lower. Trading was at its slowest pace since Jan. 24, with 4,178,000 shares traded.

Selected base metals were strong although most of the senior issues lost fractionally. Western oils posted a few more gains than losses but showed little trend in narrow-range trading.

Opemska, featured the improved base metals, rising $2.37 to $15.87. Most of the senior issues marked up fractional losses. Hoyle climbed 45 cents to $840. New Royran added 25 cents and other strong issues included Coppercorp, Joliet-Quebec, North Rankin, Newlund, New Manitoba, Lake Dufault, Mogul and Normetal.

Gunnar and Pronto had moderate gains in uranlums, but Milliken was down 16 cents at $1.87.

Seven highs were recorded against 25 lows.

Index changes: Industrials down 2.31 to 449.13; golds up .37 to 85.58; base metals down .42 to 235.55; and western oils down .16 to 149.50.

Montreal Stocks

MONTREAL (CP)—Stock prices were irregularly higher Thursday at the close of moderate trading on the Montreal and Canadian stock exchanges. Changes were mainly fractional but scattered issues moved in a point range.

Base metals were mixed in a ½ point range with Noranda and Asbestos up ½ while Aluminium, Smelters and International Nickel were down a similar fraction.

Mining issues were mixed in a 15 cent range. New Royran, Tache, Weedon and Consolidated Quebec Yellowknife were winners.

There were five new highs and 14 new lows for the year.

The stock exchange's closing averages show banks up 0.10 at 52.83, utilities off 0.9 at 134.6, industrials off 1.4 at 305.8, combined off 1.3 at 248.7, papers up 4.83 at 1568.03 and golds up 0.67 at 82.04

Famous Trichologist Will Demonstrate How To Grow Thicker Hair --- and Guarantees It!

DEMONSTRATION TO BE HELD HERE

This new method of home treatment for saving and growing thicker hair will be demonstrated in Charlottetown, P. E. I., on Tuesday and Wednesday, June 5 and 6.

These private individual demonstrations will be held at the Charlottetown Hotel on Tuesday and Wednesday, June 5 and 6.

LONDON, ONTARIO, May 28—In an interview here today, William L. Keele, internationally famous trichologist and president of the Keele Hair Experts, Inc., said, "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so-called cure-all could correct all the disorders," he explained.

GUARANTEED

"The Keele firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offer a guarantee," Keele said.

Once a person avails themselves to the Keele treatment his skepticism immediately disappears. To insure this, we offer this guarantee: "If you are not completely satisfied with your hair progress at the end of 30 days, your money will be refunded."

HOPELESS CASES DISCOURAGED

First the Trichologist is quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in the lost category.

If there is fuzz, no matter how light, thin, or colorless, the Keele treatment can perform wonders.

A complete, private examination is given by a Trichologist to determine the condition of his scalp, and cause of his hair trouble.

FREE EXAMINATIONS

This examination is very thorough and highly technical. It requires 20 to 30 minutes. The Trichologist makes no charge for this examination and no appointment is necessary. After the examination the person is told the required length of treatment and how much it will cost.

After starting treatment the person makes regular reports to the Keele firm in London to check the progress of the home treatment.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, independent Trichologists are visiting various cities throughout the United States and Canada to conduct examinations and start home treatment.

NO CURE-ALL

"We have no cure-all for slick shiny baldness," Keele emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle.

There is one thing Keele wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Keele said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR

If it worries you, call Trichologist Benton J. Lipson at The Charlottetown Hotel in Charlottetown, P. E. I., on Tuesday and Wednesday ONLY, June 5 and 6—12 NOON to 9 p.m. The public is invited.

You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way. Both men and women are welcome.—ADV.
