Letter From Hon. D. Davies.

To the Editor of the Examiner.

SIR,—In your report of the speeches made at the Grit meeting in the Athenaeum, on Tuesday night last, you have misreported me, and I, therefore, claim space in your paper to correct your misstatements. You say "that I objected to the Ballot, but M. Dorion represented that it should be brought into use all over the Dominion, and of course I had to submit." I made no such statement at the meeting. I did not allude to the ballot system at all; I am in favor of it. The substance of what I did say was that, when the Election Bill was under consideration, I was opposed to applying the qualification for electors for members of our Legislative Council to the electors for members for the Dominion House of Commons; that I urged that it was the duty of the Government to provide a Registration of Voters for the Island Province, and leave the franchise as it was; but Mr. Dorion—then Minister of Justice, who had charge of the Bill—insisted that the expense of making a Registration of Voters should be borne by the Local Legislature, same as the other Provinces of the Dominion; and a clause in the Bill provided, as soon as such registration was made by our Provincial Legislature, the qualification of electors for members for the Dominion Commons should be the same as for members of the House of Assembly of the Island; and all I could do was to protest against the change, which I did in my place in the House of Commons. You have not reported the remarks I made on the sugar question fairly. I said that the sugar refiners of the Dominion ought to be able to compete with sugar refiners of the United States, France, etc., without asking for protection from farmers, mechanics and others, who had no protection; but that sugar refiners asserted, and I believed truly, that the drawback on the sugar refined in the United States and exported in bond to Canada was 3th of a cent per lb. more than the duty actually paid on the raw material; and, as on large transactions this meant enormous profits, I was not prepared to impose one cent extra duty per lb. on the sugar consumed in the Dominion, in order to afford employment to a few hundreds of people in sugar refineries.

Yours, &c., DANIEL DAVIES.

Charlottetown, July 26, 1878.

A Tradesman's Opinion.

To the Editor of the Examiner.

SIR,—One would suppose when seeing Mr. L. H. Davies & Co. taking such an active part in this Dominion campaign and setting themselves forward to teach and warn the people that they were a great somebody. When listening to Mr. Davies, the other night, cautioning and warning the people of Charlottetown against the Sir John's party, I felt that Providence, for some wise purpose, has not endowed such men with the gift of seeing themselves as others see them. When these men get up to warn, and teach wiser and older men than themselves, it is no wonder that the listeners treat what is said with pity and contempt—pity for the misguided men who exhibit themselves, and contempt for the motive. Could Mr. Louis Davies only know how small a statesman he is in the estimation of those that were listening to him, he would never have the face to address a meeting on Dominion or any other politics. Can we not measure this man? Does he not get a large amount of money from the Dominion every year. He talks about Protection. Why, its

Protection he wants. He is anxious to send a party to Ottawa to protect him in drawing largely from the public treasury. That is all such men care for. And has the worthy Chairman of those meetings no axe to grind? Well, he may have a good deal of hardware that will suit the railroad; and it is hinted that he supplies that insinuation quite largely. So you see, Sir, that take away the chance of making money from such men as you will find taking a very active part in politics, and poor McGill and Sinclair may go to the dogs.

And again, why should we listen to Mr. Davies? Has he not deceived us in every sense of the word? Was he not elected to do a certain thing, and has he not done the very reverse? Does he not call himself a Free Trader, and a friend to 'the poor man? Yes, as far as Free Trade is concerned he is a Free Trader. He and his henchmen have traded away the rights of mechanics of Prince Edward Island to the inhabitants of another Province, to build a thing called an Asylum that is so free in its workings that it takes four men to watch it! And, in his Free Trade policy, he pays a head stone-cutter \$3 per day as one of the Inspectors. Is he not the right man to elevate the standard "WITH LOTS OF MONEY?" Is he not a magnanimous Free Trader? Surely none could be called a Free Trader more truly than he. He is free to talk, free to put himself forward as an adviser, free with lots of public money for his numerous relatives, free to tax the people more than they can bear, free to send a crowd of officials to impoverish the country collecting taxes, free to make Acts that lawyers cannot understand, and free to disfranchise voters. All the above is something like the freedom that the Grits have got to give and what they have been giving for the last five years. Surely the tradesmen of Charlottetown will side with Mr. Davies, and believe him to be a true patriot! But he might just as well be talking to the wall, if he thinks to make any impression—only the one already made—i.e., Davies and his Government is a failure; and he and the leading Grits have axes to grind, and that they must have "heaps of money, to carry their selfish plans into operation.

Yours, &c.,

A POOR TRADESMAN THAT HAS NO CONFIDENCE IN GRITISM.
Ch'town, July 24, 1878.

An Untruth.

The Ottawa Free Press says:—"Sir John has now definitely decided upon a general tariff of 35 per cent. At a recent speech in London, Ont., he said: 'Though he advocated a reciprocity of tariffs, he did not mean that he would adopt the American tariff in its entirety, but thought a general tariff of 35 per cent. would serve to meet the requirements of Canada.'"

We copy this paragraph, not so much because it appears in the Ottawa Free Press as that the Starvationists are using it very freely in Nova Scotia and New Brunswick. If Sir John McDonald is anywhere reported to have thus spoken at London, he is wrongly reported. Neither there nor anywhere else has he spoken of a 35 per cent. tariff; and as no interest in the country has ever asked for duties so high, to propose to give more than is required is such arrant nonsense that even Grit journals might refrain from fattering it upon Sir John McDonald. All of Sir John's utterances on this question in Parliament and out of it favor an adequate protection for home industries, but it is not for him or any other member of the Opposition to formulate a tariff until the people give them the power to carry it into effect.

St. John's, P. Q., News:—"The present Ministerial party has not inaptly been called the party of unredeemed pledges. Promises which it made before accession to office remain unfulfilled, and the sins which it charged upon its political opponents when they were in power it has practised since the fortunes of political warfare gave it the opportunity."

Mr. Turcotte has once more saved the Provincial Government; his mighty casting vote having, last night, again decided that the Government possessed the confidence of the House and of the country. It is singular that though every means have been availed of to aid the Ministry, they are no stronger now than at the opening of the session, and still they exist by the good will and pleasure of the honorable member for Three Rivers.—Montreal Star.

One of the sharpest rebukes on record is attributed to Mrs. Langtry, the reigning London beauty. In the midst of an admiring circle she asked her husband to introduce her to a well-known gentleman. He did so. The gentleman, flattered, smiled and bowed. "I want you," said the beauty, giving him her handkerchief, "I want you to wipe off the paint from my face, as I hear you say at the clubs that I am painted."

Enjoy Life.

What a truly beautiful world we live in. Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint are the direct cause of seventy-five per cent. of such maladies as Bilioousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.
