COOPER & BREMNER.

PROSPECTUS OF A LIBERAL NEWSPAPER

To be published in Charlottetown Twice a Week.

To the People of Prince Edward Island.

GENTLEMEN; The subject upon which we have
to address you is one that so closely concerns the common
interests of us all, that we do not hesitate to approach you with
all the familiarity of a friend—all the boldness and manliness of
spirit inseparable from an integrity of purpose and firm attach-
ment to the truth. We have to address you on the propriety of
establishing in this Colony a FREE and INDEPENDENT Press; and
in doing so, we shall avoid the indulgence of that flippant flattery
and servile dissimulation so common to a Prospectus, which is as
useless as it is disgusting.

To assert that you have no such Press, is to assert that which
you all know. It is notorious that the whole population of this
Island—save a miserable, arrogant and purse-proud faction,
draining the life-blood of the country, and insulting its emaciated
form—have not the power of proclaiming their injuries and de-
gradation, and establishing the tyranny and infamy of their rulers.
That tyranny has existed for years, and still exists in more than
its original deformity, and no journalist in the Colony has been
found fearless and honest enough to expose and condemn it.

When you have to appeal to the Press of another Country to
assert your rights and chastise your oppressors, there can be lit-
tle doubt of the partiality, venality and corruption of your own,
or, rather, that which calls itself yours. There can be little doubt,
that truth and justice have been bartered for the smiles of place-
men and the patronage of power, and that perfidy and
apostasy by some are regarded with higher favour than constancy
and integrity. To render such appeals unnecessary, we purpose
to establish in this community a Semi-weekly Periodical, under
the title of

The Palladium.

To this step we are encouraged by your friends—the People's
friends—whose solicitations and assurances of support are too
urgent and flattering to be disregarded or unacknowledged. The
object of this paper will be, emphatically, the defence of your
rights, and the promotion of your interests. "This is not the
cause of party, or of faction, but the cause of every man in Bri-
tain." It will be its object to investigate and assail, if not reme-
dy, the evils which have grown out of the Landocracy System,
a system whose principle is "monopoly," whose effect is
oppression; and wherever fraud or corruption may be found to
exist, THE PALLADIUM will show itself its most uncompromis-
ing enemy.

To the Government, as at present constituted, THE PALLADIUM
will present an opposing front, because it is unconstitutional and
un-British—because it is the Government of an Oligarchy, and not
that of a FREE PEOPLE, subsisting rather on the affections of the
Colonists—and because it is a living lie on the system of Colonial
Policy conceded by Her Majesty to her Provinces in America.
We believe—we are sure—you desire an Administration based
upon the uncorrupted principles of the British Constitution; and
you have as good a right to such an Administration as the Pro-
vinces of Canada, Nova Scotia or New Brunswick. Though not
so extensive in territory as either of her elder Sisters, the Island
of Prince Edward has all the elements of national importance, in
common with them; and the time has arrived when she should
assert her claim to that position among these Colonies which her
resources entitle her to maintain. And if we have life to execute
the purpose we have in view, those claims shall not want an
assertor or defender.

AGRICULTURE AND THE FISHERIES.

We are aware that the full development of the Agricultural
and Fishing Resources of the Island is essential to its wealth and
prosperity; and, in the discharge of our Editorial duties, these
subjects shall often occupy our consideration.

NEWS.

A primary object of the PALLADIUM will be, to give a ready ab-
stract of the latest News, from all parts of the world, as soon as
it may reach our shores; and whenever it may be inconvenient
to afford it through the columns of the regular publication, a Sup-
plementary sheet will be employed.

LITERATURE, &c.

The lovers of *les Belles Lettres* shall ever find an amusing and
instructive Miscellany in those columns usually devoted to such
matters.

THE PALLADIUM will be printed on a sheet nearly as large as
any of the Island Papers, and will be issued twice a week, on the
mornings of Monday and Thursday. The annual subscription
will be Fifteen Shillings—exclusive of incidental expenses—pay-
able half yearly in advance. Thus it will be the cheapest Paper
ever published in the Colony.

The necessary Printing Materials will be received in the course
of a few weeks; and as little delay as possible will then be made
before the issue of the first number.

THE AMERICAN FAMILY MEDICINE.

THAT MR. MOFFAT'S Life Pills and Phoenix Bitters
have long since obtained the high and enviable distinction and a
host of competitors, and that they acquired it solely by their invari-
able and almost unlimited efficacy, without the usual aid of fulsome puffery
and pretensions, are well known to the public, and cannot be denied.—While
very little has been said concerning these astonishing Life Medicines by
the proprietor, he has not more than was necessary to call the at-
tention of the afflicted to a sure and speedy means of relief, their renown
has rapidly flown from one individual to another, and from family
to family, until they have long since become known in almost every town
and village in the Union, as a wonderful and inestimable blessing.
Voluntary and unsolicited testimonials of their
