LOOKING FOR STUDENTS—Rev. Brother Murray, a member of the Presentation Institute, an English-speaking teaching order is on a visit to the Island for the first time. The object of his visit is to find some good, intelligent boys and young men willing to join the ranks of his congregation. The Brothers have opened seven schools since they came to Canada from Ireland, only ten years ago. They direct Classical Colleges, High Schools and Parochial Schools. The Presentation Brothers' pupils are found in Law, Medicine, Dentistry, Engineering and the Commercial and Banking establishments of the Cities, and they are looked upon as a teaching fraternity of a high order.

ADDRESS AND PRESENTATION—Rev. M. J. McPherson was remembered by his congregation on the eve of his departure to another field.

On the eve of Rev. M. J. McPherson's departure from Cavendish to take charge of the congregation of Tryon a meeting was held at the home of Mr. Warfield Orr of New Glasgow at which a presentation was made and the following address to which Mr. McPherson made fitting reply. He appreciated their remembrance of him pleasantly referred to the recorded intellectual status of Cavendish that he tried to do his best in the pulpit service, had enjoyed the welcome he received in every home in the congregation that he considered the lonely and the suffering should have a Pastor's special care. His concluding words were a Benediction on his successor, Mr. J. Sidney Bonnell, the elements of his Scottish character found out in Scottish melodies which Mr. McPherson sang with much acceptance including "Jessie's Dream."

ADDRESS—Rev. M. J. McPherson, Rev. and Dear Sir:—That the bond which binds together Pastor and people is about to be broken, we wish to express to you our esteem of your labors in our midst while the pulpit must ever be the supreme sphere of the Minister of the Gospel. In this respect you have rightly divided the Word of God and delivered His message with much acceptance to the congregation. We recognize your untiring efforts in caring for the sick and the suffering and indeed you were a welcome visitor in all our homes and many adjacent ones—and now in bidding you farewell we ask you to accept the enclosed in token of the kindly relations that have existed between us. We have every confidence that your sterling qualities and strong Scottish character with God's Blessing will insure you success in your future charge.

## Greater Tea Consumption In Great Britain

The reduction of the English duty on tea by four pence a pound will undoubtedly result in greater consumption on the part of the public of Great Britain, which is now by far the largest tea consuming country in the world. This increased demand will tend to raise the present abnormally high market, and an increase in cost throughout the world may be expected.

ber of Deputies, M. Caohlin, Communist, declared that even the newspapers were supporting the Premier's policy by saying all danger of a crisis with Germany had been dispelled, "but I do not say so," interrupted Premier Poincare. M. Sebatt, Socialist leader, said France was to be congratulated on that eventuality as the irreparable mistake of occupying the Ruhr region would no longer be feared.

An old negro not feeling well had the doctor pay him a visit. The doctor told him, as he was getting old, he must eat plenty of chicken and avoid being out in the damp night air.
