Alberton Fire Dept. Plans More Efficient Operation

—There was a large attendance at an enthusiastic meeting of the Alberton Fire Dept., held in the Legion Hall last evening with the Fire Chief Jack Profit, presiding. Mr. Herbert Leavitt was appointed secretary. Following discussion it was approved that the fire alarm siren be sounded at intervals for a period of five minutes for an in-town fire and at least twelve firemen be notified by phone from the telephone office. Definite rules and positions were drawn up for each member of the volunteer fire brigade.

The Fire Hall is to be kept open between 1 and 2 p.m. each day for the remainder of the week and a qualified instructor will be on hand to give lectures on the operation of the fire fighting equipment.

The Fire Chief announced that an additional pumper capable of putting out one thousands gallons of water every fourteen minutes had been purchased and mounted on the fire truck. Hose pressure is controlled from the nozzle on the new automatic priming pumper. A 500-gallon water tank had also been mounted on the truck in addition to the chemicals already carried.

A full dress fire drill is planned at a time and place to be decided by the Fire Chief.

On motion it was approved that a regular monthly social evening be held for members of the fire brigade when instruction on fire fighting, first aid, etc., will be given followed by entertainment.

The secretary reported that a cheque for $50.00 had been received from an insurance company in appreciation of the fire brigade's efforts in saving a house in Fortune Cove some time ago.

Shanties Salvaged

A very unusual incident occurred off Bakers Shore, North Bedeque, on Monday, January 10th, when seven smelt shanties were rescued. The shanties are used by fishermen for hooking smelts. On Sunday night, ice left the shore when the tide went out with the wind blowing. On Monday morning ice and shanties were about 500 yards off shore.

The incoming tide failed to bring the ice up the Dunk River again as the wind was still blowing and with no ice at MacDonald's Point, Holmans Island or Summerside harbour, it seemed that the fate of the shanties was doomed and they would drift out to Northumberland Strait. However the fishermen, with the help of James, George and Ralph Beaton, three very capable and experienced fishermen, rescued the shanties one by one in a dory.

One of the largest shanties broke off some of the ice off the ice-pan and was nearly lost in 12 feet of water. It would no doubt have sunk. One of the oldest residents of the district, James E. MacDonald watched with interest as the dory acted as a ferry between the ice island and the shore, making trip after trip with three men on the ice floe hauling the shanties on hand sleighs to the nearest point of the shore. This little incident will go down in the books as something that never happened in this vicinity before or perhaps on the Island.

Drop Complaints Against Police

TORONTO (CP) — Two men whose complaints of police brutality last October were aired at an eight-day hearing pleaded guilty Tuesday to charges of having liquor in a place other than their homes and were fined $50. They withdrew their complaints against police.

Charges of obstructing police and causing a disturbance were withdrawn against Robert Wright, 21, and Michael Griffin, 22, arrested Oct. 23.

The men were picked up after a Toronto Argonaut football game. An unruly crowd surged on to the field as the game ended and James Cowie, a Varsity Stadium policeman, suffered a fatal heart attack in the confusion.

During the inquiry last fall, Wright and Griffin told Mr. Justice W. D. Roach they were beaten by police after their arrest and denied access to legal counsel for several hours. Mr. Justice Roach's findings have not been made public.

Russia Agrees To Release Of U. S. Soldier

WASHINGTON, (AP)—The United States announced Tuesday that Russia has agreed to release Pte. William Verdine of Starks, La., the last of three Americans held for years inside the Soviet Union.

State department press officer Henry Suydam said Soviet Foreign Minister Molotov notified the U. S. embassy at Moscow late Tuesday that Verdine would be turned over to American authorities at Berlin. The date will be set later.

Two other Americans, Pte. William C. Marchuk, 30, of Norristown, Pa., and John H. Noble, 31, of Detroit, were released by the Russians last Saturday at Berlin.

Noble had been in a Russian prison for 9½ years. Marchuk and Verdine 28, were picked up by the Russians five years ago.

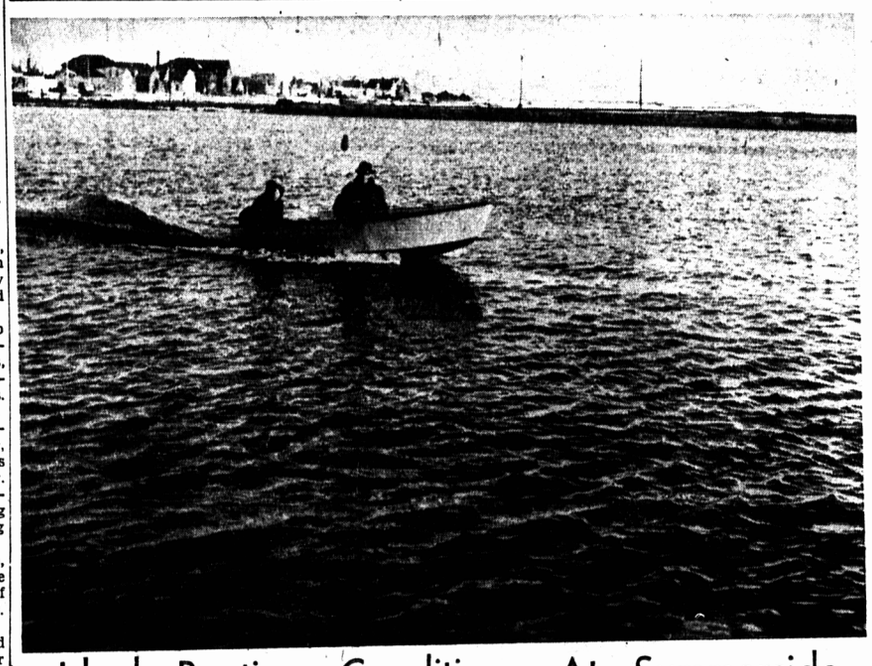
Swimming In Bedeque Bay January 11

The waters of Bedeque Bay registered a biting 30 degree temperature yesterday afternoon, when Mr. Ensor Bowness of Summerside plunged in for a brief swim. He is shown diving into the bitter cold harbour at the end of Holman's Wharf, where quite a number of spectators gathered to witness this unusual January 11th. diversion. Real cool! Rennie Gallant of Summerside set a previous record on January 10th, 1949, the last time the harbour was ice-free at so late a date. Mr. Bowness is a well known Island horseman, both as an owner and driver. He is proprietor of the Bowness Funeral Home.—**(Photo by Wotton).**



Ideal Boating Conditions At Summerside

Ideal boating conditions prevailed yesterday afternoon in Summerside harbour and young Jimmy Smallman took advantage of the January 11th ice-free waters to take several of his friends for a spin around the bay in his outboard motor boat. In the boat with Jimmy at the controls, is one of several passengers who enjoyed an airing in the warm, sunshiny weather, Mr. John Hopkirk of Summerside. Jimmy is a son of Mr. and Mrs. William Smallman. In the background can be seen the Marine Wharf and storage sheds. According to several of the older residents of Summerside, this harbour has been ice-free only three times in the past 63 years, 1892, 1949, and 1955. But with weather forecasters predicting warmer winters for this part of the world, it's possible that boating on Bedeque Bay may not be such an unusual occurrence at this date in future years.—**(Photo by Wotton).**

Immigrants From West Indies Are Posing Problem

LONDON (CP)—Increasing West Indian immigration continues to attract attention in British newspapers.

Two right-wing newspapers, The Daily Sketch and Daily Express, are running series stories on the subject and Tuesday The Sketch asked its 900,000 readers to vote on these questions:

Do you think West Indians should have unrestricted entry to Britain?

Should entry be allowed providing immigrants guarantee the means to support themselves for at least three months?

Should entry be stopped altogether?

The Daily Mail, also right wing, says the government will raise the question of legislation to restrict Commonwealth immigration at the Commonwealth prime ministers' conference which opens here at the end of January.

A deputation from London's Lambeth borough Tuesday visited Colonial Secretary Lennox-Boyd to ask for government action on the question. Lambeth has been one of the chief settling areas for the immigrants.

A deputation from Birmingham is scheduled to take up the matter at the colonial and home offices Jan. 19.

Hamilton Firm Lays Off 200

HAMILTON (CP) —F. H. Sherman, executive vice-president of the Dominion Foundaries and Steel Company, confirmed today that the company had been forced to lay off approximately 200 men within the last few days.

Mr. Sherman said that for some months the company has been operating both new and old steelmaking facilities at a rate above the finishing operations and has built up intermediate inventories far above normal.

"Dofasco's new finishing capacity, which will employ more people and will require increased steel production, will not come into operation until late in the year, but any increase in demand for hot rolled steel or stell castings in the meantime would, of course, help the employment situation," Mr. Sherman said.

Eden's Itinerary For Far East Tour Is Announced

By STANLEY PRIDDLE

LONDON, (Reuters) — The government Tuesday announced the itinerary of a four-week tour of the Far East which Foreign Secretary Anthony Eden will make next month.

Eden will spend most of his time discussing with Southeast Asian leaders ways and means of bolstering their countries against Communist aggression. It will be his first official visit to the region since becoming foreign secretary in 1951.

He stops off in Egypt en route to the Far East, then goes to Thailand, Singapore, Burma, Ceylon, India and Pakistan.

The foreign office said Eden will leave here Feb. 19 and will do the bulk of his travelling in Asia after attending the conference in Bangkok of Southeast Asian Treaty Organization foreign ministers from the United States, France, Australia, New Zealand, Pakistan, the Philippines and Thailand.

After an overnight stop in Rome, Eden will arrive in Cairo Feb. 20 for a one-day parley with Lt.-Col. Gamal Abdel Nasser, leader of Egypt's ruling military junta.

DISCUSS RELATIONS

He and the Egyptian premier are expected to discuss Middle East defence, Arab-Israeli relations, and the future of the Sudan which was formerly ruled jointly by Britain and Egypt and now is headed for autonomy.

From Cairo he will move on to Bangkok for the first gathering of SEATO foreign ministers since the treaty was signed in Manila last September. It will also be Eden's first meeting with the other SEATO ministers, since he did not attend the Manila parley.

From Bangkok, Eden will go to Singapore Feb. 26 where he will get together for four days with Malcolm MacDonald, British commissioner - general in Southeast Asia, and other British representatives in the area.

The foreign secretary will reach Rangoon March 1, fly to Colombo March 3, to New Delhi March 8, and to Karachi March 13.

He will begin his return journey to London after a three-day stay in the Pakistan capital.

Shawinigan Co. To Offer New Shares

MONTREAL (CP)—The Shawinigan Water and Power Company announced Tuesday it will offer shareholders rights to 220,000 new shares in the proportion of one new share for each 10 shares held.

Subject to approval by the Quebec provincial electricity board, the offer is expected to be made Feb. 1, and to provide some $10,000,000 new capital.

Shawinigan president J. A. Fuller said the proposed financing is being undertaken as a result of recent company acquisitions, and the new capital is expected to cover capital expenditures to the end of 1957.

Nfld. Drama Festival Begins

CORNER BROOK, Nfld. (CP)—St. John's Players opened the Newfoundland regional drama festival here Tuesday and proved once again that "the show must go on."

The group presented "The Gioconda Smile" despite loss of its director, three bit players and a star who is bedridden with tonsilitis.

Four more plays are entered in the festival which concludes Saturday.

Corner Brook amateur players will present "Angel Street" Wednesday. Thursday, Corner Brook playmakers will stage "My Three Angels" and the St. John's Theatre Guild will take Friday's spotlight with their interpretation of "Ring Around the Moon."

The festival ends with presentation Saturday of "The White Headed Boy" by the Grand Falls Northcliffe Dramatic Club.

Adjudicator of the plays is British actor-director Andre Van Gyseghem.

SEES TURBO PLANES SOON

DETROIT (AP) — Turbin-powered aircraft for transport service will be available by 1960, the Society of Automotive engineers was told Monday. J. T. Dyment of Trans-Canada Air Lines, who made this prediction, also said that turbine-powered helicopters for 300-mile "puddle jumper" operation also may be available within the next five years.

To Ban Elephants, Naked Holy Men

NEW DELHI (Reuters) — A ban on elephants and naked "holy men" in Indian religious processions is recommended by an Investigating committee.

The committee investigated the causes of a stampede in which nearly 500 people were trampled to death at a religious bathing festival in Allahabad last year. Its report blames the naked "holy men" as one of the causes of the stampede.

It also blames the authorities for not making sufficient preparations for the crowd of nearly 6,000,000 who wanted to bathe in the sacred River Ganges.

A group of "holy men" tried to stop pilgrims crossing the procession's route through a gap between two elephants, and attacked them, the report says.

A "frightful stampede" ensued, in which many pilgrims fell into the ditch alongside the road and were trampled to death. Beggars squatting along the route were crushed.

Halifax Man Pleads Guilty

WINNIPEG (CP) — Emory Arden Davis, 28, of Halifax, Monday was remanded in provincial police court until Jan 18 for sentence when he pleaded guilty to breaking and entering

Evidence showed Davis drove a borrowed truck up the greater Winnipeg sewage disposal plant, loaded it up with $100 worth of copper cable and attempted to drive away However the truck became stuck Two employees telephoned police but Davis fled before their arrival He was arrested two weeks later

Admiral Suggests Blockade Of China

WASHINGTON (AP) — Admiral W. Radford, chairman of the joint chiefs of staff, said Tuesday the United States should support an Allied blockade of Red China "if all other measures" fail to bring about the release of prisoners held by the Communists.

Radford, returning from the Far East, said a blockade "would have a great effect on the Red Chinese and would be the best way to tackle such a problem."

Radford also said that if the Communists "renewed major aggression in Korea, the United States would use atomic weapons, I am sure, if necessary."

Four Groups In N. B. Festival

MONCTON, (CP) — Four theatrical groups will compete in the New Brunswick regional drama festival here next week.

Sackville Theatre Guild will open the festival Thursday with "Ladies in Retirement." University of New Brunswick Players will stage "Antigone," Friday.

The festival will conclude Saturday with "A Phoenix too Frequent" by the Mount Allison University players and St Stephen's presentation of "Dear Ruth".

British actor-director Andre Van Gyseghem will adjudicate and select the Calvert New Brunswick regional trophy winner. Also on the block is a possible chance at competition in the Dominion drama festival later in the year.

Thinks People Love To Sin

TORONTO (CP) — Comissioner W. Wycliffe Booth, new head of the Salvation Army in Canada and Bermuda, says he is reluctantly convinced that people love to sin.

"They drink, gamble and sin even if they know it isn't good for them," said Commissioner Booth, grandson of Gen. William Booth, who founded the organization in 1865 at London, England.

"The greatest cause of evil is in men's hearts," the man who has served in the Salvation Army almost 50 years said at a press conference.

New York Central Declares Dividend

NEW YORK, (AP)— The New York Central railroad Tuesday declared a dividend for the first quarter of 50 cents per share, payable March 10 to stockholders of record Feb. 4.

The announcement came from the regular monthly meeting of the Central's board of directors. The last dividend paid was 50 cents a share last January, a payment declared by the former board of directors late in 1953.

CNR Appointment Is Announced

MONTREAL — The appointment of Ralph T. Vaughan as special assistant in the office of the president of the Canadian National Railways was announced here Tuesday by the company.

Born in Halifax in 1919, Mr. Vaughan is a graduate of Saint Marys University and Dalhousie Law School. During his collegiate and arts course he was awarded 15 medals for course leadership, including the Carswell prize in first year at law school. He completed law articles and was called to the Bar of Nova Scotia in 1948. He became a partner of the law firm of Fielding, O'Hearn and Vaughan later that year.

He was a reporter on the night staff of the Halifax Herald for two years and city editor for three years while attending university. He enlisted in the Canadian army as a private on graduation from law school, and served as instructor at officers' training school, Brockville, Ont., and Vernon, B. C., and public relations officer at various commands attaining the rank of captain. On demobilization in 1946, he returned to the Halifax Herald as news editor for two years, and in 1948 went into law practice.

He was appointed executive assistant to the premier of Nova Scotia in 1951, which position he has held until his present appointment.

Farm Riding To Have First British 1955 By-election

By ARCH MacKENZIE
Canadian Press Staff Writer

LONDON (CP)—The first British by-election of 1955, a year widely expected to yield a general vote, takes place Thursday down on the farm. Three more of six pending by-elextions are scheduled to be held before the end of the month.

The 40,000 electors of Norfolk South, heavily agricultural and Conservative since 1950, are under immediate scrutiny in a straight Conservative-Labor test.

Norfolk South is regarded as important primarily because of the agricultural issues at stake, and Labor has published its policy in farm marketing, presumably for the occasion.

Moreover, the Conservative majority is just above 3,000, and Norfolk South has potential as a rural political weathervane, lending it some importance in a country where farmers are traditionally Tory.

ELECTORATE PASSIVE

The bulk of the electorate has been listening passively to arguments about farm facts. A main talking point has been government policy of free markets, bolstered by a deficiency payments scheme. This is oppised by the Labor party program of restored bulk buying for food imports, and a system of producer marketing boards.

The Labor party has been at pains to stress that this would not mean a return to rationing.

Its policy is aimed at a certain amount of farm unrest caused by the conflicts between free domestic marketing at a time of heavy international agricultural supplies, but it has evoked no warm support. Most newspapers claim to see in it a return to restrictive practices.

The Conservatives have retained 24 by-election seats. The Socialists have lost one, and held 17. In Norfolk South, farmer John Hill represents the Conservatives, and he is opposed by John Stewart, a district organizer for the National Union of Agricultural Workers.

The by-election was made necessary by the expulsion from the House of Commons of Peter Baker, sentenced to seven years in prison for business irregularities. In the 1951 election, Baker received 19,610 votes against 16,371 for his Labor opponent, L. S. Cutts.

No Complaints From TCA Pilots

OTTAWA (CP)—Transport Minister Marler said Tuesday his department has received no complaints from TCA pilots concerning a number of reported near-collisions between Trans-Canada Air Lines planes and military aircraft.

He was asked in the Commons by Davie Fulton PS—Kamloops about Winnipeg reports that civilian pilots have reported a number of near-accidents similar to one over Moose Jaw, Sask., April 8 last which killed 37 persons. Mr. Fulton referred specifically to TCA pilots.

Mr. Marler said if complaints were made by responsible persons his department would be glad to investigate them.

Tuesday night, a senior official of the transport department said probably many more than 14 air "incidents" between military and civilian aircraft have come to government attention since the Moose Jaw crash. However, he made no direct reference to TCA planes.
