

Columnist Cannot Agree With Association Suggestion

When this column appears in print June will be peering around the corner and may be packed and ready to move into the past memory column. It has been a late spring and no broods of black ducks have been reported to date. May 19th is the earliest of my records so far in the date I observed my first brood of black ducks and they were about a week old. I estimated that they had broken the shell on May 10th. On Sunday afternoon I took a long ramble through a swampy terrain and was surprised to learn that some black ducks at least were still in the courting stage. Two ardent drakes were playing aerial court to a female of the species. She appeared in a petulant mood and all signs pointed to the fact that she had made her choice and no flew so close they were almost brushing wing tips on occasion with the other partner. She refused for an answer. This sometimes happens where the human element is involved. I estimated that I blamed her very much. Once when she decided to alight in a quiet place I was able to get a sort of breather the third member of the trio coasted right in on the wing and I was able to get a prompt when this happened and if I could translate what she was saying the inevitable result would be that I would be deleted by the censor. I was reminded of what an old woman said to me when she got a couple fighting. "Among them to be hit" and I took her departure. I did not take it. Once, when I stepped aside off the heater trail, I felt the Green - I went teal off her nest. I didn't approach too close but I there were at least two eggs in the setting. I also started two song sparrows from their nests during my ramble. I was delighted to note that Robin Red Breast has increased in numbers this year but their nests are being taken in the woods and swamps. Our feathered wildlife must have a close proximity to man's habitation if it is to survive. Pests on sprays and insecticides are quite often as deadly on innocuous standers as it is on the culprits for which it was intended.

NOTE THE ANSWER I note where the different branches of the P.E.I. Fish and Game Association have estimated the appointment of six provincial game wardens - two for each county. I have not seen it is not the answer. It would only result in thousands of dollars going down the drain and poacher still enjoying a field day. Sure memories are not so short that the days when we had stiff provincial wardens is forgotten. Nor is it forgotten that it was the Fish and Game Association who were responsible for the discontinuance of the Province's game law enforcement under the Royal Canadian Mounted Police. This is a columnist remembers very distinctly the hue and cry to have the number of the Fish and Game Association given the authority of honorary game wardens. It was considered that members of the Association were continually witnessing violators of the Game Act while out fishing or hunting and had no authority to take any action in this connection. Finally some years in the vicinity of 15 or 20 years ago, all members of the

P.E.I. Fish and Game Association were appointed "honorary game wardens" without pay. There was a proviso in this connection that honorary game wardens could not make an arrest without a warrant or break and enter any premises in search of game or poachers, etc. They were given plenty of authority without the foregoing. They could fish, hunt, trap, trap, trout or game taken illegally from any party, or parties, found on the hunting grounds and also take the necessary steps to assure identification of the party or parties involved in the offense. What was the result? A colossal failure - not a single poacher secured or any worth while action instituted. Since they were given the authority of honorary wardens they have been as mute as "the Harp that hung on Tara's wall" (THE EXPLANATION CONTINUED)

The cooperation of the R.C.M.P. has received from game associations involved. I am sure that I am not alone in knowing of members who have withheld information when questioned by an R.C.M.P. Game officer regarding an offense under the Migratory Birds Convention Act, when they could have given the officer the necessary information he required. I say off hand that we have an approximate three hundred honorary game wardens in the province at the moment. East of the Atlantic Game Branch Association boasts a membership this season of well over one hundred. I am sure that the R.C.M.P. does not help the game law situation neither will six game wardens in each county. I am sure that the major file of hunters and fishermen will take up and give our provincial game wardens the necessary co-operation. Action is drastic action if necessary. I am sure that the Game Branch Association of our fish and game. We have the set up to do the job if the army of honorary Game Officers now crisscrossing the countryside wake up. Talk can be a very cheap commodity at times.

Candy Spots Wins Feature

CHERRY HILL, N.J. (AP)—Candy Spots got in a stiff necked race for the Belmont stakes and picked up \$37,715 for owner Rex C. Ellsworth as he won the Jersey Derby Thursday at Garden State Park. Flawlessly ridden by Jockey Eddie Haskett, Candy Spots, a three-year-old, winning the 1 1/4 mile \$100,000 race. He was hit only once with the whip. His margin was 1 1/2 lengths over Maine Chance Farm's Get Around, with Mrs. C. D. Morgan's Sky Wonder third. The long striding son of Nigromante - Candy Dish was sent off a 1-5 favorite and won the Memorial Day holiday throng of 45,509. He returned \$2.60 and \$2.30 in the win and place betting only race.

DICK STUART Glasses Help Dick Stuart

BOSTON (AP)—Boston slugger Dick Stuart, slammed a home run the first time he wore glasses in his baseball career. The blow came on a 14 pitch off New York starter Ralph Terry in the second inning of Thursday's game. The large glasses with metal rims were prescribed by a doctor after an examination Monday. Stuart had been benched for three games last weekend due to a hitting slump. The homer, his ninth, was lined down the left field foul stripe into the screen with Ed Clinton aboard.

Probable Pitcher By THE CANADIAN PRESS

Probable pitchers for today's major league games, won and lost records in parentheses: American League Baltimore, Pappas (4.0) at Los Angeles; Osimki (2.1) (N) at New York; Ford (5.2) at Washington; Rudolph (3.6) or Grant (3.4) (N) at Washington; Donovan (2.3) at Kansas City; Pena (4.5) (N) at Detroit; Bunning (2.5) at Minnesota; Perry (2.2) (N) at Chicago; Richardson (4.2) (N) at St. Louis; Simmons (6.1) (N) at Los Angeles; Miller (3.2) at Cincinnati; Mays (6.2) (N) at Pittsburgh; Schwall (3.2) at New York; Willey (4.3) (N) at Houston; Trot (2.2) at Milwaukee; Shaw (2.2) (N) at Chicago; Buhl (3.4) at Philadelphia; Short (1.4) (N). FLOWER FEELS RUBBER The milky latex of the Russian dandelion is a commercial source of rubber in the Soviet Union.

Ever Hear of a "DIURETIC"? Maybe not. But you should know what a "diuretic" does. There are times when you should use one. You'll understand how important the kidneys are in maintaining good health. Also that if the kidneys fail to function properly excess acids and waste material remain in the system. This may result in subsequent urinary irritation and bladder discomfort, along with backache, tired feeling and disturbed rest. DODD'S KIDNEY PILLS are a safe, effective remedy for all these conditions. DODD'S KIDNEY PILLS are available at any drug counter.

Twins Cop 10th Straight; Athletics Halt Orioles 7-2

By THE ASSOCIATED PRESS Minnesota's torrid Twins won their 10th straight game-longest winning streak in the majors this season by defeating woful Washington 5-2 on a Memorial Day program that saw the American League race tighten considerably. While the Twins were closing ground, Kansas City knocked off league-leading Baltimore 7-2 and cut the Orioles' lead to two games over second-place New York Yankees, 63 victors in 10 innings at Boston.

AAU of C Announces Track And Field Plan

SUMMERIDE - The Amateur Athletic Union of Canada has announced a national standards plan for track and field to "encourage increased participation in track and field, and to raise the level of performance in Canada through the provision of national standards. Four levels of performance are recognized for men and women and any registered AAU of C athlete who achieves the performance at an AAU of C sanctioned track and field meet is eligible to claim a badge level. Charles Blaine, Prince Edward Island track and field chairman, has said that the upcoming provincial high school meet will be recognized by the AAU of C and all competitors who reach a certain standard will be eligible for national recognition. The badges are in the form of a maple leaf and have the symbol of the AAW of C crest on them as well as the class achieved. Their colors change as follows: First Class - gold background - red letters; Second Class - silver background - light blue letters; Third Class - blue background - red letters; Fourth Class - red background - bronze letters. An athlete may win one badge at each class for a 6 month period. Fourth class badges can be won for the listed standards in these events: Men - 100 yds. (10.6); 220 yds. (24.5); 440 yds. (52.0); 800 yds. (2.6); 1 mile (4.9); 1 1/2 mile (8.1); 2 mile (12.1); 3 mile (18.1); 4 mile (25.1); 5 mile (32.1); 6 mile (39.1); 7 mile (46.1); 8 mile (53.1); 9 mile (60.1); 10 mile (67.1); 11 mile (74.1); 12 mile (81.1); 13 mile (88.1); 14 mile (95.1); 15 mile (102.1); 16 mile (109.1); 17 mile (116.1); 18 mile (123.1); 19 mile (130.1); 20 mile (137.1); 220 yds. (5.6); 440 yds. (11.2); 880 yds. (22.4); 1760 yds. (44.8); 3520 yds. (89.6); 7040 yds. (179.2); 14080 yds. (358.4); 1 mile (4.9); 2 miles (9.8); 3 miles (14.7); 4 miles (19.6); 5 miles (24.5); 6 miles (29.4); 7 miles (34.3); 8 miles (39.2); 9 miles (44.1); 10 miles (49.0); 11 miles (53.9); 12 miles (58.8); 13 miles (63.7); 14 miles (68.6); 15 miles (73.5); 16 miles (78.4); 17 miles (83.3); 18 miles (88.2); 19 miles (93.1); 20 miles (98.0); 220 yds.
