

Math and Computer Science Society News

Last Friday, October 11, four members of the Math/Computer Science Society were privileged to attend the 1st DPMA luncheon of the year. The four of us met up with Prof. Cutcliffe at the Charlottetown Hotel. After a lovely meal served we were happy to listen to a presentation on Computer Networking, given by Mr. Jim Hancock, director of Computer Services at U.P.E.I.

This week, on Friday, October 18, the society will be holding a volley-ball game in the Field House. Afterward, we will be returning to Memorial for pizza. Anyone interested in joining the society is welcome to attend.

Currently, we are all preparing for the APICS conference at St. Mary's University on the weekend of October 25-26. Some of us will enter the Math competition, while most are more interested in the Computer Science aspect. This is the first year the APICS conference is encompassing both Math and Computer Science, normally, there are two separate conferences.

We are also looking into starting up multcomp again. This service will provide students with an opportunity to purchase computer systems at a savings of up to 50%. More information will be available on this later.

To Be or not to be

Sci-Fi Society

On Friday, October 13, the U.P.E.I. Science Fiction Society held its first meeting of the year. We were rather disappointed at the low turn out after all of our advertising across campus. We held our executive elections despite the small numbers and elected James Kirk as president, Mr. Spock as vice-president, and Minnie Mouse as secretary/treasurer.

Next week, we plan to start preparations for the W.X.Y.Z. conference to be held on Mars. There may still be some openings so if you are interested, come to the next meeting and sign up. We are not sure of the room yet, so keep a watch out for posters.

Of course, we are always looking for new members who are interested in Science Fiction, especially Trekkies, so if you fit that category, join us at the next meeting.

I.S.A.

Please note:

The next meeting of U.P.E.I.'s International Students Association will be held on Thursday 24th October, and not Friday 25th, as previously advertised. It will be a party in the Dalton Building at 7:00 pm, yourselves.

See you there,
The Executive.
