The last mad support at the level to which it sank July 18, around 571 in the Dow Jones industrial average, and rallied from there.

Improvement was spearheaded by American Telephone and several of the "growth" stocks. A. T. and T. at the close was up 1¼ at 110½. Early losses of some "growth" stocks ran from 1 to 4 points. By the close International Business Machine was up 4¼ at 367½ and others in this category were well ahead.

TORONTO (CP)—Traders interest centered on western oils on the stock market Wednesday as the oil index scored its best advance in recent sessions.

The index—compiled from 15 leading issues—showed an advance on the day of 2.45 to 98.58. Central Del Rio was the favorite among brokers as it jumped 85 cents in price to $6.50 a share on a volume 38,000 shares. Rumors that a takeover bid may be made shortly spurred trading.

Other strong seniors were Home A, Hudson's Bay and Pacific Petroleum, all ahead ¼.

Traders said the recent takeover offers by Shell for Canadian Oil and Triad for Devon-Palmer and the Central Del Rio rumors were mainly responsible for the interest shown in oil stocks.

Industrials, after an initial decline, improved throughout the day and finished on the plus side.

FORD UP 1¼

Ford of Canada registered the biggest advance, up 1¼ points to 154 a share, on a report that half-year earnings for 1962 were the highest in the company's history.

Banks, as a group, were higher. Bank of Montreal advanced ¼, Nova Scotia and Imperial Bank of Commerce each ½. Toronto-Dominion ⅝ and Royal ⅛.

The base metal and gold markets were lower. Noranda and Hudson Bay Mining each dropped ½. Giant Yellowknife had the heaviest drop among senior golds, off ¼ to 12¼. Dome slipped ⅛ and Denison 1c cents.

Trading in speculative issues was relatively heavy. Lake Dufault was ahead 20 cents to 84.35 a share. The company said earlier this week it plans to sink a shaft on its Rouyn - Noranda, Que., property sometime this month.

On index, industrials were ahead .33 to 523.76, and western oils 2.45 to 98.58. Golds dropped 1.13 to 97.98 and base metals .54 to 180.29.
