**WEAKNESS OF HOSPITALS**  
Said to be Incapable of Curing One of the Most Deadly Diseases of the Age.  
Montreal, July 13.—Mr. William Brownley tells an alarming story of utter failure of the hospitals to cure him of Bright's Disease. He was treated in the best hospitals both in Canada and the United States. They gave him up as incurable. Medical science had failed; the hospitals were powerless to help him. Nevertheless Mr. Brownley is cured. Dodd's Kidney Pills cured him and he is a well man today.  
Says Mr. Brown himself: "I have been a subject to Bright's Disease of the Kidneys for twenty years. I have been in all the best hospitals in Canada and the United States. I could get no relief. I have just finished eleven boxes of Dodd's Kidney Pills and am completely cured. I am a locomotive engineer and well known to many can vouch for this statement."
