

Hockey Panther fans finally got their money's worth Monday night as a capacity crowd enjoyed an International Hockey game with the Chinese National team. Before coming to Ch'town to play the UPEI Panthers, the Chinese team had played Dal. and SMU last week, losing to the Huskies and winning their game with the Tigers. UPEI did not know what to expect from the team as the game of hockey is relatively young in China.

The Chinese team set the pace for the Panthers with their accurate passes and fast skating. This resulted in three quick goals within the first ten minutes. After this the Panthers seemed to take the game a little more seriously and the teams went to the dressing rooms after the first period with the score of 3-2.

Both the second and third periods produced some of the better hockey played at the Forum this year. After two periods the score remained a close 4-2 with the Panthers still very much in the game. So far Albert Roche had scored both goals for the Panthers.

The third period saw a little rougher style of hockey and at times it became chip-py, but this only proves how much each team wanted to win. With the score 4-3 (for the Chinese) and about one minute remaining Coach Hynes removed the goalie for an extra man. This resulted in a goal by Bob Hicks with only thirteen seconds left. Fans left the game satisfied with the play of the Panthers and their competition. The Chinese team now have a record of 1-3-1 and it would not take much to speculate that within a few years they could reach international recognition of the same caliber as the Canadians, Russians, Americans, and Czechs.
