Victoria Next Year

Next year's final festival will be held in Victoria, D. Park Jamieson, honorary chairman, said it was hoped to have the 1954 final competition in Quebec Province and the 1955 event in Saskatchewan.

He reported attendance at this year's presentations as more than 8,000, with gross box office receipts of about \$12,000—both the largest in the festival's history.

Mr. Jamieson said he had never previously seen such good work by local committees before opening night, and he had "marveled at the ease and efficiency" of the program operation.

In a review of the week, adjudicator Michel St.-Denis said his basic conclusion was that selection of plays must be improved. It was difficult to produce bad plays and act empty parts.

The matter of whether or not there had been general improvement since his previous visits to Canada could not be judged only from a final festival. His impression, "which may not be right," was that he did not see much improvement in selecting plays. The week's performances had demonstrated the importance of this.

He saw great improvement in production since he first visited this country in 1937, improvement in acting and some improvement in sets and lighting. There had been considerable good acting during the week.

BROOKLYN, May 1 - (AP) - Wayne Terwilliger, utility Brooklyn infielder, was optioned to St. Paul Saints of the American Association Wednesday. The move leaves the Dodgers one man above the 25-player limit which must be reached by May 15 under baseball law.
