JAMES M. BUTCHER is now prepared to give close personal attention to all funerals that may be entrusted to him.

COFFINS, CASKETS, &C.

of various sizes, styles and quality, always on hand, ready-made.

"PRICES TO SUIT THE TIMES."

Ch'town, February, 24, 1879.

H. W. Vinnicombe,

Resident Piano Tuner & Regulator,

HAS adopted the Dollar system of Tuning—six visits a year, at one dollar per visit. This system is much more economical and satisfactory than any other, as the cost is less, and the instrument is kept constantly in tune and repair.

A visit will be made to all parts of the Island once a year, or oftener if desired. Pianos tuned by Hamilton's system of even temperament.

Orders may be left at Mr. Fletcher's Music Store, or at Bremner Bros., Queen Street.

Good News from the Country.

Monster Meeting at Rustico.

The largest and most orderly meeting ever seen in this place was held at the Bank Building, on the evening of the 21st inst. The meeting was organized by appointing Mr. Ephraim Gallant to occupy the Chair, the undersigned to act as Secretary.

Donald McKay, Esq., one of the late representatives, then appeared on the platform, and was greeted with cheers. He proceeded to give an account of his stewardship as the people's representative for the last two years. He had endeavored to carry out the views of his constituents, as expressed by them at various public meetings called throughout the district during that time; he was now again seeking their suffrages, and if they considered that he had proved worthy of the confidence reposed in him by the electors of this district, and would again replace that confidence in him by electing him at this time, he was determined to keep a watchful eye to their interests. He criticised many of the actions of the late Government, and explained the policy of the present party. Mr. McKay was heard with marked attention and repeatedly cheered.

Mr. Farquharson came forward next and proceeded to explain his conduct as one of our representatives. He considered the Assessment Act was the poor man's Act, and endeavored to justify the exemption of towns from taxation for general purposes. He congratulated the electors on the good order which prevailed at this meeting, it being the largest he had ever attended in this district.

Mr. James Power read a resolution which had been passed at a very large meeting held here some time ago, instructing our representatives to oppose the late Government unless the Assessment Act would be amended, to include the towns. At the time the resolution was passed, Mr. Farquharson was present and defended the Act as it stood; but the resolution had been carried unanimously, and Mr. Farquharson having failed to convince the meeting, promised on that occasion to carry out our views as expressed in said resolution. Having deceived the people on that occasion, he (Mr. P.) believed he (Mr. F.) would do so again, and he for one was not going to trust him.

William Laird, Esq., spoke a short time in defence of the late Government. He was followed by Messrs. J. H. McInnis, Angus Gregor, Thomas Doyle, Joseph Doucette and F. E. Buote, all of whom agreed that Mr. McKay deserved the support and confidence of the people at this time, and criticised the course pursued by Mr. Farquharson.

Charles Gregor, Esq., stated that he had formerly supported the Davies Party, but was turned against them by "that well-known curse"—the Assessment Act—and could not support them at this time. He agreed with Mr. McKay on many points; thought \$100 sufficient remuneration for members, and advocated a general reduction of salaries.

J. M. Robertson, Esq., proposed, and Mr. James Power seconded a resolution nominating Mr. McKay. Messrs. Laird and Farquharson were also nominated, and a division was taken between Messrs. McKay and Laird, when the chairman announced four (4) for Laird and all the rest for McKay—their being about six hundred (600) present. Mr. Laird's friends, however, claimed eight (8).

On motion, the chairman left the chair, and Mr. J. K. McInnis took the same, when—

Mr. Farquharson moved, seconded by Capt. J. McKay and W. Laird, Esq., that the thanks of the meeting be tendered to the chairman for his able and impartial conduct in the chair. Carried unanimously.

Three hearty cheers for Mr. McKay brought the meeting to a close at three o'clock, a.m.

STEPHEN GALLANT, Sec'y.

Rustico, March 24th, 1879.

(Other papers please copy)

Liberal-Conservative Meeting at New London.

Pursuant to notice, a large and influential meeting was held at Stanley Hall this evening, at 6 o'clock, p. m. Meeting organized by the appointment of Henry Squarebridge to the chair, and the undersigned Sec'y.

The Chairman explained the object of the meeting by stating that it was called for the purpose of deciding who the Liberal-Conservative candidates for the north end of the First Electoral District of Queen's County was to be.

Dr. McNeill said he had been nominated at a respectable meeting of Liberal-Conservatives, and claimed he was the only L. C. Candidate in the field, and wished an expression of opinion from the meeting, to ascertain if they endorsed his nomination, after which he addressed himself to the policy of the Government, declaring himself an unwavering supporter of the present Government.

Arthur Simpson, Esq., proclaimed himself a party man. Did not believe in Coalition Governments. He instanced the Davies-Stewart Government as a case in point, and regretted that Dominion politics had been mixed up with Local; but believed that our policy should be to support an old and true Liberal-Conservative, and con-

sidered Dr. McNeill such a man. Complimented Mr. Sullivan for the manner he had led the Opposition, and considered him entitled to the position of Leader of the present Government.

After which the meeting was addressed by G. B. McKay, Esq., W. Hogan, Esq., and Angus Gunn, Esq., all of whom approved of the course recommended by the previous speakers. Whereupon Mr. F. Mohan came forward and proposed the following resolution, seconded by G. B. McKay, Esq.:

Resolved, That this meeting pledge themselves to support Dr. McNeill, the only true and legitimate nominee of the Liberal-Conservative party in the North end of this District, and the unwavering supporter of the present Government.

Which resolution was put to the meeting and carried unanimously. A delegation of three, viz., Arthur Simpson, Esq., Wm. Hogan, Esq., and Thos. Reid, Esq., was then appointed to attend the meetings to be held in the South end of the District.

After which it was Resolved to have the report of this meeting published in the EXAMINER newspaper, with a request for other Island papers to please copy.

The meeting then adjourned, giving three cheers for the Doctor and the present Government.

DUNCAN M. MCINTYRE,
Secretary.

Stanley, March 22, 1879.

Roofing the Streets.

Londoners, discussing the project for covering Regent street, their finest thoroughfare, with a glass roof, stretching above the eaves of the houses on either side, and to have the huge arcade which such a course would make illuminated by electric lights.

A writer in the Boston Journal thus says of that and similar projects:—"If Regent street takes the initiative in the matter, perhaps the Washington streets, the Broadway and Chestnut streets on this side of the water will follow so distinguished an example. Roofing a whole street with glass, though it might be advisable in the case of a narrow, crowded thoroughfare, would be too expensive for general adoption where the streets were of good width. Covering the sidewalks with glass roofs would be comparatively inexpensive, and the cost would be many times repaid, even in one generation, by the protection afforded from rain, snow and ice, and in summer from the hot sun, by the awnings with which the roofs would be provided in sunny locations. It does not need any special gift of prophecy to believe that the city of the future will pay some attention to the comfort of pedestrians; that in the near future people will read with wonder of the discomforts submitted to by this generation without even a protest.

The Foreigner Paying the Duty.

Since the imposition of the duty on cornmeal of 40c. per barrel, this article has been offered in New York at thirty cents per barrel below the lowest price at which it was held a week ago, and forty cents below the price of a fortnight ago. So the consumer in the Dominion, it appears, will have the duty paid for him by the producer in the United States, and his meal may cost him no higher than before.—St. John Sun.

WORTH NOTHING.—The Montreal "Post" says: "A prominent horse dealer of this city told us the following curious story this morning about the fancy his rats (as he calls them) have for a change of diet: He keeps a horse and noticed lately that it showed symptoms of lameness in its fore legs. He examined him carefully, but could not discover the cause. On going to the stable one day he, before entering, looked in through the window, when, to his astonishment, he counted eleven rats stuck on the horse's legs sucking his blood. He waited, expecting every moment that the horse would shake them off, but instead of doing this he remained motionless and seemed to enjoy the strange visitors. A rap on the window sent the rats scurrying off. On examination of the horse's legs he found 22 little holes, from eleven of which the blood was flowing. The horse was removed to another stable, and soon recovered from the sores, but strange to say, his appetite has almost failed him; he refuses oats, and as a consequence has fallen off in flesh, so much so that he is almost useless."

THE Halifax "Chronicle," the leading Opposition organ in that city, attacks Mr. Cartwright for his remarks on the subsidy for the Halifax fortnightly mail, and says he is "hasty and indiscreet" and that his remarks will find no favor in Halifax.

The Death-rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year, especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find, too late, that a Fever or Lung trouble has already set in. Thousands lose their lives in this way every winter, while had Boschee's German Syrup been taken, a cure would have resulted, and a large bill from a doctor been avoided. For all diseases of the Throat and Lungs, Boschee's German Syrup has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sold last year without a single failure known.
