## SUMMARY

**By THE CANADIAN PRESS**  
Toronto — Profit-taking weakens market and moderate trading. New York — Stocks irregular, early rally fades.  
Montreal — Industrials irregular in moderate trading.

## Currencies

**MONTREAL (CP)** — The U.S. dollar Thursday closed at a discount of 4 3/32 per cent in terms of Canadian funds, unchanged. Pound Sterling \$288 3/8 up 1-16.

## Toronto Stocks

**TORONTO (CP)** — Profit-taking in the final hour Thursday wilted prices on the stock market and it closed lower on index. Base metals were the heaviest index losers, down two points.  
The decline followed the year's strongest rally, which, in turn,

came after prices had suffered their worst setback in three months during Monday and Tuesday's trading. Observers said Thursday that the market might go lower before a definite upswing takes over.

Norman and International Nickel, which traded ex-dividend, had the heaviest senior base metal losses, each down a point. The majority of other seniors dipped fractions. Juniors coppers and uranums were down in a 20-cent range with a few 25-cent gains showing.

Western oils had a few strong winners on their list but the majority of traded stocks lost some ground. Canada Southern had the biggest change, a gain of 55 cents at \$5.75.

Index changes: industrials off 64 to 446.46; golds up .36 to 76.13; base metals off 1.99 to 205.84; western oils off .14 to 154.71.

## N. Y. STOCKS

**NEW YORK (AP)**—The stock market's recovery drive from its big setback early this week faltered Thursday.

Prices were mixed at the close as profit-taking slashed gains won in the opening upsurge when Wednesday's rallying effort resumed. The pile-up of overnight orders delayed the high-speed ticket pace which lagged behind the pace of the transactions by two minutes in the first quarter hour. The jam-up in the tape was over in four minutes.

The first hour's trading totalled 630,000 shares. Thereafter, however, there was a steady fall-off in turnover. As the pace slowed prices weakened.

By the close there was an irregular pattern of gains and losses running from fractions to about a point in contrast with his early range of gains ranging to about two points.

Aircrafts and steels were in the forefront as the general advance continued in the morning. By the close, most leading steels showed losses while gains among aircrafts were set down or erased. The Associated Press average of 60 stocks closed unchanged at \$170.30.

Leading Canadian stocks in the general trend downward on the New York Exchange included Aluminium Ltd., off 1, International Nickel, Canadian Pacific distillers—Seagrams 3/4, Hudson Bay Mining 3/4, and Preston East Down 1/2.

Rising Canadian stocks on the American Stock Exchange included Fargo Oil, ahead 3-16, Shawinigan 1/2, Seury - Rainbow 3/4, and Sapphire Petroleum, 1-16. What stocks did:

## Montreal Stocks

**MONTREAL (CP)** — Industrials closed irregularly Thursday following a firm morning session on the Montreal and Canadian stock exchanges. Trading was moderate and price changes were mostly fractional.

International Nickel dropped 3 points to 96 1/2, trading ex-dividend in base metals. Aluminium was ahead 1/4 at 110 1/2 after hitting 112. Algoma at 112 1/2 and Atlas at 25 were point losers in steels. Refining oils were mixed with Imperial down 1 at 52 1/2 and McColl and Canadian up 1/2.

Trans Mountain climbed a point to 106 in pipe lines. A mixed 1/2 per section showed International ahead 1/4 and Powell River off 1/4. Utilities were fractionally better with Southern Canada power gaining 1/4 at 56.
