King's County Exhibition.

LIEUT. GOVERNOR AND PARTY.

At nine o'clock His Honor the Lieutenant Governor and a party, consisting of Hon. D. Ferguson, Provincial Secretary and Treasurer, Hon. L. C. Owen, Hon. H. J. Callbeck, Hon. A. A. McDonald and wife, Major Peake, A. D. C., Henry Longworth, C. C. Gardiner, W. R. Watson, A. McNeill, Donald McKinnon, C. J. Haszard, John Newson, Esqs., and Rev. Stephen Lawson left by special train to attend the King's County exhibition. The train was in charge of Conductor Kelly, and made the run to Georgetown in the short space of two hours. The party were received by Hon. D. Gordon, Austin C. McDonald, Esq., M. P., A. J. McDonald, Esq., M. P. P., and others. The Lieut. Governor and Major Peake were conducted to the residence of the first named gentleman, where with the Hon. D. Ferguson and Messrs. Gardiner, Longworth and Haszard, they partook of luncheon.

THE WEATHER.

proved a great drawback to the exhibition. It rained until 12.30, and thus a large number of people who had exhibits remained at home until the judges were through with their work. However as the evening turned out fine, the attendance of visitors increased, and when the Lieutenant Governor arrived at the Drill Shed, at 2.30 to open the exhibition there was a large audience present.

THE OPENING

His Honor ascended the platform and delivered an excellent speech in which he touched on many of the leading features of the Dominion Exhibition which had just closed at Halifax, and at which he had the honor of being present. The great success which attended the Island exhibit in every department, must, he said, be truly gratifying to every inhabitant of our Province. The Island exhibitors, though few in number, carried off prizes not only in live stock, but in grain, butter, cheese, roots and farming implements, and in the majority of cases, first prizes. His Honor urged the agriculturists, the stock raisers, and the mechanics of the province to take courage from what they had already achieved in competing at Montreal and New Brunswick last year and this year at Halifax; and assured them that nothing was wanting in the soil or climate of our Island to prevent them from always taking a leading part in the Exhibitions of the nation. Neither is there any lack of mental calibre or genius among our mechanics, who have already made their mark in the improvement visible in the machinery which they exhibit for agricultural purposes. Our dairy products were also alluded to by his honor, and he passed a well-merited compliment upon the success which our few exhibits met at Halifax last week. Space will not permit us to give even a summary of his splendid speech, which was listened to with marked attention and deservedly applauded at the close.

HORSES.

After His Honor declared the Exhibition opened he inspected the various exhibits, of which, we learn, he spoke favorably. The show of horses was a small one. In only one or two classes was the competition brisk. The stallions were a particularly poor lot, and the general opinion is that King's County, instead of progressing, is retrograding in the breeding of horses. But few are worthy of special notice, and among them was a fine young carriage stallion belonging to Mr. Wilson, of Cardigan, which would doubtless, have given a good account of itself at the Dominion Exhibition. Mr. George Robertson, of Farmington, showed a fine thoroughbred bay filly which took a first prize. It is very handsome and gives promise of good speed. Mr. Clement Sinnott's draft filly and Mr. Nicholson's stallion "Island Lad" were not allowed to compete on account of their being prize takers at a previous exhibition. Mr. Daniel Reed's draft stallion was much admired, as was Mr. Conohan's brown draft stallion, which was awarded second prize. A grey draft horse shown by James Clow and a handsome carriage filley owned by James H. Dingwell, were among those which took prizes.

CATTLE.

The exhibit of cattle was small, indeed; but this we learn was owing to the disagreeable weather and want of shelter on the Exhibition grounds. A number of very good grade Durhams and Durham bulls were to be seen. A very handsome Durham, shown by Mr. John Cowan of Murray Harbor South, carried off first prize as best bull of any age. People were at a loss to know why this fine animal was not sent to the Dominion Exhibition, as he would do credit to any country. The show of cows was not in any way approaching to last year; but the exhibit of calves was a decided improvement on all former exhibitions. Those shown by Messrs. Howe, Boyyer and Munn were very creditable to he owners.

SHEEP.

The sheep were shown to great disadvantage, having been drenched by the rain and smeared with mud. However judges inform us that they were a very fine lot and creditable to those who exhibited them. Mr. Donald McIntyre, of New Perth, made a good show of Shropshires and South Downs, and carried off five prizes. Mr. Robert Dewar, of the same place, and R. and H. Bovyer, of Georgetown, was equally successful in their exhibit of Leicesters and Cotswolds.

PIGS.

The exhibit of pigs was very small, and there was little or no competition in the classes. Nevertheless those who did "exhibit" produced some handsome porkers. The Yorkshire boar owned by Mr. W. A. Poole will, no doubt, if exhibited at the Provincial Exhibition, corry off a good prize.

POULTRY.

The poultry exhibit outside the drill shed was small but select, and some nice fowl were there to be seen. A handsome pair of turkeys belonging to Mr. George Owen were awarded first prize and Mr. F. G. Bovyer carried off first prize for best cock and two pullets.

GRAIN.

Judges of grain were of opinion that the samples on exhibition were generally of excellent quality for the season. The first prize for wheat was awarded Mr. Daniel Robertson, of Brudenell, he having produced two bushels of as good wheat as has been seen in the Province this year, the weight of which was 66½ lbs per bushel. The oats was not so good as we believe Kings County can produce; still, it was pronounced by competent judges to be clean, plump and good.

BUTTER AND CHEESE.

The competition in butter and cheese was brisk, and the articles exhibited pronounced to be very superior. In some cases the judges had great difficulty in giving decisions; but we think that their awards will be endorsed by all who have inspected the exhibit. The prize-takers were mostly from Brudenell and New Perth; but there were excellent samples of butter and cheese on exhibition from other parts of the county.

ROOTS AND VEGETABLES.

The show of roots and vegetables was the largest at the Exhibition. There was all varieties of turnips, carrots, beets, parsnips, onions, pumpkins, squashes, etc. Among the chief exhibitors was Mr John Robertson, of Inkerman Farm, who contested in all departments and won a goodly number of prizes. Mr. R. seems quite successul as a grower of roots and vegetables. Mr. Hamilton, of New Perth, exhibited a nice collection of vegetables, which did not fail to take a prize.

TEXTILES, FABRICS AND WOOL.

The display in this department was large and highly commendable. In every class there was good competition, and the exhibits were worthy of the industrious housewives of King's County. Among the most attractive here, we noticed a handsome length of stair carpet, made of manilla, by Mrs. Charles McAdam, of West St. Peters, which will be hard to beat if entered at the Provincial Exhibition. Mrs. M. Hession also contributed a handsome, well executed counterpane, which well deserved the prize which it was awarded.

OTHER EXHIBITS.

The exhibit of fruit was very good, but not equal to that of last year. The display of Floriculture, although not varied, was also very good, and was very largely contributed to by Miss Minnie Bourke, of Georgetown. In leather James N. Cogswell, Esq., carried off all the prizes offered—having shown some excellent sides of grain, neats, harness leather and calfskins. The carriages shown by Mr. John McLean, of Montague, were well and substantially made, as well as elaborately painted. There were many other exhibits which we would like to notice, but space forbids. The following is the

PRIZE LIST:

HORSES.
