MORRELL — In loving memory of a dear husband and father, Leonard Morrell who died June 5, 1959.

And how sad and lonely is my home without you.
The happy hours we once enjoyed
How sweet their memories still,
Death has left a loneliness
The world can never fill.
I often think of by gone days
When we were all together
Our family chain is broken now
But your memories live forever.
I have lost my only companion
A life linked with my own,
And day by day I miss you more
As I walk through life alone
Perhaps God knew that it was best
For you to leave without a last farewell.
We could never have said goodbye Leonard
To a husband and father we loved so well.

Lovingly remembered by wife, Gertrude Morrell, and children.

He who lived valiantly has passed,
Why should we grieve,
Why should it break our hearts like this
If we believe?
Surely he lives more valiantly
Than ever before,
Freed as he is, to move without the weights he bore;
Freed for the sweet adventurings
Of heavenly days,
Lightened, to go exploring down
The gloryways.
What must those first hours be to him
Who loved earth so?
How swift, how very swift and glad
His feet must go.

CARD OF THANKS

The family of the late John Blanchard wish to express their sincere thanks to Dr. Sweeney Dr. Coady, Nursing staff of the Charlottetown Hospital, also the kind friends and neighbours who helped during their bereavement.

Severed Hand Is Restored

INDIANAPOLIS (AP) — By medical definition Mrs. Jessie S. Bray's right hand was detached from her arm in a milling machine accident, but she is on her way to regaining almost complete use of it.

The hand was sewed back in an operation which her surgeon, Dr. Hugh Williams, called "almost an unbelievable success."

Dr. Williams headed a three-man surgical team that restored the hand May 16 in an operation at Community Hospital which took almost five hours. Hospital officials said Wednesday that Mrs. Bray is almost ready for intensive therapy to regain use of the hand.

The 39-year-old lock company employee's hand hung by an inch of skin and two tendons after the accident. The surgeons stitched together eight tendons, three major nerves and two major blood vessels.

"I woke up afterwards and thought they hadn't done a thing," Mrs. Bray said. "Then I saw I could move my fingers —nobody in the hosspital would believe that until they had all seen it for themselves."

Dr. Williams said his first thought was to "snip off that little bit of skin and make it a clean amputation."

KNEW THE RISKS

"But Mrs. Bray said she knew the risks and was willing to take any chance to save her hand."

Doctors say there has been only one case of a successfully re-implanted limb in medical history.

Surgeons at Massachusetts General Hospital in Boston attached the right arm of 14-year-old Everett (Red) Knowles May 23, 1962, after it had been severed by a freight train. Feeling and partial use of the arm returned after the surgery.

New Canadian Flag Charming, N.Y. Times Says

NEW YORK (CP) — The New York Times describes Canada's proposed new flag as "charming," and adds that it "can be made to seem more French than British."

"The maple leaf, although always a Canadian symbol, was first used by the French settlers," the paper says in an editorial comment on Prime Minister Pearson's proposal for a new flag showing three red maple leaves on a white background with a vertical blue bar at each side.

"An attempt to satisfy the British Canadians by stating that the Union Jack can be flown as a symbol of Canada's membership in the Commonwealth has not pacified the English - speaking population and it has irritated the French-Canadians," The Times says.

"So Mr. Pearson is damned if he does and damned if he doesn't, and in any case, it will take more than a new flag to close Canada's deepening cleft between French Canada and the rest of the country.

"The prime minister is staking his government on the issue with, perhaps the comforting thought that in an election the Liberals may even do better than last time."

Directors Named By Consumers

OTTAWA (CP)—The consumers' Association of Canada elected 16 directors to its national executive at the annual meeting which ended Thursday.

Those elected were: Mrs. V. W. G. Wilson, Mrs. H. R. L. Streight, Mrs. W. Victor George, all of Montreal; Helen Devereux, Ste. Anne De Bellevue, Que.; Mrs. Marcel Cadieux, Mrs. T. B. Earle, Prof. W. R. Scott, Mrs. A. S. Tweedie, and Mrs. Glenn Woodside, all of Ottawa, Helen James, Mrs R. W. Morningstar, Dr. E Chant Robertson, Mrs. D. H Pratt, all of Toronto; Mrs. P G. Carrier, Islington, Ont.; Glenora Pearce, Saskatoon; Mrs P. R. A. Coombs, Victoria.

Ribbon Type Development Is Problem

REGINA (CP)—"Ribbon development" is the most serious problem facing small Atlantic —communities, C.W. Powell Newfoundland deputy municipal affairs minister, said here

He told the 27th annual conference of the Canadian Federation of Mayors and Municipalities the development resulted from a decline in fishing, mining and farming industries.

Low-income families are unable or unwilling to meet building standards or pay taxes, he said.

"They locate just outside the organized towns, along roads where land and building costs are low. Lack of adequate sanitary facilities make the ribbon development a menace to public health and towns become obliged to annex them."

STEEL FROM SWEDES

About 80 per cent of the steel used by the Swiss watch industry is obtained from a Swedish company.
