Alberton Parish To Build Centre

ALBERTON — At a recent meeting the men and women of Sacred Heart Parish in Alberton voted unanimously to build a parish centre and bowling alley. The estimated cost of a partial detail of the project were outlined by Rev. Gerald Stecle.

It is hoped that construction will start as soon as drawings and financial plans can be arranged.

It was suggested that the centre contain a kitchen, automatic five-pin settlers, curling room, office, kitchen, snack bar, office and meeting rooms.

A committee comprising Bryan Smith, Alfred Foley, Eves-

ell Shea, Merrill Dunn, W.B. Lellan, Albert Noonan, Ron McKinnon, Gerald Rooney and Ernest Tounsend, has been appointed to further study all aspects of the project.

Another general meeting will be held soon to obtain final approval.

The parish has been without a centre since the old hall built by the late Rev. W.E. Monaghan, was moved to make way for the Alberton federal building.

The Beavers open a 15-stop Maritime tour here Thursday night with a show and dance at the Rollaway Club. Plans Made To Continue Federal Dairy Policy

NIAGARA FALLS, Ont. (CP) — The federal dairy policy, including the \$60,000,000 butter subsidy, should continue after May 1, with no drastic changes, President J. M. Hartwick of the National Dairy Council of Canada said Monday.

The subsidy of 12 cents a pound, inaugurated in 1962 to stimulate demand, has resulted in almost perfect balance between milk production and demand, said Mr. Hartwick, head of the voice of the dairy processing industry.

But a surplus currently of some 190,000,000 pounds still persisted. Milk producers are paid 40 cents a pound by the government for top grades of butter. Consumers pay 12 cents a pound less at federal expense than they would otherwise.

In view of the delicate balance in the industry, Mr. Hartwick said, "no drastic policy changes should be made with a continuation of present supply and demand trends it should be possible eventually to gradually reduce or eliminate government subsidies to dairy farmers and permit the industry to stand on its own feet. We should now be giving serious consideration to ways and means of adjusting the entire industry in preparation for such a development."

The dairy year starts May 1. Mr. Hartwick also urged the government to hold off the domestic market any butter in storage more than a year. Quality quickly deteriorated, he said.

The government continues to attempt to sell both fresh and older butter — with some stocks in butter-oil form — for export but has had so far to take a loss of any such sales since world prices are well below the support level of 64 cents a pound.

Mr. Hartwick was addressing the Ontario Association of Ice Cream Manufacturers.

His remarks were contained in a text of his address issued to the press before delivery.

MISS BIGGERS
A record 566 entries in some 81 classes are set for competition in the 1964 Prince Edward Island Centennial Dance Festival to be held in Charlottetown, April 13-18.

Miss Carrie Biggers, of Montreal, where she is a dance teacher, is originally from Scotland.

The festival will be held at Queen Charlotte High School during the mornings and afternoons and will move to Prince of Wales College during the evening sessions.

An interesting feature of the year's festival is several entries from the School For The Deaf. This is the third year that the Dance Festival has operated separate from the Music festival.

Record Entry List For Dance Festival

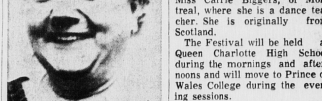

At both places, 19-gun salutes were fired at noon EST.

Across the United States, on the high seas and at all American

meritians around the world, flags were lowered to half-staff. They will remain so, by order of President Johnson, until after the funeral services in Norfolk, Va., on Saturday.

During the week of mourning, his body will lie in repose at the U.S. Military Academy in West Point, N.Y., and New York City, his last home.

He himself chose Norfolk as his last resting place because his mother, the former Mary Pickney H. A. y. y., was born, reared and married there.
