**Y. P. S. MEETING** - The regular meeting of the Y. P. S. of St. Andrew's Presbyterian Church, Montague, was held in the church hall Tuesday evening. The meeting opened by singing the hymn, "We Will Follow Jesus". The scripture lesson was read by Elaine Poole. Evelyn MacLure read the meditation and led in prayer. Roll call was answered by a verse of scripture containing the word "faith". The minutes of the last meeting were read and approved. The offering was then received and distributed by the minister, Rev. D. A. Campbell. The president suggested that the society invite some other Young People's Society to their meeting some time in the near future. Rev. Mr. Campbell conducted the Bible study on Acts, chapter 3, verses 1-25, explaining each verse to the members who discussed it together. A period of games was then enjoyed by the members led by Thelma Stewart and David McKenna. The meeting closed by repeating the benediction in union.

Mr. Robbins will be speaking at Beach Point Gospel Chapel at 11:30 a. m. and Upton Gospel Chapel, Dundas, at 7:30 p. m.

**Anti-American Feeling Flares In Mexican Riot**

CANANEA, Mexico, (AP)—Anti-American feeling, reported fanned by known Communist leaders, burst into an open riot Wednesday in which an estimated 3,000 persons forced the release of eight "land squatters" from jail. Federal troops were rushed to this city late Wednesday night in an effort to prevent bloodshed. Police Chief Teofilo Peralta, who freed the prisoners, said at least 100 soldiers would be stationed here "until things become safe again."

Shouts of "down with Yankee imperialism" and "burn the American homes" were heard from the crowd as they stormed the municipal building and city jail until Peralta opened the jail doors.

**BREAK WINDOWS** - Windows were broken in the city buildings that house the Cananea Cattle Co., which owns the land challenged by the squatters. The cattle company, like the Cananea Copper Co., a division of Anaconda Copper Co., whose mines employ most of the population, is owned by citizens of the United States.

The eight men first went onto the land with papers which they claimed gave them ownership authority under the Mexican constitution. Peralta said, "the papers are worthless." He notified Abraham Mayo, Sonora state attorney, and the men were arrested. Peralta promised the crowd that "we'll arrest these men again... this is a jail break."

**RESIDENTS OF MONTAGUE**

Your co-operation with the Fire Department in the past has been greatly appreciated. We ask your further co-operation in clearing the streets of pedestrians and vehicles while the fire truck is proceeding to a fire.

**Provincial Legion Convention to be In Georgetown**

"At a meeting of the Georgetown Branch No. 16, of the Canadian Legion Ladies Auxiliary, held in the Legion Hall on June 7 and attended by Comrade James Walker, Provincial Secretary of the Canadian Legion; Stanley Bryanton, President of the Charlottetown Branch; Charley Sinclair, Zone Commander for Queens County and Andy McEachern, Past President of Kingston Branch; it was decided that the 1954 Provincial Convention of the Canadian Legion would be held in Georgetown on Labour Day, September 6.

Georgetown Branch President, Marcellus Gotell presided at Monday night's meeting. Tentative plans were formulated for the holding of the convention and a considerable amount of the convention details were discussed. This will be the first Provincial Convention of the Legion to ever be held in the King's County Capital and will be a history-making event in the life of the local branch and its auxiliary. AC

**St. Margaret's Man Given Course On Use of New Rifle**

2/Lt. Ray MacDonald of St. Margaret's, P.E.I., was one of the candidates receiving instruction on the first course given on the tests of the Belgian FN rifle which is being conducted in Germany. The weapon, currently being tested by most of the armies of the North Atlantic Treaty Organization, is a leading contender as the standard rifle of the NATO powers. Features of the rifle are its ease of maintenance and protection from the elements. Working parts are enclosed, but can be extracted readily by breaking the weapon like a shotgun. It falls apart in three basic pieces.

**Forecasts Double Gamma Globulin Supply This Year**

OTTAWA, (CP)—Health Minister Martin said Thursday he expects the provinces this year will receive double the amount of gamma globulin provided during the 1953 poliomyelitis season. He made the forecast in a speech to a joint conference of the Canadian Council for Crippled Children and Adults and the Canadian Foundation for Poliomyelitis. He said the federal government will play its full part in ensuring that substantial quantities of polio vaccine will be available if its effectiveness is confirmed. Tests on the new salk vaccine now were in progress in the United States. Pending results of the experiments, the government would support a greatly expanded program of gamma globulin inoculations during the coming polio season. "We expect that the number of doses of this temporary immunizing agent available for distribution to the provinces will be more than double the quantity provided last year," he said.

**ABOVE TEMPTATION**

PETERBOROUGH, Ont., (CP)—Authorities at St. Ann's school are taking precautions against further theft of the rope used for raising the flag. Since the fire department installed a new rope, the school has been using a ladder to tie it high enough to discourage theft.

**Archeologist's Finds Centre World Attention On Ancient Egypt**

Excavations director Kamel El Mallakh, who announced the discovery of two of King Cheops' solar "death ships" near the great pyramid south of the entrance of the "death ships", dating back nearly five thousand years. The discovery is called one of the most important finds in Egypt since one of Napoleon's soldiers picked up the Rosetta Stone nearly 154 years ago. A few miles away another archeological discovery was made—a tomb over 5,000 years old and untouched by vandals.

**NOT SAFE** - LAKE PLACID, N. Y. (AP)—Gamma Globulin was described as "not a very practical agent" for protection against polio. Dr. William Hammon of the University of Pittsburgh told a health conference Wednesday that although gamma globulin offered significant protection when given at the proper time, it could be of "only limited use" in polio control. The trouble with the substance as a practical preventative, Dr. Hammon said, is that it is impossible to determine when polio will occur.

**Montague Fire Dept. Meeting**

"The regular meeting of the Montague volunteer fire department was held in the Town Hall this week with Fire Chief Doug Coffin presiding. Two new members were taken on strength of the department. The group inspected the equipment and a period of instruction on its most efficient use was held. It was decided to hold regular meetings on the third Monday of each month, at which films on fire fighting would be shown and instructions would be given.

It was also proposed that older members would assist with the training of the new members. Appreciation of the fire department was expressed for the co-operation received from the citizens of the community, and a further matter was proposed that their co-operation be asked in clearing the streets of pedestrians and vehicles while the fire truck was proceeding to a fire.

After a brief discussion on several other matters relating to the equipment, the meeting adjourned.
