S'side Home And School Ass'n Resumes Meetings

The Summerside Home and School Association held its first meeting after the summer vacation in the High School library last night with the president, Mr. Allison MacLean, in the chair. After the reading of the report of the treasurer, Mrs. Arthur Clark, the president called upon Mrs. Clark to report on the project to raise money for the association's activities. Mrs. Clark reported that the Regent Theatre had been contacted regarding the sponsoring of a picture, and that it was expected the picture would be shown for two days sometime around the last of October, and that the members would be expected to help with the sale of tickets.

The president then called upon Mr. Ivan Vaughan to introduce the speakers for the evening.

Mrs. Lorne MacFarlane, the first speaker, was the original chairman o fthe organizational meeting on April 12, 1946, which brought the local Home and School Association into being. Mrs. MacFarlane explained the ideals of the Association and stated that the local organization's first hope was to have home economics and manual training departments added to the high school program, a hope that is now realized.

Dr. H.E. Clark, the next speaker, commented briefly on the value of having the teachers and parents mingling together, and getting each other's view points.

Mrs. Keith Lapp gave an interesting account of the amusing situations which arose in connection with her young son's first days at school.

Miss Townshend, grade 1 teacher stressed the importance of beginning pupils' attitude towards school life, and said the transition from the discipline of home and school life was made as gradual as possible. She gave a graphic account of procedure in the grade 1 classroom during the first weeks of school.

Mr. D. O. Stewart, chairman of the School Board, described the rapid growth of the school in the period between 1936 and the present time. He said that when six extra classrooms were provided in 1936 to provide for expansion, the board was criticized for unnecessary expenditures. By 1949 all these rooms were filled up, and it was necessary to provide classroom space in the basement. The auditorium was made into six class rooms last year which partially relieved the congestion. The school had grown from about 550 pupils in 1936 to 1,050 in the present year. He said that there were differences of opinion between the Town Council and the School Board as to the site of the new school, but that everybody was so happy that the new school and auditorium were in process of construction that all were quite willing to forget their differences and let bygone by bygones.

Mr. Clarence Mercer, supervisor of the High School and Academy, was the last speaker. He spoke of the difficulties under which the staff were working at the present time, but said that all were looking forward to next year when the new school and auditorium would be completed. He spoke of the introduction of the teaching of conversational French from grade V up under Mrs. Richard, and said he felt that this was a noteworthy innovation that would bring fine results. He also reminded the parents that it was becoming increasingly difficut t ohire capable teachers at the existing rate of salaries, and that the parents should keep that important factor in mind as time went on.

Mr. Vaughan in conclusion said that the Home and School Association of Summersid ewas in sympathy with the needs of increased salaries for teachers, and that a motion to that effect had been passed by the body last spring.

The president, Mr. MacLean added that the Provincial Federation of Home and School had appointed a committee to study the teacher salary question, and this committee was to report its findings back to the Federation.

After the business meeting lunch was served. The lunch committee were Mrs. Bennett Kelly, Mrs. Enzly Campbell ,Mrs. Ben Schurman, Mrs. Arthur Clark, Mrs. Laurie Coles, Mrs. Keith Hobson, Mrs. Clifford Rankine, Mrs. Harold Harkness, Miss Dorothy Ellis and Miss Georgie Driscoll.

Convicted In Sea Hoax

NEW YORK, (AP)—George B Teen, 16, was convicted in federal court Tuesday of having helped perpetrate a sea hoax that caused an extensive rescue search off New Jersey last summer.

Judge Mortimer W. Byers found the youth guilty of operating a radio transmitter without a licence and of broadcasting a fake SOS. The trial began Monday.

The court set Sept. 28 for sentencing of both Teen and Thomas J Maldona, 21, who previously pleaded guilty to the same charges. Each faces a possible maximum sentence of one year imprisonment and a fine of $10,000 on each count.

Don Cockell To Take Rest

LONDON (AP)—Don Cockell, British heavyweight champion said Tuesday he will be out of the ring for "at least six months."

Before leaving London for a three-week holiday in Portugal, Cockell pointed to a scar above his left eye and said "I want to get this completely healed before I fight again."

Cockell was stopped in three rounds by Nino Valdes of Cuba last Tuesday because of a cut on his forehead.

Report On Situation In Textile World

MONTREAL, (CP)— The Canadian Woolen and Knit Goods Manufacturers Association Tuesday reported light improvement in various sections of Canada's wool textile industry in the first half of this year.

But the gain was "almost negligible," the association said, except when compared with the "disastrous conditions," that prevailed last year.

The report said shipments in the first half of 1955 showed some upturn, but were made at unprofitable prices because of "unrealistically" low price imports.

"FAR FROM HEALTHY"

With signs of increased wool cloth imports curtailed earlier this year by tariff uncertainties and United Kingdom dock strikes, the association said the prospect for the second half of the year is "far from healthy."

Wool cloth shipments in the first six months of the current year rose to 10,800,000 yards from less than 6,500,000 yards in the corresponding period of 1954.

Imports fro Great Britain jumped 65 per ent in July and were higher i he first seven months of this ear when compared with th similar periods of 1954.

Mill shipments of worsted yarns in 1954 and the first half of 1955 were at a lower level than in any post-war year.

Discovery Of Skulls May Solve Case

KAMLOOPS, B.C., (CP)—Discovery of two weathered human skulls has reopened a missing-persons' case involving a desperado who took poison last year in Ontario to cheat the gallows.

RCMP reported Monday night that the remains—one of the skulls had a bullet hole through it—were found Sunday by hunters in a creek bottom 10 miles southwest of this interior British Columbia city.

They said they believe the find solves the disappearance nearly three years ago of Mr. and Mrs. Frederick J. Labrie, a young couple who had been living in a Kamloops auto court with desperado Henry Seguin.

It appeared, police said, that the bodies had been thrown over the 60-foot embankment rising from Peterson creek.

VANISHED IN 1952

The Labries disappeared in November, 1952, and from the start RCMP worked on the theory there had been foul play.

Three months later they questioned Seguin after learning that he had stayed with the couple in Kamloops.

Seguin was in the penitentiary. He was serving a term for attempted murder—he had wounded a bank manager in a holdup at Williams Lake, B.C.—and Ontario authorities wanted him on a charge of murder.

Seguin admitted he stayed with the couple but denied any knowledge of their disappearance. He said Labrie left Kamloops for "a new job somewhere" and that Mrs. Labrie moved from the suburban auto court into town.

Police said Seguin sold about $1,000 worth of furniture owned by Labrie and also traded or sold a truck belonging to the missing man.

Investigations reached a dead end when winter snow halted an extensive search.

CONVICTED IN ONT.

Seguin was handed over to Ontario authorities to face a charge of murder in the death at Maxville, Ont., of businessman Leonard Hurd, who was robbed of about $1,700.

Seguin, a 28-year-old laborer, was convicted of the Hurd slaying Oct. 29, 1953, at Cornwall and sentenced to be hanged Jan. 19. An hour before the scheduled execution he took his own life with poison.

Sport Echoes From Prince County

This Hurricane Ione is a rough baby! She stopped Rocky Marciano for twenty-four hours, and nobody else has been able to stop him for ten seconds. The question (we refuse to put a price tab on it) which now arises is: can Archie Moore go and do likewise? Moore is one of the best fighting men in the game, but there are plenty of "experts" going the rounds that will tell you that nothing short of a hurricane will stop this big, bruising world champ. For Arch it may be a case of "too little and too late in life."

Summerside's Bay State Pat continues to leave a trail of broken records behind him as his string of 1955 victories grows longer. We feel a little like a broken record ourselves as we sing his praises, achievements. It would be a fitting end to the year's triumpsh if our famous Island driver Joe O'Brien, would buy him, the possibility of which has been rumored.

Saturday night will be a banner night at Raceway Stadium as our Island pride and joy, Gaston Roy, trades punches with the dangerous Earl MacDonald who made such quick work of Don "Duck" Trainor a few weeks back in the same fight arena. We don't see MacDonald's disposing of Roy in the same rapid fashion. This, we predict, is going to be a rousing scrap from the opening bell, and if anyone bites the duct, it will be only after a lot of torrid punches have been thrown on the part of both scrappers.

Last fight some of the fans were disappointed that Snooky Trines had been substituted for Holly Borden in the semi-final go with Buc Ramsay. Not that the Trines-Ramsay bout wasn't a crowd-pleasing affair with lots of rugged action. It was a really good fight. But fans had heard that Borden was out to get Ramsay to avenge a defeat in Halifax, and as the Halifax scrap was a bristling "Pier Six" fight, the fans believed that the second meeting between these two boys would be even better. Well, Borden will be in Raceway Stadium Saturday night for sure, and we'll all see if he can turn the tables on Bud. Ramsay is not saying too much about this scrap. He looks grim and determined, and he'll give everything he has to repeat against the New Glasgow colored boy.

The Arsenault - Quinn fight is billed as for the lightweight Championship of Prince Edward Island. We presume this billing has the approval of the Island Sports Commissioners, and that the winner of this bout will be entitled to call himself the Island lightweight champ. We think more such title bouts should be arranged so that we would all know who is the top dog in all the fight divisions as far as Prince Edward Island is concerned. "Young Peanuts" will be anxious to acquire that title, and Summerside fans will naturally be behind him in his efforts, but in Bobby Quinn as an opponent he will have one of the most promising young fighters the Island has produced.

Gord Grady is a newcomer to fight circles. He is a big, strong boy and can hit a baseball a long way when he gets in the mood. If some of that wrist action can be harnessed for right and left haymakers, the boy should do all right. His opponent, Wendell Oliver, gave a good account of himself in his first ring appearance a few weeks ago, and Alberton fans will be backing him to the halt to beat Grady in this preliminary fight.

was involved and was fined $50.00 and costs after he notified the court that settlement for dâmages had been made.

The case of a party from Duvar charged with possession of liquor not purchased from a vendor was adjourned until September 30th.

A man from St. Roch was found guilty under the Excise Act of possession of wash suitable for distillation, but had his case further adjourned until Sept. 30th when the court was notified that he had left the Province.

FROM YUKON

After spending the past summer in Whitehorse, Yukon Territory, with the Canadian Army Chaplaincy Corps, Mr. Frank W. Lockhart (above), son of Mrs. Lockhart and the late Dr. A.A. Lockhart of Summerside, is spending holidays at his home before proceeding to Toronto where he has been awarded the John Paxton Young memorial fellowship for post graduate work in philosophy by the Post Graduate School of the University of Toronto.

The northern city of Whitehorse where Mr. Lockhart spent his summer is located on the route of the 1500-mile highway known as the Alaska Highway, and it was here in this rugged and scenic area that he lived from May until a couple of weeks ago.

While temperatures can dip quite low in this area during the colder seasons he said that they enjoyed lovely summer weather with very warm temperatures.

Now in his second phase of training with the Canadian Officers Training Corps, Mr. Lockhart served with the Chaplaincy Corps at the Army headquarters in Whitehorse as assistant to the chaplain, and during his absence was chaplain-in-charge for a period of seven weeks.

In the course of his duties he travelled some 500 miles along the highway conducting services at the various posts established along the route as resident headquarters for the personnel engaged in highway maintenance.

During the summer he spent two weeks in chaplaincy training at Camp Borden, and returned again to Whitehorse on completion of the course.

A graduate in Arts, and with one year of Theology at Mount Allison University, he was awarded the fellowship at Toronto University for his outstanding work in philosophy.

At the present time he is a student minister, and on completion of his studies will be ordained a minister of the United Church of Canada.

During his holidays last year he was assistant to the minister at St. John's United Church in Moncton. He will leave for Toronto the latter part of this week. S.

LESLIE CARON IN "THE GLASS SLIPPER" CAPITOL SUMMERSIDE

"The Glass Slipper," filmed in color, unfolds an imaginative, part-realistic, part-fable version of the classic Cindrella story, highlighted by the dancing of Miss Caron (whose ballets were a stellar contribution to the Academy Award-winning "An American In Paris") and the ensemble dancing of Rol-and Petit's internationally-famous Ballet de Paris.

Michael Wilding, coming to the new film from his hit in "The Egyptian," partners Miss Caron in two spectacular ballet sequences, marking the actor's first dancing appearance in pictures. Heading the supporting cast are Keenan Wynn, Elsa Lanchester, Barry Jones, Estelle Winwood, star of Broadway's "The Mad Woman of Chaillot." Amanda Blake, Lisa Daniels and Lurene Tuttle.
