PICKLING VINEGAR & SPICES.

(x)

Wholesale and Retail.

(x)

THE season for Pickling Vinegar and Spices having come around again, we are prepared to supply our many customers and the public generally with those articles at the lowest possible prices.

ENGLISH MALT VINEGAR.

We have on hand a large stock of this Celebrated Vinegar, which is, without doubt, the best Pickling Vinegar in the market to-day. As we import this direct from England ourselves, we can guarantee the quality.

WHITE WINE VINEGAR.

We have received a consignment of XXX WHITE WINE VINEGAR, from the best manufactory in the Dominion, which we can confidently recommend to be first-class.

(x)

Cider and Golden Syrup Vinegars always kept in Stock.

(x)

PICKLING SPICES.

We have received another lot af the same kind of Spice as we had last year, and which gave such good satisfaction. Don't buy poor Spices and thereby spoil your pickles.

WHOLE PEPPER ALLSPICE, CINNAMON, GINGER, CLOVES, MACE, MUSTARD SEED, &c., always kept on hand.

TO LET.—A House in good repair, containing five rooms, water in connection, situated on King Street. Apply at this office. aug22

King's County Exhibition Notes.

Work on the grounds of the King's County Exhibition Association at Georgetown is being pushed, and the square has quite a lively appearance.

Mr. D. Campbell has a number of men putting up the fence around the grounds. It is nine feet high, built of spruce boards fastensd to cedar posts (which are sunk four feet in the ground) around the Square and to sill posts in the swampy part of the land.

The driving track is rapidly approaching completion under the energetic foreman employed by the Association—Mr. John Kenny, of Baldwins, King's Co. Mr. Kenny, having had long experience in railway work, has put the track at Georgetown through in a style hard to equal. On the 6th inst., he will be only three weeks at work, and the track will be all graded by that time. The track at Georgetown promises to be one of the fastest, if not the very speediest, half mile track in the provinces. It has been surveyed and located dy John Ball, Esq., P. L. S., and Thomas May, C. E., and is constructed on the most approved plan.

The stretches are perfectly level, and the curves are graded on the same gradient as the Charlottetown track. The track itself is exactly the size and shape required by the National Trotting Association for half-mile course, viz., 600 feet on the stretches and 225 feet 2½ inches on the radii. With these advantages, and with the still greater advantage that every part of the course can be seen from the high ground near the Drill Shed, this should become the favorite track for speeding and record breaking.

Arrangements have been made for two races on Exhibition Day, 24th September, inst., under the management of the following committee:—Hon. James Clow. D. A. McKinnon, Esq., and Dr. C. L. Barnes. The committee have decided on having a 2.50 class and a green-horse class, for purses of $60 and $40 respectively. The 2.50 class is to be open to horses owned in P. E. Island; the green-horse class open only to King's County horses.

The arrangements for the Exhibition are also well advanced. Contracts have been let for constructing the cattle sheds and fitting up the Exhibition building, and on Monday the 8th the Secretary will sell the catering for the Exhibition on the Exhibition grounds at 2 o'clock p. m.

Great interest is being displayed by all parts of King's County in the approaching show. Enquiries from all sections for prize lists and information have been received by the Secretary, and we are informed that among the exhibits will be some very fine animals.

The early harvest and the present fine weather are all tending towards the excellence of the display at Georgetown, and the chances are that Exhibition day in Georgetown will be a great time.

Special trains will run from Souris and Charlottetown, and passengers will be carried at reduced rates, of which, no doubt, advertisement will be made.

Provision has been made for keeping order. Any person raising a disturbance by word or deed will be quickly drawn with a fiery steed that, with prancing steps and flowing tail, will haul all offenders to the King's County jail.

Sept. 5th. G. F. O.

It is reported that the agitation in favor of the pardon of Mrs. Maybrick has assumed a new phase. Dr. C. M. Tidy and Dr. Rawdon MacNamara, two of the most noted physicians in England, and acknowledged authorities on poison, have just issued a pamphlet which has been published by the well-known house of Balliere & Co., in which they prove that Mrs. Maybrick's symptoms were not only consistent with ordinary acute dyspepsia, but they pointed from rather than to the presence of arsenic as the cause of death, and that, moreover, the quantity of arsenic found in the intestines was perfectly consistent with the theory that it was medicinally administered. Several thousand copies of this pamphlet have been circulated by the Maybrick committee, and as a result there has been a great increase of public opinion in favor of this unfortunate woman. Another appeal will soon be made to Home Secretary Matthews to return her to liberty and her unhappy children. Our United States exchanges state that correspondence is now going on with a view to the formation of an auxiliary committee in New York for the purpose of promulgating an American petition in her behalf, and also to endeavor to enlist the sympathies of President Harrison and members of his cabinet in the same direction.

Summerside Exports.

60 lbs butter	10
162 bush oats	80
	$2821

Found Drowned

WITH A STONE HANGED ABOUT HIS NECK.

NATHANIEL GREGORY, a farmer belonging to Lower Rollo Bay, was missing since last Wednesday about 12 o'clock. His father was the last who saw him. He was then alone and walking towards the back field. Not returning at tea time it was thought that he might have gone to Souris, but on enquiry there, no tidings of him could be found. Next morning the neighbors, fearing that there was something wrong, turned out to look for him. They first searched the woods near the field where he had been working the day before. They then went to Leslie's Pond. A foot print was discovered on the sand pointing towards the water. A dory was secured and four of the searchers began dragging for the body. After a few minutes, they hooked it in about five feet of water, near the middle of the pond. The body was found face downwards. After taking it ashore, there was found to be a stout cord tied around the neck, to which was securely attached a stone about fifteen pounds in weight. His hat was tucked away inside of his jumper.

Dr. Muttart, Coroner, was sent for, and before him and the following jury, viz: James Keefe, foreman, Jas. Kickham, John Garrett, John Chaisson, John Kickham, Isaac Burke and John Nicholson, an inquest was held. After hearing the evidence a verdict was rendered to the effect that the deceased Nathanial Gregory came to his death by drowning himself while laboring under a temporary fit of insanity.

The deceased, who was known as a quiet, industrious man, leaves behind him a widow and aged parents, who have the sympathy of the community in their great affliction.

Canada's Tight Little Isle.

A Vancouver paper reports: "Donald McKay, M. P. P., general trader, of Oyster Bed Bridge, P. E. I., has been staying in the city for the past few days, and leaves to-morrow for Victoria. Thence he will go south as far as Los Angeles and return east by way of Salt Lake City, Denver and St. Paul. Mr. McKay says the people of Prince Edward Island would not believe that so large and prosperous a city as Vancouver had sprung up within four years. He was surprised at the numerous and large buildings, and the great trade already done here. With Mr. Mathison he visited Lulu Island and New Westminster, and inspected the farming capabilities of the neighborhood. Mr. McKay finds this city more like home than any he has been in since leaving Prince Edward Island, on account of many of his former acquaintances who are now residing here, and all of whom are doing well. He goes away with golden opinions of the west, and no doubt upon his return will be a missionary in spreading the news of the glorious future for British Columbia."

News Notes.

The foreclosures of mortgages in Kansas last year covered $2,000,000.

Seven hundred and three immigrants settled in Manitoba last month.

Rich gold bearing quartz has just been discovered on William Phelan's farm at Rawdon, N. S.

Canadian sheep breeders swept everything before them at the Detroit International exhibition last week.

The rivers and harbors appropriation bill of the United States provides for the expenditure of $24,981,295.

The reappearance of the influenza at Montmartre and other parts of Paris has created almost a panic, as the disease has shown a marked increase of severity in its symptoms.

The twelve o'clock gun at Halifax hereafter will be fired by electricity. Connection has been made with the gun at the citadel by which Mr. Cogsweli will be enabled to fire it from his store at Barrington street.

M. Yves Guyot, the French minister of public works, has submitted to the cabinet a project for the construction of a sea canal to Paris. His plans were favorably considered, and were referred to a committee of engineers.

An intelligent collie recently saved a child's life in Paisley, Scotland. The little one had run in front of a horse, and the dog seeing the danger, rushed forward and pushed her aside. She was knocked down but not much hurt.

Potato disease has taken very serious hold on the fields in Ayrshire, Scotland. On some farms the blight is so thorough that the crop is practically destroyed. Signs of the disease are also manifesting themselves in other parts of Scotland.

The following record shows close sailing between two large Yarmouth ships. The ships Vanloo and Netty Murphy both sailed from Montevideo on July 18th, at 9 a. m., and they both anchored together at 4 p. m. on the 22nd inst. at North Sydney.

The grave of Rob Roy Macgregor, the Scottish Robin Hood, in the kirk yard of Balquididden. Perthshire, where he was buried more than 150 years ago, has been enclosed by a bronze protecting rail, erected at the expense of Mr. James McGregor, a London merchant.

The *British Medical Journal*, considering the danger of kissing the usually greasy Bible of the law courts, recommends that a clean wrapper of paper be put on from time to time. This was done recently for the Duke of Fife, a witness in court, and it is approved as a desirable practice.

The commission of inquiry which has been investigating the trans-Saharian railway scheme, has approved a route from Constantine and Biskra, in Algeria, across the desert to Lake Tchad. This route is by way of Timassininss and Amguid, and tarverses the Tonarego country. Its length is given as 2,000 miles.
